RDA ---> The Russian Districts Award (RDA) Programme Committee "has made a decision to completely switch to automatic issuance of RDA diplomas starting from January 1, 2021. For that, all the participants' data will be accumulated on the RDA Auto Credit Server (https://mydx.eu)". It is possible to upload scans of QSL cards, as "this is the most convenient way to get those RDAs confirmed for which we haven't been able to get electronic log, but you have a QSL in the bottom of your drawer": detailed instructions can be found on http://rdaward.org/press19_eng.htm.

QSO TODAY VIRTUAL HAM EXPO ---> The second Virtual Ham Expo organized by "QSO Today" will be held on 13-14 March on a live virtual reality platform that simulates a full convention experience. Attendees will have the opportunity to listen to and engage with 60+ speakers, take part in live virtual kit building workshops, walk through the exhibit hall, watch new product demos and interact directly with booth staff. The QSO Today Ham Expo will run for 48 hours as a live event, then it will be available on-demand until 12 April. See https://www.qsotodayhamexpo.com/ for registration and other information.
