Access to the main functions of www.425dxn.org is provided by the 425DXN App for Android. It is available on Google Play - free of charge, no ads. Enjoy!

CLUB LOG'S MOST WANTED LIST ---> The latest Most Wanted List, generated on 31 July is available at https://secure.clublog.org/mostwanted.php. The information is derived from QSOs uploaded to Club Log (currently 443.5 million log entries available for analysis) and, to improve quality, only

QSOs that have QSLs confirmed are considered to be worked. The most wanted charts are rebuilt once per month, on average.

HAM RADIO 2017 LECTURES ---> The Powerpoint slides with synchronized audio of the keynote speeches and other lectures delivered at Ham Radio 2017 (Friedrichshafen) are now available on DokuFunk (the Documentary Archive for the History of Radio Communication and Electronic Media): go to http://www.dokufunk.org/ and click on Horsaal/Lecture room.

OCEANIA DX CONTEST ---> This year's Oceania DX Contest will take place on 7-8 October (SSB) and 14-15 October (CW). Both events start at 08.00 UTC on Saturday and end at 08.00 UTC on Sunday. Complete details, including the 2017 rules, plus results, soapbox comments and records from previous events, can be found at http://www.OceaniaDXcontest.com. [TNX ZL2IFB]

PIRATE ---> Dom, 3Z9DX is not in North Korea, and all recent cluster spots for P5/3Z9DX are fake. He is currently "concentrating on other projects for later this year and 2018", and does not expect to return to DPRK anytime soon. [TNX DX World]
