14.265 MHz ---> DXers should note that the FCC has declared a communications emergency to support the Honduras disaster relief effort. Under the order, which was isssued on 10 November, amateur radio stations are required to refrain from using 14.265 MHz (+/- 3 kHz) unless they are taking part in the handling of emergency traffic.

BHUTAN ---> Jim Smith, VK9NS, who was planning to go to Bhutan in late October/early November, reports he has "reluctantly decided to postpone my planned travel for the time being for several reasons. We have had major problems on Norfolk in the last two weeks involving air travel to and from the island. (...) There will be some disappointment at this decision however as you are aware this planned visit to MOC was not intended to be a DXpedition but rather a means of getting things organized for the near future. (...) We will return to Bhutan as soon as it is practical to do so and when I can travel to Bangkok more easily". [TNX OPDX Bulletin]

D68BW ---> Hermann, DJ2BW logged 8252 QSOs on the nine HF bands during his recent operation as D68BW from Comoro Islands (AF-007). QSL via DJ2BW either direct (Hermann Samson, Tannenweg 2, 54317 Osburg, Germany) or through the bureau.

QSL CX5C ---> Jorge, CX6VM reports he is not the QSL manager for CX5C [425DXN 392]. This could have been "a miscopy of my callsign during the contest or a pirate", as Jorge's contest call is CX5X (QSL via W3HNK). We apologize for any inconvenience this may have caused our readers.

QSL KH0AS ---> Jim Sladek, WB4UBD is the *new* QSL manager for Mike, KH0AS. Those who have not received their direct cards should not resend at this time, as Jim expects to have the backlog in the mail by mid-November. Please note that if you have submitted cards to Mike via bureau, he probably never received them, as there is no Incoming Bureau for KH0. [TNX WB4UBD]

QSL TG9IGI ---> The *new* QSL manager (direct and bureau) for Germano, TG9IGI is Mario Ambrosi, I2MQP. Germano is reported to be preparing his station for RTTY activity. [TNX IK2NCJ]

QSL UU5J ---> Amateurs from Japan only can send their requests to JA6UBK, whose correct address is: Kouichi Ohba, 103 Daitoh Blg., 308 Yakuin, 2-4-5 Chuou Ku, Fukuoka City, 810-0022, Japan. [TNX UU2JQ]

QSL MANAGER NEEDED ---> The Crimean Contest Club (UU5J) is looking for a QSL manager in the US who can print and handle bureau and direct cards for contacts made with stateside amateurs. Please get in touch with Rusty, UU2JQ at nik@expl.cris.net

QSL VIA K1WY ---> In an effort to speed up QSL returns and to reduce the cost of QSLling, the K1WY DX Association (P.O.Box 2644, Hartford, CT 06146-2644, USA) now has an office in Europe:. The K1WY DX Association, P.O. Box 90, Eeklo 9900, Belgium. Stations managed by the Association are: 5R8ET, ET3BT, GI3MUS, GI6YM, K1WY, KW1JY, ON4CAT, ON9CAT, P29CC, S21J, TF7GX, TF8GX, UA0AOZ, UA0DC, UA0ZBK and ZL3KIM. [TNX K1WY]

QSL VIA VE1JS ---> Those who worked VE1JS or VE1YDX (NA-127) in any IOTA

contest should note that John's *new* direct QSL address is: John Scott, General Delivery, Sandy Cove, NS, Canada B0V 1E0. [TNX VE1JS]

QSL VIA W3HC ---> Mac, W3HC reminds that amateurs sending multiple cards in one envelope with one SASE should be patient and wait until he gets all the QSLs from the printer: "One person sent six cards", Mac reports, "and I have all but one so he must wait until that one card is printed". Mac ha recently added a "Photo Album" to his web site at www.qsl.net/w3hc

QSL VIA WA3HUP ---> Mary Ann Crider, WA3HUP (2485 Lewisberry Rd, York Haven, PA 17370, USA) is the new QSL manager for Ezzat, SU1ER (SU1JOTA, SU0ERA, SU8LXR). [TNX The Daily DX]

ST. PETER & ST. PAUL ROCKS 1999 ---> JA4MRL will be joining PT7AA, PS7KM and WX5L in the March 1999 DXpedition to St. Peter and St. Paul Rocks (SA-014) [425DXN 387]. They plan to operate as ZY0SP (on SSB and RTTY, QSL via PS7KM) and ZY0SZ (on CW, QSL via PT7AA) on all bands for 12-14 days, 24 hours a day, with an emphasis on RTYY and 160, 80, 40 and 6 metres. This DXpedition, which is organized by the Natal DX Group, is likely to be the last chance to work this DXCC entity and IOTA group for many years to come, as the Brazilian Navy and the Brazilian Institute for the Environment are going to restrict the access to the islands. The total budget for the DXpedition is around US$ 11,000: contributions from the DX community will be highly appreciated and can be sent to either PS7KM, WX5L or JA4MRL. [TNX PS7KM]
