PART THREE

***** GOOD TO KNOW *****

9U/F6FHI & 9Q5FHI QSL ---> Gerard, F2VX is the new QSL manager of 9U/F6FHI and 9Q5FHI: he already has the logs on computer for these two stations starting from November 1995 and now he is waiting for old logs. Every QSO will be confirmed automatically via bureau. Those who have already sent a direct request to F5FHI can write a note (without sending contribution) to Gerard, and he will ask F5FHI to verify the data.

9X/SM5DIC QSL ---> Leif, SM0BFJ is the QSL manager of Gus, 9X/SM5DIC (Leif cannot answer via bureau, therefore QSL direct).

ARIZONA DX ASSOCIATIONS --> Boards of Directors for 1996 of the Southern Arizona DX Association and of the Central Arizona DX Association include respectively Larry Pace, N7DD (President), Russ Jordan, N7BSA (Vice President), Karen Sasek, WA0NNC (Secretary/Treasurer); Gary Capek, K8BN (President), Frank Smith, AH0W (Vice President), Paul Playford, W8AEF (Segretary), Fred Hules, N7PNK (Treasurer).

BV9P QSL ---> Steve, KU9C (helped by Ralph, K2PF) wants to send all the requests for Pratas not requiring deep searches in the logs within 29 February. Cards sent by Steve (four sides with many pictures) will be the only valid for DXCC and will be used to confirm contacts with the three operations made from Pratas until now.

DJ5CQ QSL ---> Rudi, DK7NP has replied all the direct requests for the past operation by DJ5CQ and now he is sending the cards via the bureau (about 2000

in January and February).

F00CW/A & F00CW/M QSL ---> Gerard, F2VX has the logs for the F2CWs activity of the past years. The address is: Gerard Debelle, 4 Le Haut d'Yvrac, Yvrac, F-33370 Tresse, France.

NORTH KOREA (DPRK) ---> The OH2BH/VR2BH's team is still working to activate P51DX and to promote a permanent amateur activity in North Korea. After a North Korean delegation visit at the Peking Convention, a great amount of donated stuff has been made to DPRK Amateur Radio Association. The DPRK project involves directly the CRSA, in the person of BA1HAM, based on good terms between North Korea and China.

HC10T/HD10T/HD90T QSL ---> Due to W2KF's death, Ed, KG8CY is the new QSL manager for Pedro.

HEARD ISLAND ---> Tony Deprato, WA4JQS/VP8BZL, founder of the South Sandwich Island Antarctic DX Group (SSIDXG), reports that, due to reorganizing the expedition to Heard Island by KK6EK and ON6TT team and the impossibility to make a joined activity, the SSIDXG decided to step aside. The SSIDXG planned to activate Heard Island for three weeks starting from 2 December 1996. Among the reasons that induced the SSIDXG to renounce is the impossibility, by the international DX community, to supply enough contribution to two expeditions particularly expensive and with the same goal.

KH2S/KH0 ---> Last week Jun, JH4RHF and Zorro, JH1AJT were active from Saipan with the call KH2S/KH0. It was a business trip but they spent some hours on the radio. Contacts (about 500) were made in CW and SSB, on 40 and 80 meters. QSL via JH4RHF.

NEW UNITED KINGDOM PREFIXES ---> Starting from 1 April the calls for the new UK amateurs will have the M prefix (England), MW (Wales), MM (Scotland), MI (Northern Ireland), MD (Isle of Man), MU (Guernsey), MJ (Jersey). The first one is M0AAA, issued to the Reading and District Amateur Radio Club (for the Reading Novices Amateur Aerial Association). Starting from 1 April it will be used the club version of the call (MX0AAA). The special prefixes for the radio clubs will be: MX (England), MC (Wales) MS (Scotland), MT (Isle of Man), MN (Northern Ireland), MP (Guernsey), MH (Jersey).

PALMYRA ---> The Fullard-Leo family is selling the Palmyra atoll to a NYC firm for an amount between 36 and 50 million dollars. (TNX OPDX)

FORMER USSR, QSL BUREAUS ---> Waldemar, DK3VN reports the addresses of the QSL bureaus of the ex-USSR republics:

UA: Box 59, U.R.R., c/o RZ3AZO Moscow 105122 Russia

R1MVI QSL ---> It seems that QSLs for R1MVI and OH2BU/MVI activities from Malyj Vysotskij (September 1995) will be sent in mid March.

R0MIR ---> QSL goes to RV3DR: Sergej Samburov, Space MIR QSL Manager, P.O.Box 141070, BOX 73, Kaliningrad-10 city, Moscow Area, Russia.

T94EU QSL ---> N2MAU (Stephanus Busono, 5235 Fiore Terrace #410, San Diego, CA 92122, USA) is the QSL manager for Boris, T94EU one of the most active stations in Bosnia-Erzegovina.
