PORTUGUESE ISLANDS PLAQUE
==========

The Portuguese Islands Plaque (P.I.P.) program aims to increase the interest in the CT, CU and CT3 Islands.
The Portuguese Islands Plaque is issued to any licensed amateur station and SWL presenting proof of contact with a MINIMUM OF 50 Portuguese Islands on HF, any band, (SSB, CW and Mixed), since 01 January of 1985.
There is no connection between this program and the DIP, nevertheless until 23 of June 1996 the references for both programs stand the same, with the single diference that a "P" is added on the reference. Eg. The DIP Ref' for Insua Island is MI-001,for the Portuguese Islands Plaque will be MI-001P
After the mentioned date, new islands can be added to the program if a new reference is requested to the Plaque manager.
Note that a new Island must qualify under the Portuguese Islands Plaque rules
An application must be accompanied by the Plaque fee and a certified list of the confirmed Islands, this list must show the Date, Hour, Freq., Mode, Call, Island Ref' and Island name. The list must be certified by an Amateur Radio organization or by two Radio-amateurs, in any case the Plaque Manager can request the QSL cards for verification, if needed.
The Plaque is made of Mahogany wood with metal applications.
The Fee, including first class Airmail charges and expenses is of US$50.
All Applications must be sent to the P.I.P. program manager:
CT1FMX, Jorge Santos, P.O.Box 189, P-2562 Torres Vedras, Portugal
