ARCALA EXTREMES ---> "The world's northernmost contest alliance is ready with a mission and team to be part of this year's CQWW SSB battle. Just this week they will be augmenting their already impressive firepower with a 100-meter (330 ft) massive rotating tower going up adorned with a full-size 3-L 160M beam and 5-L 80M beam which they claim to be the first of their kind.

This marks the team's latest frantic effort to boost the signal from the worst propagation region in the world. You can visit them at <http://www.radioarkala.com/>

While OH8X will be operated by Marko, OH4JFN, their sister stations CU2A (Azores Islands) and TC4X (Asian Turkey) will be operated by Toni, OH2UA and Pertti, OH2PM respectively while OH0E (Aland Islands) will be manned by Ville, OH2MM and CN2B (Morocco) by Martti, OH2BH.

+ SILENT KEY + "Paolo Cortese, I2UIY, has too many Top 10 finishes to list. Off the air, he served for more than a decade as the HF Contest Manager for Associazione Radioamatori Italiani, Italy's national Amateur Radio association and IARU Member-Society. Cortese wrote a book on contesting and has been a member of the CQWW Contest Committee since 1990, co-director of the CQ WW RTTY DX Contest and CQ WPX RTTY Contest since 2005". This was the reason for Paolo's induction into the CQ Contest Hall of Fame in May 2008. Above all, Paolo was one of our best friends, and we are devastated by the news - unfortunately not unexpected - of his untimely passing on 12 October after a short illness, at only 48 years of age. We will miss his brilliant mind and witty sense of humour, his wide knowledge and versatile intelligence. Rest in peace, Paolo, and thank you for your friendship.
