XZ - The first group of XZ1N operators [425DXN 390] will arrive in Yangon on 20 November and expects to be on the air by the 21st; the second group will arrive on 27 November just in time for the CQ WW CW DX Contest. Four HF stations will be operating and an array of over ten antennas will be in place on the hotel roof (100 feet above ground). Operations on 160 metres will be throughout the expedition with an entry in the ARRL 160 Meter Contest. There may be an extension of the 160 metres operation for another week past the official end date (6 December), if permitted. Look for XZ1N on the usual DX frequencies (in addition, especially on the higher bands, an effort will be made to listen in the General Class portion). Two pilot stations will synthesize your comments and feedback and forward it to the team: Dick Wolf, N6FF (n6ff@snowcrest.net) and Richard

Briggs, WA7MTF (wa7mtf@intrepid.net). QSL via W1XT. Further information on the DXpedition is available on the Internet (see "News from the Web" below) [TNX NA7DB]
