>>> KING HUSSEIN OF JORDAN, JY1, SK <<<

The late King Hussein's role in the Middle East is well known all over the world. However, amateur radio enthusiasts, even those who had the honour of working JY1, may ignore that His Majesty's support "was invaluable to us in obtaining new amateur bands [namely 12, 17 and 30 metres] at the 1979 World Administrative Radio Conference: Jordan's support of the Amateur Service was much in evidence at the conference that fall, and was a crucial element in our success." (David Sumner, K1ZZ, ARRL Executive Vice President). While the world mourns the death of the ruler, we mourn the loss of a friend who believed in Amateur Radio.

BOUVET ---> Reidar Bo, LA4BN (President of LA-DX-GROUP) reports that the Norwegian Polar Institute has just issued a discussion document concerning a proposed new legislation on the island making it more difficult or maybe impossible to mount future DXpeditions. The new legislation would prohibit any amateur radio activity from Nyroeysa (i.e. the only Bouvet area suitable for DXpeditions) between 1 November and 15 March (i.e. the time frame suitable for DXpeditions) and restrict helicopter use between 15 March and 1 May. The LA-DX-GROUP and the Norwegian Radio League (NRRL) have been invited to voice their opinion: "We need as many responses as possible before February 15, Reidar says. "Please help us with all positive arguments for allowing amateur radio activity on the island in the future." Reidar's fax number and e-mail address are +47 22 27 56 20 and rboe@c2i.net

postage, have been processed, labeled and mailed. If you do not receive your card within a couple of weeks, please contact Roberto (rdiazg@nexo.es). Logs are available at http://www.qsl.net/ea4dx/3D2DXlog1.htm [TNX EA4DX]

QSL 4U1 ---> Masahiro Miura, AJ3M operated from 4U1VIC in Vienna on 28 January and from 4U1ITU in Geneva on 5-7 February. Please note that Norbert says he will not be able to confirm QSOs before early April. [TNX LX1NO]
