INTERNATIONAL CONTEST/DX MEETING ---> The 6th annual International Contest /DX Meeting, organized by Contest Club Finland (CCF), will take place in Helsinki, Finland on 21-22 January 2000. For further information visit http://www.contesting.com/ccf or contact Pasi, OH2IW at OH2IW@sral.fi

QSL 9U5D ---> The following comes from the QSL manager, SM0BFJ (Leif Hammarstrom, Birger Jarlsgatan 38, SE-114 29 Stockholm, Sweden): "Those who request QSL from 9U5D and enclosing IRC must be aware of that the cupon must be postmarked at their post office otherwise it is not valid in Swedish post office."

QSL VIA I5JHW ---> Giovanni, I5JHW reports ALL of the cards for his past operations from Tunisia (some 24,000 QSLs) have been sent out either direct or through the bureau. He was active on 28/04-04/05/97 (3V8BB and TS8ZA during ARI Contest), 25/03-30/03/98 (3V8BB and TS5I during WPX Contest), 01/05-04/05/98 (3V8BB including ARI Contest), 11/12-14/12/98 (3V8BB including ARRL 10 Meter Contest), 05/03-07/03/99 (3V8BB including ARRL DX Contest), 30/04-02/05/99 (3V8BB including ARI Contest) and 19/06-21/06/99 (3V8DJ from Jerba Island, AF-083). Please refrain from sending requests for contacts made during other activities, as your card will be trashed.

NOT NA-076! ---> Luis Chartarifsky, XE1L reports with apologies that the W4T operation during the 1999 IOTA Contest took place from Treasure Island, FL located at 27.52N. This means the island counts for IOTA group NA-034, and not for NA-076 as announced on the air and printed on the QSL card.

THAILAND (LOW BANDS AND WARC) ---> The following comes from Ray Gerrard, HS0/G3NOM: "Many queries are being received by Thai stations regarding 160/80 metres and WARC band operation. The authorities in Thailand have not yet completed implemention of the WARC band agreements on 10, 18, and 24 MHz

bands. Normally the 160/80 metre bands are not permitted for use by Thailand stations either. However the Radio Amateur Society of Thailand (RAST) obtained special permission to use 80/160 metres for any contest during 1999. The frequencies allocated are really only suitable for CW contests but can be used for SSB. The frequency slots are: 3524-3526, 3534-3536 and 1824-1826 KHz".

+ SILENT KEY + The ARRL reports the passing of Frederick O. Hammond, VE3HC on 7 November at 86 years of age. An amateur for more than 70 years, he was elevated to the Canadian Amateur Radio Hall of Fame in 1996. Recently his collection of vintage amateur equipment was reorganized and reopened to the public to continue his vision of preserving the history of radio for present and future generations. The Kitchener-Waterloo Amateur Radio Club has posted additional information about Hammond at http://www.kwarc.org/fred/ [TNX ARRL Bulletin]
