GOOD TO KNOW

8R1WD I "Following on from my recent e-mail informing of the passing of Peter, 8R1J", says Phil Whitchurch (G3SWH), "some helpful soul has taken it upon himself to amend the entry on QRZ.com to show that Peter, 8R1WD had become a 'silent key'. To quote Mark Twain, reports of Peter's death are very much exaggerated and neither was he too pleased to learn of his passing!" Phil has managed to get the entry on QRZ.com corrected.

ADXO ENHANCEMENT I Bill, NG3K (Bill@ng3k.com) recently made a functional improvement to his ADXO (Announced DX Operations) listing (<http://www.ng3k.com/Misc/adxo.html>). Active DX operations now include a link to the DX Watch spot database. The link is located beneath the call sign in the Call field for most active DX operations listed in ADXO. A user clicking on [spots] will view a real-time list of recent DX Cluster spots for the call in question. DX Watch (www.dxwatch.com) is an innovative second generation DX spotting application that integrates data from packet cluster, qrz.com, and 425 DX News.

ANTARCTIC CRUISE I Mehdi Escoffier, F5PFP says the amateur radio Antarctic cruise [425DXN 866] is confirmed to take place between 18 February and 17 March 2009. If interested in participating in this adventure, please e-mail Mehdi (F5pfp@aliceadsl.fr) or visit <http://f6kdf.ath.cx/f5nod/> [TNX F5PFP]
