>>> Carlos Luis Caceres, KD4SYB, SK <<<

Gregorio Caceres (KA4UXJ) reports his 33-year old son Carlos Luis, KD4SYB (as well as Pero Simundza, 9A4SP, see 425DXN 488) was one of the three UNHCR (United Nations High Commissioner for Refugees) staff members who were murdered in Atambua, West Timor during a militia assault on 6 September. In his last dramatic e-mail (TNX ON6TT) Carlos wrote: "The militias are on the way, and I am sure they will do their best to demolish this office. [...] We are waiting for this enemy, we sit here like bait, unarmed, waiting for wave to hit. I am glad to be leaving this island for three weeks. I just hope I will be able to leave tomorrow." Please visit and sign the Memorial Guestbook for Carlos at http://www.qsl.net/kd4syb

3B6 - The preparations for the 3B6RF DXpedition to Agalega [425DXN 481] are in their final stages. HB9JAX and HB9FMU have been forced to cancel the trip, but four other operators (namely 9A4DU, CT1AGF, G4EDG and DL6UAA) have joined the team. The aim of the expedition is not to make as many QSOs, but to work as many different calls as possible. "Since Europe and Japan are simple to work", HB9FMU reports, "we will give priority to North and South America during the openings to these parts of the world. In addition to that we would also like to focus on the West Coast". This will be an all-band all-mode (CW, SSB, RTTY, PSK 31, 6 metres, Satellite) operation: for further details on operating plans, propagation charts, announced frequencies etc please visit www.agalega2000.ch (where on-line logs will be available as well). The pilots will be HB9HFN, Cedric (cedric@baechler.cx) for Europe, NF6S, Larry (larry@home.com) for USA, JA3LDH, Yasu (ja3ldh@tcct.zaq.ne.jp) for Japan and PT7BI, Daniel (mdmassun@fortalnet.com.br) for Brazil, while Kurt, HB9MX will be the pilot coordinator. QSL via HB9AGH either direct (Ambrosi Fluetsch, Lerchenweg 29, CH 8046 Zurich, Switzerland) or through the bureau. Please note that the minimum requirement for airmail (up to 20 grams, i.e. 2 QSL cards) is 2 IRC or 2 US$. Last but not least, just to avoid misunderstanings and disappointments: 3B6 will NOT count as a new DXCC Entity! [TNX

HB9FMU]

He hopes to be QRV around 25 September, but the actual date will depend on the schedule of the supply ship he will take. He will operate as FO0DEH (mostly SSB on the higher bands), probably using a battery as there is no electricity on the island. Marcel will be on Hereheretue for around one month, then he will go back to Tahiti and possibly (but it will depend again on the ship's schedule) to Maupihaa (OC-057). His trip will end on 25 November. QSL via ON4QM (Marcel Dehonin, Eversestraat 130, B-1932 Saint-Stevens-Woluwe, Belgium). [TNX ON5KL]

A51AA ---> The following comes from The Daily DX: "The French A52FH team from the Clipperton DX Club installed the radios and antennas for the first Bhutanese Radio Amateur Club station, A51AA, which came on the air for the first time September 12th. It is the goal to make A51AA a full-fledged club station, which will encourage young Bhutanese people to become familiar with electronics, telecommunications and ham radio. This station will also act as

an operation site for guest operators coming in from abroad (see http://www.sophun.com.bt for more information). QSLs go via F2VX until a more permanent QSL management arrangement can be made."

CRIMEA AWARD ---> It is for contacting amateur radio operators from Crimea (UU, UT#J, EM#J, EN#J, EO#J) and it is open to either licenced amateurs and SWLs. QSL cards are not required. The certificate can be seen at http://www.omnitel.net/ly1ds/crimea.jpg; for full information please contact Rusty, UU2JQ at uu2jq@packet.crimea.ua

QSL 3W7CW ---> Cards are expected to be ready on 7 October. Then Adam, SP5JTF will begin immediately to send cards out (some 1000 envelopes received so far). [TNX SP5EWY]

QSL VIA VK9NS ---> It has been said and repeated for years, but still there are too many people who seem not to understand that Jim DOES NOT ACCEPT BUREAU CARDS. In other words, do not use the bureau system for QSLling VK9NS or any of the calls he manages, because (1) not only you will never receive a reply from Jim, but also (2) you are causing problems to the VK9 Bureau Manager (currently Neil, VK6NE). Cards for VK9NS must be sent DIRECT ONLY with SASE and return postage to P.O. Box 90, Norfolk Island, NI 2899, Australia.

QSL YB0RP ---> Gene, W2FXA is the QSL manager for Rep, YB0RP and reports he can confirm contacts made up to 2 september 2000.
