He has a website at www.zs8m.com and sends information and pictures to <http://sawweatherobserver.blogspot.com/search/label/Marion%20Island>

Approaching Marion Island

GOOD TO KNOW

3W6C • The 3W6C team on Con Co (AS-185) had to turn off the CW and the SSB sites on 13 April at 5 UTC "due to security political reasons". They have been back on the air again since 5 UTC on 14 April, with two stations (CW and SSB, 40-10 metres) located at the HQ site, which only permits a limited antenna layout. Follow the updates at www.3w6c.qrv.ch

CHINA EMERGENCY • The Chinese Radio Sports Association (CRSA) has asked that the frequencies of 7050 kHz and 7060 kHz be kept clear for emergency amateur radio communications following the recent devastating earthquake in Yu Shu district, Qinghai province. [TNX www.southgatearc.org]

INTERNATIONAL MARCONI DAY • Organized by the Cornish Radio Amateur Club, G4CRC/GB4IMD, the International Marconi Day (IMD) is a 24-hour amateur radio event held annually to celebrate the birth of Guglielmo Marconi (25 April 1874). It is not a contest, but an opportunity for amateurs around the world to make contacts with historic Marconi sites using HF communications techniques. This year's event will be held on 24 April, from 00.00 UTC through 23.59 UTC. Details, including information on the relevant Award Certificates and the listing of participating stations, can be found at www.gb4imd.org.uk

JAN MAYEN 2011 • The team for the 4-16 July 2011 expedition to Jan Mayen [425DXN 982] includes EI6FR, HB9ASZ, K6WH, NI1L, OH2TA, SQ8X (team leader), SQ9C, SQ9DIE and SV2KBS. Complete details will be given in due course. [TNX DX World]

JW5E • After the accidental death of Mathias (JW5NM), his widow Inger, JW8KT, is prepared to continue making the JW5E-hut available for guests of the club and contest station JW5E. If interested to rent the hut and station you can contact Inger via e-mail (ibjerr@online.no).

MY SUMMIT • DX Summit has added a new application ("My Summit") available to registered users. The new function establishes "a new two-way personalized channel from you to DX Summit", and enables users to specify what DX information (e.g. needed callsigns, DXCC Entities, bands, modes) they would like to receive and to be alerted when it appears. Details and instructions can be found at www.dxsummit.fi

NCDXF • At its annual board meeting at the Visalia International DX Convention last weekend, the Northern California DX Foundation elected two new directors (Kip Edwards, W6SZN and John Miller, K6MM), bringing the board compliment back to eleven members. W6OAT and K6ANP recently retired after many years of dedicated service to NCDXF. [TNX W0GJ]

NEW BOOK • Idiom Press has announced the forthcoming publication of a new book by Bob Locher, W9KNI (the author of "The Complete DX'er"). It is entitled "A Year of DX" and it follows Bob as he makes an all out effort to win the 2008 running of CQ Magazine's DX Marathon (a year long operating event during which a contestant works as many countries and CQ zones as possible, any band or any mode). The book also contains discussions of what DXing is all about, the possibilities of DXing in low sun spot periods

contributed by KF7E, a chapter on optimizing your SSB transmit audio by K7JA, a discussion of what is the ideal linear amplifier, and much more. Book publication is 1 May, but advance orders are being accepted now at <http://idiompress.com/yearofdx.php> [TNX W9KNI]

NOT THE MANAGER • Yuri Sinitso (UA1RJ) says that effective 31 March he is no longer the QSL manager for a number of "World Flora Fauna" operations conducted between 22 August 2008 and 13 August 2009 (RA3AUU/3, RW3GW/3, UE1RFF/#, UE1TFF, UE1ZFF, UE3FFF and UE9WFF/#), as well as for UA9XKB/FJL (September 2006 - September 2007). Any question should be addressed to RW3GW (rw3gw@mail.ru). [TNX UA1RJ]

PACIFIC 2009 • Gerben, PG5M operated from Fiji (3D2GM), Tuvalu (T2G) and Tarawa (T30GM) in September 2009. A detailed article on that experience ("Pacific 2009 Ultra Light Solo DXpedition"), including pictures, statistics and useful information, is now available for download from www.dx.to [TNX PG5M]

PACIFIC ODYSSEY • Alex, UT5UY says that preparations for the forthcoming DXpedition [425DXN 984] are going "very fine". The Pacific Odyssey will include activity from Samoa as 5W00X (18-19 May), Central Kiribati as T31X and T31UR (22 May-1 June) and Tokelau as ZK3X (2-6 June). All QSLs via UR3HR, direct or bureau. Financial assistance is being sought to help offset the costs; please visit www.uz1hz.com/pacificodyssey.html for further information.

FM4KA • Effective immediately, NI5DX is the QSL manager radio club station FM4KA (www.fmhamra.com) in Martinique. All QSL requests for contacts made with the club station in the past or in the future should be sent to NI5DX. Buzz is waiting for past logs to be sent. CCards will either be shipped to Buzz from Martinique or will have to be printed. [TNX K1XN]

K4M • Approximately 5000 QSLs were mailed on 26 March. This represents QSL requests received by 15 March, those received after that date are being processed daily. QSLs mailed included those received via regular mail and OQSL. The OQSL feature will continue to be available for approximately 3 more months. QSLs received that have problems - such as "Not in Log", incorrect postage, no

postage, no SAE, separate card request, or any other issue - have not been mailed and are being processed. Bureau QSLs will be mailed at some point in the future after the major amount of direct requests are processed. A special e-mail request feature (midway2009QSLs@gmail.com) has been set up to answer any inquiries. Please refrain from using it until 15 April, to allow the team to process all requests on hand. [TNX N1DG]

SABLE ISLAND 2010 ● "As we work toward a mid-October operation", Randy (N0TG) says, "details with regard to personnel transportation as well as partial equipment shipment a few weeks in advance is being planned. As is the case for many DXpeditions, finances become a challenge. Individual donations to assist the DXpedition will be appreciated. The Home Page of the website (www.cy0dxpedition.com) includes a PayPal Donate button with several country currency choices. All individual donors callsigns will be listed in order received on the website".

SOUTH ORKNEYS 2011 ● The Microlite Penguins DXpedition team (9V1YC, I8NHJ, K0IR, K9ZO, N0AX, N1DG, N4GRN, N6MZ, ND2T, VE3EJ, W3WL, W7EW and WB9Z) will be activating the South Orkney Islands (AN-008) from 27 January to 8 February 2011. Safe and reliable Antarctic transportation has been secured by the experienced RV Braveheart, and activity will be on all HF bands 160m-10m using SSB, CW and RTTY. "Those who have enjoyed our operations over the last 8 years", they say, "may recall that our methods and philosophy are somewhat different from other DXpeditions. Though our overall goal is still to provide a new DXCC entity on as many bands and modes as possible, we also strive to increase the fun factor by focussing on operational simplicity and radio skill. In the past we kept the Microlite Penguins DXpeditions non-commercial and confined the financial burden to ourselves and a single sponsor, the NCDXF.

But today, with the astronomical cost of Antarctic travel and a budget approaching USD 300,000, this single-sponsor approach is no longer a reality. To make this DXpedition happen, we must break our tradition and ask for support of the entire amateur radio community. All financial support, no matter what the amount will be welcome". DXers, clubs and foundations can donate online - please visit www.vp8o.com

TOP LISTS ● The latest Topband, Topmode and Toplist listings are now available at www.425dxn.org/awards/toplist/index.html. Please note that QSOs confirmed through LoTW or included in on-line logs are eligible for listing. Send send your scores, as well as any request for further information, to Erminio Pandocchi, I2EOW (i2eow@fastwebnet.it)

UK POSTAL RATES ● Postal rates in the United Kingdom have increased since 1 April. The new airmail rates are as follows:

	Europe	Rest of the world
up to 10 grams	GBP 0.60	GBP 0.67
up to 20 grams	GBP 0.60	GBP 0.97

A Price Finder on-line service is provided by Royal Mail (www.royalmail.com)

VY0V ● All's well that ends well, but Cezar, VE3LYC (VY0V) had a very tough and dreadful time while on East Pen Island (NA-231). His guide abandoned him on the island and the promised replacement guide never materialized. Some 36 hours after he remained alone on the island, Cezar had run out of fuel and supplies, the battery was running low, the rain was pouring and the wind was howling: "I decided that a Search & Rescue mission will be required", he says, "and launched a distress call". It took several hours for the rescue teams to reach Cezar at around 23 UTC on 1 April. Further information on this "eventful day", which saw many operators in Canada and the US offering their active assistance, can be found at www.grz.com under VY0V, as well as on <http://dx-world.net/>

WWROF ● The World Wide Radio Operators Foundation (www.wwrof.org) has been created as "an independent organization devoted to the skill and art of radio operating", with a focus on contesting. "We believe that amateur radio contests provide a means of testing operating skill", they say, "and that worldwide contest sponsors can benefit from the support we can provide". [TNX The Daily DX]

QSL

● Phil Whitchurch, G3SWH reports he has been appointed as the QSL manager for Alain, **5R8AL**. "The logs for 5R8AL's historic operations from 1975 to early 2010 are on paper and have not been uploaded to the ARRL's Log Book of the World", Phil says. "On-going logs will be available to me in an electronic format and will be uploaded as they become available". Details on G3SWH's QSLing policy, as well as an on-line bureau card request form, can be found at g3swh.org.uk

● Mike, EI2CL (IRTS QSL Bureau Manager) says that "significant numbers of QSLs for **EI0W** arriving at the IRTS QSL Bureau bear incorrect QSL route information. QSLs for EI0W/P (1974 and 1975 activations) are proper to EI2CL. QSLs for EI0W (2005 activations, and all later years) are proper to EI2JD".

● RN4LP is the new QSL manager for **EK6LP**. QSL direct only to Vladislav V. Lakeev, P.O.Box 208, Dimitrovgrad, 433512, Russia. [TNX RN4LP]

Geo Primavera (**I1PME**) passed away on 7 April at 77 years of age. An old-time DXer, in the mid-Eighties he was a founding member of the 425 Gang that later developed into the 425 DX News group. Other recently reported Silent keys include Cleo M. "Chris" Christensen (**AC0M**), Hans Pollak (**DJ0VZ**), Englemar Wenk (**DK1WE**), Claude Bonne (**F6DJB**), Enzo Fiorletta (**I2OFNE**), Stanley Haase (**K8VI**), Gary A. Stilwell (**K16T**), Mike Docking (**MOJMD**), Ludwik Nowak (**SP9ADV**), Leonard H. Elster (**VE3LA**), Wilson A. Brooks (**VE3OQI**), Wilbur William Lightbourne (**VP9WL**), Shailer A. Herrick, Jr (**W1NHJ**), Charles C. Richardson (**W8JQ**), Allen T. Rothschadl (**W9WAQ**) and Boyd E. Bettes (**W0EIL**).
