>>> DXCC - THE DEATH OF THE ANNUAL LIST DEADLINE <<<

The ARRL DX Century Club Program (DXCC) has announced that, effective immediately, there no longer will be a submission deadline for the DXCC Annual List. 30 September used to be the traditional cutoff date to compile entity totals for the DXCC Annual List. Under the deadline-free system, complete lists on the ARRL Web site will replace the lists of DXCC standings that customarily have appeared in the DXCC Yearbook. The new Web-based lists should be on-line early in the first quarter of 2005. After an initial posting, DXCC will regularly update the Web lists. These listings also will include the standings of all DXCC members, not just those who made a submission in the previous year, as had been the practice. ARRL will publish a scaled-down version of the DXCC Yearbook that will contain highlights of the standings, along with other features.

BARTG ---> BARTG (the British Amateur Radio Teledata Group) announces the Oceania award, the last in its series of continental awards. It is available in three classes (for 10, 25 and 45 countries), the claim can be endorsed as "All RTTY" or "All PSK", or can be mixed digital modes, and it also possible to claim single band or mixed bands. Please visit the awards pages on www.bartg.demon.co.uk for the full rules. [TNX GU0SUP, pcooper@guernsey.net]

CIS DX RTTY CONTEST ---> The Scottish-Russian ARS (srars@srars.org) sponsors the CIS DX RTTY Contest, which will be held from 12 UTC on 11 September to 12 UTC on the 12th. The objective of the contest is to establish as many RTTY contacts as possible between radio amateurs around the world and radio amateurs in the Commonwealth of Independent States (Armenia, Azerbaijan, Belarus, Georgia, Kazakhstan, Kyrgyzstan. Moldova, Russia, Tajikistan, Turkmenistan, Ukraine and Uzbekistan). Full information can be found at http://www.srars.org/cisdxc.htm [TNX MM0DFV]

RDA ---> The Russian Districs Award (RDA), sponsored by the Tambov Award Group, is available to either licenced amateurs and SWLs for confirmed contacts made with the various districts of the Russian Federation after 12 June 1991. Full information can be found at http://rdaward.org/rda_eng.htm
