>>> 425 DX NEWS * MAILING LIST PROBLEMS <<<

Owing to the growing number of subscribers, the 425 DX News Mailing Lists are having serious problems beyond our control, and there is a fairly high risk that they simply stops working. We are now working on widening the number of volunteers involved in the time consuming mailing list and web site administration, in order to provide the reliable service our readers used to enjoy. At all events, 425 DX News continues being compiled and made available on the PacketCluster and via the DX Mailing Lists. Thank you for being patient during this period of transition, and please pass the word on to 425DXN subscribers.

HS - HS72B [425DXN 675] will be activated from the SEANET Convention Hotel in Bangkok on 19-21 November.
