Detailed rules are at http://www.eu.srars.org [TNX MM0DFV]

EUROPEAN CASTLES DAY ---> The fifth edition of the European Castles Day will take place on 21 May between 6 and 16 UTC. Several stations are expected to operate from fortresses and castles in France, Belgium, Italy, Spain, Portugal, etc. Information on the event and castle award programmes can be found on Jean-Pierre's (F6FNA) web site at http://f6fna.club.fr/dfcfa2.html [TNX F6FNA]

QSL 3Y0X ---> The first batch of cards (115 pounds/52 kilograms) was sent out on 8 May. They were mailed to about 2/3 of the individuals who contributed to the DXpedition expenses AND whose cards were received through the beginning of April. Over the next two weeks, the remainder of this group of cards will be processed. After Dayton, the QSL team will resume processing the rest of the contributor cards as well as the non-contributor cards. Bureau cards will be processed at an appropriate time in the future. Please refrain from e-mailing the QSL manager (N2OO) at this time. When the cards are all processed, he will then gladly assist with any QSL issues. [TNX K0IR & K4UEE]

QSL VU4AN/... ---> Final arrangements seems to be in place for the followiong stations: VU3FRK, VU3RSB, VU3RYM, VU3RYN, VU3SIB and VU3SIC via F5CWU; VU3JLW via AA4NN, VU3RWO via N3ST, VU3PLM via IK1PMR, VU3TLY via IK1PMR. Logs can be found at http://www.dx-pedition.de/andaman2006/logs.html

QSL YX0A/YX0LIX ---> Steve Wheatley, KU9C has received the logs for the YX0A/YX0LIX operation, as well as a flood of emails relative to QSOs not being in the log, or incorrect band/mode. "You can trust that I will thorougly examine each of your QSOs against the log", he says, "and do my best to ensure that you get credit for each QSO that match the log entries. I suspect many of the issues raised in the emails will be resolved". Steve asks not to include QSLs for other stations he manages with your YX0A/YX0LIX cards, as this this will substantially delay your QSL return. Bureau cards will be honoured and logs will be posted on LOTW (even though not in the near

future).
