DX UNIVERSITY ---> The first session of DX University (DXU) will be held on 20 April at the Holiday Inn in Visalia, California [425DXN 1086]. "Over 120 'Students' have already reserved their place so we have increased the room-size. Instead of shutting out late-comers, everyone is now welcome to book their seat at this ground-breaking event, the first of its kind. But pre-registration is required and there's only three weeks to go!" Reservations can be made at www.dxuniversity.com. Please contact Wayne, N7NG (n7ng[@]bresnan.net) or Roger, G3SXW (g3sxw[@]btinternet.com) with any queries. [TNX G3SXW]

LOTW & CQ AWARDS ---> The announced target date for beginning LoTW support for the CQ WPX Award (1 April 2012) [425DXN 1082] is being pushed back to

mid-April. This delay has been made necessary by the ARRL's "decision to launch its new DXCC fee structure on April 2 and online DXCC applications on April 3. There have been no reported technical problems with the software needed to use LoTW for WPX, and beta testing of the system is planned for early April. Additional CQ awards will be added later, one at a time". Further updates will be provided when more information is available. [TNX CQ Newsroom]

PIRATE ---> The station signing T04E "from Europa Island" over the past weekend was - of course - a pirate. The genuine T04E operation dates back to 2003, and it was the last duly authorized activity from Europa. Should any legal operation took place nowadays, it would be under the FT5E prefix block.

PY0S ---> Cesar, PY2YP is collecting the logs for past operations from St. Peter and St. Paul Rocks. He uploads them to LoTW and to the log search on the dedicated page at www.py2yp.com. So far Cesar has added ZY0SW, ZY0SS & ZY0SY (May 1989); ZY0SK & ZY0SP (February 1994); ZY0SK & ZY0SG (February 1997); PS0S (August 2000).
