- 3Y0 - The MV "Atlantic Tuna" departed Cape Town around 6 UTC on 19 March, destination Bouvet Island (AN-002). Look for E51DOM/mm to be QRV during the voyage. Their camp "will be located some on the glacier at 100 ft next to their landing area in the south-east corner of the island with open view to EU/JA but mountains to the NW (USA) at a distance of 8 kilometers.
