Owing to the ongoing and fluid nature of the COVID-19 situation globally, announced activities might be postponed or cancelled at any time and without notice.

- EA - Special callsigns A05DXX (Spain) and A05DXX/8 (Canary Islands) will be active on 1-15 April to celebrate the 15th anniversary of the DXE Group. Also look for TM15DXE to be active from France during the same time frame. QSLs via LoTW only.
- OK - Special callsigns OL700CO, OL700DKO and OL700LTV are active until 31 December to mark the 700th anniversary of the Czech city of Dobruska. See <http://www.ok1kqi.com/ol700/ol700.html> for information about the award programme. QSL via Club Log's OQRS.
- SP - Commemorating the 100th anniversary of the birth of Pope John Paul II, born Karol Wojtyla (1920-2005), special event station SN100KW will be active from 1 April to 31 May. QSL via SP3PGS.
- TA - The Istanbul based Tango Alpha Ham Radio Club (YM1KE) will be active as TC1STAYHOME from 27 March to 25 May. This is a "COVID-19 Awareness Special Event" to stress the need to stay at home to avoid contagion.
- VK - VI50AWS is the special callsign for the Western and Northern Suburbs Amateur Radio Club (VK3AWS, <https://www.wansarc.org.au/>) to celebrate its 50th anniversary. The special callsign was allocated on 1 March and will be available for club members to use until 31 August.
- VK - Grant, VK5GR has announced that "following the announcement by the RSGB about the IOTA Contest [see below, Ed.] and the increasing restrictions on travel and group assembly here in Australia, the team has decided to suspend the planning for VK5KI on OC-139. Once the world returns to some sense of normality we will start replanning works". VK5KI was expected to be active from Kangaroo Island on 22-28 July, IOTA Contest included [425DXN 1499]
- VK9N - Janusz, SP9FIH says he will "have to stay on Norfolk Island for some more time", as all his flights have been cancelled. He plans to change QTH on 10 April, and to continue being QRV as VK9NK (<http://vk9nk.dxpedititions.org/>).
- XE - Celebrating the 60th anniversary of the Asociacion de Radio Aficionados de la Republica Mexicana (ARARM), 4A60A and other nine special callsigns (4A60C, 4A60E, 4A60F, 4A60I, 4A60M, 4A60N, 4A60O, 4A60S and 4A60X) will be active from 27 March to 26 July. See <https://www.ararm.com.mx/> for more information.

COVID-19 PANDEMIC ---> Travel restrictions, self-isolation and social distancing requirements as well as general health and safety issues arising from the coronavirus pandemic are affecting quite a number of operations and amateur radio events, which have been postponed or cancelled:

HC5 by DL8UD	19 March-1 April	cancelled
CQ3W	WPX SSB	cancelled
KH2KY	WPX SSB	cancelled
KH7M	WPX SSB	cancelled
NH7A	WPX SSB	cancelled
TC4PLH	WPX SSB	cancelled
YB0/JJ1DQR	WPX SSB	cancelled
Z66Y	WPX SSB	cancelled
J88PI	6-14 April	cancelled
IP1A	1-3 May	cancelled
A25VR	1-22 May	postponed to 2021
PA2020IG	9-16 May	cancelled
V6TOPG2020	June-September	postponed to 2021

VK5KI

22-28 July

cancelled

Among the cancelled events are the International Marconi Day (25 April), the YOTA sub-regional camp in Hungary (11-15 June), the Youth Contest Program at EC2DX in Spain (27-28 June) and the first IARU Region 3 YOTA Camp (planned for 1-3 October in Thailand).

CLUB LOG & FOLDING@HOME ---> As of 21 March Michael, G7VJR has allocated "100% of Club Log's computing resources to scientific research into COVID-19 proteins, as part of the Folding@Home project. Club Log is contributing 120 CPU cores (most running at 3.4GHz) to this project. I have taken the decision to give this work higher priority than Club Log's usual amateur radio functions, so you may see uploads take slightly longer. I do not think most users will notice the additional wait, but I've added a warning to the upload form inside Club Log to explain. You can get involved, too. Club Log has a Folding@Home team, number 246763. You can read more about this distributed computing project at <https://foldingathome.org/> (Coronavirus - What we're doing and how you can help in simple terms)".

HAMVENTION QSO PARTY ---> The Dayton Hamvention for 2020 has been cancelled. The World Wide Radio Operators Foundation, in cooperation with the Hamvention organizers, want to create a fun way for people to celebrate the Hamvention experience over the air: the Hamvention QSO Party. It will be held on 16 May, from 12 to 24 UTC (twelve hours), on 160, 80, 40, 20, 15, and 10 metres CW and SSB. Only single operator entries are accepted, and the exchange will be signal report + the first year you attended Hamvention (if you have never attended, send 2020). Work as many stations as possible, including W8BI (the club call of the Dayton Amateur Radio Association) which will give special bonus points. See <https://wwrof.org/hamvention-qso-party/> for detailed information. The event will be in memory of Ron Moorefield (W8ILC), who attended every Hamvention since the beginning and passed away just two days after the Hamvention 2020 cancellation announcement.

IARU REGION 1 CONTESTS ---> Radio amateurs will share the concerns of everyone about the seriousness of the COVID-19 outbreak. Governments all over the world are advising "social distancing" to slow the spread of the virus and to give health services the chance to cope.

Field days bring radio amateurs together and therefore represent an environment where social distancing is difficult to achieve. We must recognise that many radio amateurs are in the older, higher risk age groups.

IARU Region 1 therefore asks national societies which promote field days and multi-operator contests to reconsider their position on these events for the next few months of 2020. Field days are essentially team contests, and so IARU will not sponsor the Region 1 HF-CW Field Day in June. It is a matter for national societies to decide whether and how they continue with their national field day events.

IARU Region 1 believes more generally that multi-operator contests are not consistent with the principle of "social distancing" and should not be promoted at this time.

The position on other IARU events in 2020 which involve multi-operator categories is under review. [Don Beattie (G3BJ), President IARU Region 1, <https://www.iaru-r1.org/>]

INTERNATIONAL MARCONI DAY ---> Organized by the Cornish Radio Amateur Club,

(<http://gx4crc.com/gb4imd/>), this year's event was due to be held on 25 April, but it has been cancelled in the light of the concerns arising from the COVID-19 pandemic.

INTREPID SPIRIT AWARD ---> The Intrepid-DX Group is pleased to announce that this year's award goes to the Perseverance DX Group's VP8PJ South Orkney Islands team (DJ9RR, HA0NAR, HB9BXE, K3EL, K5GS, N6XG, N7QT, NG2H, UT6UD, VK6CQ, W1SRD, W2LK, W7XU and WA6O) "for their superb activation from Signy Island. This DXpedition was extremely well planned and executed from this very remote, cold and harsh island". The Intrepid-DX Group recognizes "the entire team's collective effort to activate these challenging and much needed entities on behalf of a grateful Global DX Community", and acknowledges "the team's pursuit of operating excellence in making these difficult activations". Made in memory of James McLaughlin, WA2EWE/T6AF (killed in Kabul, Afghanistan, on 27 April 2011), the Intrepid Spirit Award "is intended to recognize and honor those individuals or teams that boldly activate rare entities where their own personal safety is secondary to their pursuit of providing contacts to the DX Community". [TNX N6PSE]

IOTA CONTEST 2020 ---> "We have reached a point with COVID-19 that it is inappropriate for us to run the IOTA Contest in July 2020 in its usual format", Nick Totterdell, G4FAL (RSGB HF Contest Committee's chair) says. "We cannot encourage our participants to operate in multi-operator groups, nor to travel to island locations where visitors are not currently welcome. We would like your opinion on whether we should cancel outright or should retain a contest this year for single operator, home stations only. We are also conscious that a large number of our members are going to be spending more time at home than normal. Unable to enjoy many of our favourite outdoor contests we are proposing a series of home-based day-time contests to entertain and support one another. Both these issues are detailed in a survey which we invite you to complete. This is at https://www.surveymonkey.co.uk/r/RSGB_HFCC_2020. The survey is open until 3 April, after which the outcomes will be made public".

RI0B ---> The RI0B team made about 5,600 QSOs during their IOTA operation from Rastorguyev Island (18-22 March). The log has been uploaded to Club Log and the OQRS has been enabled: <https://clublog.org/logsearch/RI0B/AS-68>.

VP2VB ---> The recent VP2VB commemorative DXpedition (11-16 March) made some 18,000 QSOs. "We are currently reviewing the FT8 backup file for more QSOs and getting QSL card design ready for printing", OH2BH says. "It will be a 4-page, full color affair - for this special occasion. LoTW will soon follow". "Digging into the past of the first multi-hopping DXpeditioner Danny Weil, VP2VB was another rich piece of history", he adds. "Spending time at his home on Tortola, British Virgin Islands, gave us a blend of history in its original setting. Together with Austrian DocuFunk archives, headed by Paulina (OE1YPP) and Wolf (OE1WHC), and meeting with Kenneth (VP2VK) and George (VP2VQ) and the local telecom authorities placed us straight back where it all once began. We have now collected most of the material, including Danny's only existing interview: <https://www.qrz.com/db/VP2VB>.
