***** GOOD TO KNOW ... *****

CANADIAN SPECIAL PREFIXES ---> From 00.00 UTC of 26 October until 23.59 UTC of 29 December 1996, to commemorate the 60th anniversary of the Canadian Broadcasting Corporation (CBC). Canadian amateurs may use the following special prefixes in place of their regular prefixes: VA2/XM2, VA3/CJ3, VA7/VX7, VE1/CG1, VE2/CI2, VE3/CI3, VE4/XL4, VE5/XM5, VE6/VA6, VE7/XK7, VE8/CH8, VE9/VB9, V01/X03, V02/CZ6, VY1/CK5, VY2/XN2.

HONG KONG, SPECIAL PREFIXES ---> Starting on 10 September, Hong Kong radio amateurs may change the number in their prefixes to "96" (in 1996), "97" (next year) and "98" (in 1998) to celebrate the transfer of sovereignty over Hong Kong from the UK to China.

NORTHERN CALIFORNIA DX CLUB ---> On October 10, 1996 the Northern California DX Club will celebrate its 50th anniversary. There will be an award given to any DX station who submits a log showing hopescts with 50 different NCDXC members during the anniversary year. A hopesct with the NCDXC club callsign, W6TI, will count as ten QSOs towards the 50 required. Club members may choose to sign /NCDXC or /50 after their home callsigns to help identify themselves as club members. A certificate commemorating the NCDXC 50th Anniversary will be sent to those stations qualifying. The usual log information (Date, Time, Station worked & Band) should be included with the submission. Submissions should be sent to the club address as follows: Northern California DX Club, P.O. Box 608, Menlo Park, California 94026-0608, USA. Awards will be mailed out at the completion of the anniversary year (October 10, 1997).

PIRATES ---> Jean-Charles, F9JS/3A2MG is active in SSB only; the station 3A2MG active in CW is therefore a pirate.

QSL 5A1A (JULY 1995) ---> Dan, W4BRE reports that regarding Toly's (UT3UY) Ukrainian operation from 5A1A (July 1995), "Carl Smith, N4AA has now completely caught-up with all USA requests. He has now been answering requests usually on the day they as in. Exceptions: there're several discrepancies where a station's call is not in the computer for a particular band/mode, etc. but this does not mean the station is 'Not In The Log!'. Approx. 38,500 plus hopescts were entered into the computer after the return to Kiev from Libya, so it's understandable if a few didn't get entered. Carl should have his hands on the paper logs this week and hopefully will be able to resolve most cases where he cannot find someone's call in the computer". Regarding the cards sent to the original OM/LZ managers, Toly told W4BRE "that since Carl is taking care of the USA, and a JA says he is taking care of Japan, Toly is working on other countries" [editor: except Italy, whose cards are

handled by IK2ILH].

QSL 5A1A (JULY 1995) ---> In a message to Bert (DL7PR) Steve, OM3JW (QSL manager for the SSB activity) reports that "my situation as QSL mgr is not good. Till now I was envelope collector only, I could not open envelopes and all envelopes which I got are now in Kiev. I have logs and a few QSL yet and because I feel responsibility for 5A1A QSL, I send QSL everybody who tell me that he didn't QSL from Kiev (UT3UY). I know this situation is not normal, but it is not my fault. I hope, that all QSL's will be answered from Ukraina very soon".

QSL DL4XS ---> DL4XS's new address (she is the QSL manager for the operations of D68DV, D68ET and D68XS) is: Maike Stargardt, Friedrichsthal 21, 51688 Wipperfuerth, Germany (the old address in the 1996 Callbook is no more valid).

QSL DE DL4VBP ---> Patrick, DL4VBP reports that all the YM3DL requests (WPX Contest March 1996) have been sent via direct or bureau. Also the requests received via direct for the F/DL4VBP/p operations from Oleron and Re islands (EU-032, June 1996) have been sent. Patrick encourages the use of the bureau but for direct replies (remember: air mail postage is 3 DM, about 2 US\$) his new address is: Patrick Scheidhauer, Fontanestr. 134, D-60431 Frankfurt, Germany.

QSL DE I3BQC ---> Vito, I3BQC reports to have started replying to the direct requests for his operations (June 1996) as TA0/I3BQC (AS-099) and SV8/I3BQC (EU-049). The rest of the cards will be sent via the bureau within ten days.

QSL DE IK4HPU ---> Alberto, IK4HPU reports to have replied to all the direct requests for his operations from Batteria (IIA R0-007), Casone San Guglielmo (IIA R0-005), Cavalli (EU-165, IIA SS-076) and Cana island (EU-024, IIA NU-012). The other cards will be sent via the bureau.

QSL ID9/IK2DUW ---> Antonello, IK2DUW reports that the QSLs for his recent activity from Lipari island (EU-017, IIA ME-001) have been sent via the bureau.

QSL DE WA9BXB ---> Rich, WA9BXB is receiving request for TI1C, TI2CF and TI4CF QSLs, but he is not the manager for these stations. Rich is the manager for VK3MO, TI2/N9IU0, TI2IDX and TI4IDX.

VIETNAM ---> Rolf, SM5MX/XV7SW reports that, to the best of his knowledge, at the moment only five stations are regularly licensed: 3W5FM, 3W5RS, 3W6AR, XV7SW and XV7TH (XV1A is a pirate who is most likely to be located far from Vietnam). Amateur radio in the sense we know does not exist in Vietnam and the above licensees should be seen as exceptions, pending the introduction of

a fresh set of Regulations for Amateur Radio.
