## KH8SI, SWAINS ISLAND: DXCC ENTITY #337

I With the addition of Section II, Criteria Rule 1c) to the Political Entity criteria, certain former separation entities may now qualify as Political Entities. One such entity has been determined to be American Samoa. American Samoa is now a Political Entity for DXCC purposes. As a result of the reclassification of American Samoa, and upon the filing of a request and substantiating evidence, and with the concurrence of the DXAC and the Awards Committee, Swains Island has been added to the DXCC List. Swains Island, entity number 337, qualifies as the first separation entity from American Samoa, now a Political Entity. The distance between American Samoa and Swains Island has been determined to be in excess of 350 km as required by DXCC Rules Section II, Paragraph 2, Section b). QSOs made with Swains Island on or after 0001Z, July 22, 2006 will count for DXCC credit. For additional information please contact Bill Moore, NC1L ([dxcc@arrl.org](mailto:dxcc@arrl.org)).

# GOOD TO KNOW

425 TOOLBAR I Maurizio, I1-21171/IZ1CRR has created a "425 Toolbar" with several useful features - you can search a string in the 425DXN bulletins or a callsign in qrz.com or dxwatch.com, have fast links to 425DXN calendars, bulletins, magazines, old DX spots and links to DXWatch spots, plus several ham RSS feeds for news, a chat feature and more. Further information and free download at <http://425.ourtoolbar.com/> (no personal information is required).

COOK ISLANDS (PREFIX CHANGE) I Victor Rivera, ZK1CG reports that the prefix change from ZK to E5 for the Cooks Islands was officially announced in the local newspapers on 28 June. Please be advised that as of 1 July 2006 the new prefix for the North and South Cook Islands will be E5 (Echo Five), but only the first two characters will change, while the rest will remain as it is. So ZK1CG, ZK1USA and ZK1JD will become E51CG, E51USA and E51JD. Local amateur radio operators normally get 2-letter callsigns and visiting operators get 3-letter calls. [TNX K1XN and The Golist]

DXCC NEWS I YU6AO (Montenegro, operation beginning 4 July 2006) has been approved for DXCC credit. [TNX NC1L]

2006 DXCC HONOR ROLL LISTING I Due to a problem with the DXCC software a few callsigns were not shown in the DXCC Honor Roll list that was published in August 2006 QST. Although there were some errors in this computer-generated list, the on-line Honor Roll listing produced from the same database is correct. If you were on the Honor Roll between April 1, 2005 and March 31, 2006 and your callsign did not show in the QST list, contact DXCC Branch Manager Bill Moore, NC1L, at (860)594-0234 or [dxcc@arrl.org](mailto:dxcc@arrl.org). They will publish a correction in October 2006 QST. [TNX NC1L]

IOTA CONTEST LOGGER I The 14th IOTA Contest takes place on 29-30 July. SDI by Paul O'Kane, EI5DI is the only contest logger dedicated to this event, it offers many unique features and it is recommended for single-operator entrants. SDI runs on any Windows PC, and is free from [www.ei5di.com](http://www.ei5di.com) (should you have any problems, just ask [sd-user@contesting.com](mailto:sd-user@contesting.com)).

IOTA SWL CONTEST I Discontinued in 2005, it has been picked up by the Mediterraneo DX Club (SWL Section), in cooperation with the RSGB HF Contests Committee, and it will be held in parallel with the IOTA Contest (29-30 July). The "Geoff Watts Plaque", as well as a number of certificates, will be presented by the MDXC. Please visit <http://www.mdxc.org/swl> for full information (software included), or e-mail the Contest Manager Dan Rolla, I1-12387 ([iw1qla@tin.it](mailto:iw1qla@tin.it)).

LAKSHADWEEPS 2007 I After the successful activity from the Andaman Islands, India's National Institute of Amateur Radio ([www.niar.org](http://www.niar.org)) is now planning a DXpedition to take place from the Lakshadweep

(Laccadives) Islands, VU7, on 15-25 January 2007. Further information is expected in due course from NIAR HQ.

PIRATES I Emanuela, IZ2ELV reports he is receiving cards for ST/IZ2ELV (a pirate) and TT1ENI (ditto). Save your time and money; she is the QSL manager only for her own operations as 8Q7LY (2002).

QSL 3V8SM I Thanks to DL1DBF's help and support, Daniele, IK0REH operated CW only from 3V8SM (Djerba Island, AF-083) between 18 June and 2 July. The QSL route for this activity is via the Tunisian QSL bureau. On-line log and a few pictures can be found at [www.aricdc.it/3v8sm](http://www.aricdc.it/3v8sm). [TNX IK0REH]

QSL EM5F I Nick, UX0FF reports that all of the contacts made by EM5F (EU-182) in 2005 have been confirmed direct or via the bureau. Those who still need a card can send their request to Nikolay Lavreka, P.O. Box 320, Izmail, 68609, Ukraine or (for bureau cards) to [ux0ff1@izmail.uptel.net](mailto:ux0ff1@izmail.uptel.net)

QSL IF9FI I Rino, IT9FX reports that all of the direct requests received so far have been processed and mailed. Future direct requests without sufficient return postage will be replied to via the bureau. Please see 425 DX News #788 for the new Italian postal rates (effective 1 June 2006).

QSL UE1RLH I The QSL manager for UE1RLH/1 and UE1RLH/2 lighthouse operations is RA1QY, direct (Alexey M.Morozov, P.O. Box 24, Cherepovets 162611, Russia) or bureau. [TNX RA1QY]

I NOT THE MANAGER I

I Goran, YZ1SG says he is receiving bureau cards for 4K4K and 4K60K, but he is not and has never been the QSL manager for those stations.

I Joe, AA4NN (manager for the W4 incoming QSL Bureau single letter prefixes) reminds readers that W4AO is not the manager for OD5NH, N4QB is not the manager for A61AJ and N4BP does not want QSL cards.

+ SILENT KEY +

WRTC 2006

MONITORING SYSTEM I Thanks to Veijo Kontas, OH6KN and Risto Lund, OH3UU, you will be able to watch the 2006 Amateur Radio Olympics live at your computer - just click [www.hagasoft.com](http://www.hagasoft.com)! The Contest Club Finland (CCF) team are in Brazil to run the system. Each of the 47 competing teams will release their scores at hourly intervals and the ranking will appear on your computer screen along with historical data. The referees at each station use a Nokia sponsored 6301i cell phone and its text messaging (SMS) function to get the scores to a dedicated server. From the server the scores then get processed and transferred to another

SQL Server located in California, USA. Adding to the Scoreboard, another technology house (Elisa Communications of Finland) with their team at OH2AQ has moved in to provide you with continued access to all WRTC-related DX Summit spots on a specific Web site: <http://oh2aq.kolumbus.com/dxs/wrtc.html> Several prizes are available to IARU HF World Championship participants who send a Cabrillo log to [logs@wrtc2006.com](mailto:logs@wrtc2006.com) or [iaruhf@iaru.org](mailto:iaruhf@iaru.org) within 6 hours after the contest.
