- I - Members of ARI Padova will be active as II3PUP on 7-14 January. The special callsign's suffix is an acronym for Patavium Urbs Picta (Padua the Painted City), which refers to the fourteenth-century fresco cycles that have been inscribed on the UNESCO World Heritage list since 2021. QSL via IQ3WW; QSOs will be uploaded to LoTW, Club Log and qrz.com.

Access to the main functions of www.425dxn.org is provided by the 425DXN App for Android. It is available on Google Play - free of charge, no ads. Enjoy!

CONTEST UNIVERSITY 2024 ---> Registration is now open for the 2024 Contest University (CTU), to be held on 16 May at the Hope Hotel near Dayton, Ohio. This is the day before the Dayton Hamvention officially opens. See <https://www.contestuniversity.com/> for the details.

CQ MAGAZINE ---> Reportedly, CQ Magazine has temporarily suspended publication. The latest issue sent out was the digital version of the October issue (Volume 79 Number 10). In a message circulated over the Internet, Richard Moseson (W2VU, Editor of CQ Magazine) says that "everything is unfortunately on hold" until "the necessary funding to continue operations" is secured. The CQ Contests will continue to be run by the World Wide Radio Operators Foundation (WWROF). As for the DX Marathon (<https://dxmarathon.com/>), the Programme "will remain viable with or without CQ Magazine", because it "does not receive any financial support from them, nor do we draw any resources to operate our program from them", Mark Wohlschlegel (WC3W) states. Participants in the 2023 DX Marathon must send their entries by 5 January 2024, preferably using the new online submission tool.

POSTAL RATES (DENMARK) ---> Effective 1 January 2024, Post Danmark will imp-

lement a major postage rate increase. The rate for letters up to 100 grams to all international destinations will be 50.00 Danish Kroner - that's more than 7 US dollars, so keep that in mind if you need to request a direct card from a Danish station.

QSL V62P AND V62S ---> The logs for V62S from Satawal Atoll (OC-299, 13-22 November) and V62P from Puluwat Atoll (OC-155, 24-30 November) have been uploaded to Club Log, and the QQRS for both callsigns has been enabled. See <https://v6iota.weebly.com/logs--qsl.html> for the QSLing policy.

YOTA CONTEST 2023 ---> The third session of this year's YOTA Contest, organized by the IARU R1 Youth Working Group in cooperation with the Hungarian Amateur Radio Society (MRASZ), will take place on 30 December (1200-2359 UTC) on the five classic bands CW and SSB. Everyone can work everyone. The complete rules can be found on <https://ham-yota.com/contest>.
