3B7C ---> Two members of the Five Star DXers Association (FSDXA) recently visited Mauritius to set up logistics for the 7-24 September operation from St. Brandon [425DXN 814]. All the necessary permits and licences are in hand, and a suitable ship has been located to take the team members and something like 6 tonnes of equipment to the island. The full press release no. 3, issued by Don Field (G3XTT) on 30 January, will be published in the latest 425 Magazine (<http://www.425dxn.org/monthly/index.html>).

ARRL NEWS ---> "Membership and Volunteer Programs Department" (MVP) is the official name for the ARRL newly born department that combines most functions of the former Membership Services Department and Field and Educational Services [425DXN 821]. The MVP manager is Dave Patton, NN1N.

DXCC NEWS ---> The VU7LD operation from the Lakshadweep Islands (1-30 December 2006) has been approved for DXCC credit. [TNX NC1L]

LAKSHADWEEPS 2007 ---> VU7RG went QRT at 18.30 UTC on 24 January, after 9 days and 92,134 QSOs (65.1% CW, 29.1 SSB, 5.1 RTTY) made from the islands of Agatti, Bangaram and Kadmat (all of them are AS-011 for IOTA). The VU7RG logs can be found at <http://www.dx-pedition.de/lakshadweep2007/logs/logsearch.php> (logs are in the process of being checked). The band and continent breakdowns are as follows (full statistics for VU7RG are now available at <http://www.dx-pedition.de/lakshadweep2007/operations/statistics.html>):

Band	QSOs	Continent	QSOs
-----		-----	
10m	1727	AF	228
12m	4145	AN	0
15m	14186	AS	17041
17m	14050	EU	64286
20m	16035	NA	9377
30m	10915	OC	505
40m	19532	SA	677
80m	9300		
160m	2241		

VU7MY remained active from Minicoy (AS-106) until around 15.30 UTC on 30

January, with a total of about 17,000 QSOs. The QSL routes for VU7MY are the same as for VU7RG; according to the expedition website (www.vu7.in) on-line logs will be published sometime in February.

LX6 ---> Effective 1 January 2007, this is the prefix for the new "Novice" licence class in Luxembourg. LX6 licencees are allowed to operate on 160, 80, 15 and 10 metres with 100 watts. The first licence has been issued to operator Lin, LX6K. Full information on the LX prefixes can be found at http://www.rlx.lu/lx_prefix_assignment.htm [TNX LX1KQ]

QSL 403T ---> The last problem QSLs were sorted out this past week and should reach their destinations by 15 February at the latest. It was also noted that an unknown volume of direct requests were lost in the postal system somewhere along the way. Over the next ten months the direct QSLing phase will continue through sub-QSL managers: John, N7CQQ (USA & Canada); Martti, OH2BH (Japan and Asia); Hans, PB2T (Europe and the rest of the world). By the end of 2007 the rest will be released for distribution via the worldwide bureau network. QSL YT6A via YU1FW. [TNX OH2BH]

QSL J79XBI ---> Please note that the QSL route for contacts made between 16 January 2007 and 16 April 2007 is via Leif, SM0FWW, direct or bureau (SM0XBI/SM7XBI is the QSL manager for past operations).

QSL TG9AKH ---> Petr, OK1DOT reports he is now the QSL manager for Mario, TG9AKH. QSL direct only to Petr Gustab, P.O. Box 52, Cesky Brod 282 01, Czech Republic. Other stations served by Petr include 3W3W, 9V1GO, HK1AR, NH6P, NL7G, WP3F, XV1X, YB5AQB, YI9CC and ZS6CCY.

QSL YX0A/YX0LIX ---> Steve, KU9C says that about 70% of the direct cards have been mailed. There is stills a large pile of cards that include QSOs that are not in log (it seems there were at least two major "slim" runs, one on 15 metres and one on 80 metres), requests for /mm cards, requests for YX0A and/or YX0LIX and other cards that he manages. Steve has not started bureau cards yet, and won't for some time. "I apologize for the slow delivery of these cards", he says, "My hope was to be able to mail these a long time ago, when I had some slack time in my schedule, but the process 'came together' just as some hectic work and personal commitments came into my schedule".

+ SILENT KEYS + Peter McKay, G3WQU passed away in Lebanon on 28 January. While working for the United Nations, he operated as E4/G3WQU, CN2PM, S07PM and 4W3CW.

Patrick de Verteuil, HH7PV died of a heart attack on 13 January. He lived in Haiti for 34 years and gave many DXers their first QSO with that Country.. He was also very active on 6 metres.
