DX INFORMATION

1A - A team of thirteen operators from Italy, France, Poland, Spain and The Netherlands will be active as 1A0C from Santa Maria del Priorato, home of the Sovereign Military Order of Malta (SMOM) on 1-4 July. They will be active

on the HF bands on 6 metres, with a "strong commitment" to "offer the elusive 1A entity to as many hams outside Europe as possible". The team also intends raising funds - thanks to donations and contributions from QSL requests - in order to buy radio equipment for the Order of Malta's Italian Relief Corps (CISOM), an organization specialized in bringing assistance and relief during emergencies. Complete information can be found at www.1a0c.com.

Announced frequencies are: 3524, 7004, 10104, 14024, 18074, 21024, 24894, 28024 and 50084 (CW); 3780, 7065/7160, 14145, 18145, 21295, 24945, 28495 and 50180 (SSB); 7035, 10140, 14080, 18100, 21080, 24921 and 28080 (RTTY). You can request your QSLs one of three ways: OQRS Direct, OQRS Bureau or direct to Francesco Cozzi, Via Nazionale 8/O, 70128 Bari BA, Italy. The entire log is expected to be uploaded to LoTW "within one year" after the end of the operations. [TNX DX Coffee]

5B - A team of nine operators from the Nicosia Amateur Radio Club will be active as C4MG from Agios Georgios (AS-120) on 23-24 June. They hope to be on the air by 6 UTC on Saturday and operate through Sunday at 14 UTC with three stations. Look for them on 80-10 metres SSB plus some CW, and on 6 metres. QSL via 5B4KH. [TNX 5B4AHJ]

5H - Chas, NK80 will be active as 5H9CP from Mwanza, Tanzania between 11 and 22 June. He is primarily a CW operator, and QRV times will depend on his "responsibilities and schedule at the Nyakato Health Center". QSL via EA7FTR and LoTW.

This award is named in honor of Cass WA6AUD (SK), whose stories in the West Coast DX Bulletin taught a generation of DXers that DX IS! The winner of the 2012 Cass Award will be announced in March 2013. An "unlimited" award category with a larger prize is under development for introduction in 2013. If you'd like to pledge a contribution, send email to Contribution@CassAward.com. [TNX AA6YQ]

CY0/VE1AWW • Al, CY0/VE1AWW has been QRT from Sable Island since 28 May. "A migratory bird (and protected species) was found near my towers with injuries suggesting a collision with one of the towers", he says. "I am required to take down the towers until an investigation and policy can be developed for tern season (April-August)".

DAYTON PHOTO GALLERY • The Dayton Hamvention 2012 Photo Gallery (306 pictures collected by Tom, K8CX) can be found at <http://hamgallery.com/dayton2012/>. This is the 16th year for the Dayton Photo Galleries. There is also a recap of

this years Hamvention at <http://hamgallery.com/gallery/D/hamvention2012.htm>. If anyone has a forum review or interesting story, please submit it to K8CX to be included on this page. [TNX K8CX]

DXCC NEWS • The following operations have been approved for DXCC credit: 3C0E (Annobon 2012), 3C6A (Equatorial Guinea 2012), 5X1RO (Uganda 2012), J25DXA (Djibouti 2011), J28RO (Djibouti 2010), TL8ES (Central African Republic 2011), TT8ES (Chad 2012), XW4XR (Laos 2012) and XX9E (Macao 2012). If you had any of these cards rejected in a recent submission, please send an e-mail to bmoore@arri.org to be put on the list for an update.

HEARD ISLAND 2014 • The initial operators for the 2014 expedition to Heard Island (www.heardisland.org) include KK6EK, ON6TT, DL1MGB, N6MZ, DJ9ZB, NP4IW, AD6E, N4GRN, DJ5IW, N6PSE, W3WL, W0GJ and AA7XT. The next round of team members will be announced on 15 August.

IDXC 2013 • Sponsored by the Northern California DX Club, the 64th Annual International DX Convention will be held at the Visalia Conference Center in downtown Visalia, California on 19-21 April 2013. Please check the IDXC website (www.dxconvention.com) during the week of 18 June for details about booking hotel rooms for the Convention.

JAPAN DX MEETING 2012 • The Japan DX Meeting 2012 will be held at the Time24 Building in Tokyo on 25 August. Visit <http://jdxm.web.fc2.com/e.html> or email Isao Numaguchi (jh1roj@jarl.com) for the details. [TNX JH1ROJ]

KH6RRC • The Hawaii IOTA Club was born to explore possibilities and - if permission is obtained from the Trustees of the Papahānaumokuākea Marine National Monument - operate from IOTA new ones in the Northwestern Hawaiian Islands.

OH10X/MM • Kristina Cruises Ltd with Radio Arcala, OH8X of Finland, are in the process of testing whether a permanent Amateur Radio station will suit the maritime environment and serve DXers in their leisure time, whether cruising in the Mediterranean or off West Africa or just doing island-hopping in the Caribbean. The onboard station will be active at the peak propagation hours to various continents on 14267 kHz on 20-24 June. The test cruise will take the ship to Estonia (ES), Gotland, Sweden (SM1), Aland Islands (OH0), and back to Finland. The objective for the first run is to look at potential interference issues both ways - from the Amateur Radio station to the ship's navigation system and from the ship's advanced PC networks to the reception of Amateur Radio transmissions.

QSL 4J9NM • Ralph, K2PF says he no longer handles QSL cards for 4J9NM. Requests should now be sent direct to Denis Denisov, P.O. Box 18, AZ Baku 1000, Azerbaijan.

QSL 4U1ITU, 4U1UN & 4U1WRC • Get your missing QSLs for QSOs with 4U1ITU, 4U1UN and 4U1WRC (2012) at the Swiss DX Foundation's booth at Hamradio 2012 (Friedrichshafen) on 22-24 June. Bring your QSO data with you and observe the working hours of the QSL manager (to be available at the booth). [TNX HB9BOU]

ST PAUL ISLAND 2012 • In their press release dated 25 May, the CY9M team reported that on 25 July they "will be making their way to Sydney, Nova Scotia, then onwards to the northernmost tip of Cape Breton, ready to depart for St Paul island on July 26th". A few of the team plan to be QRV as VE1/callsign from Cape Breton Island (NA-010) prior to CY9M. There are few landing spots on St Paul, and "actual station location will be determined where we land. From planning discussions, we know each proposed location has positives and negatives to certain regions around the globe - therefore this is very much an 'on the day' set-up at any given landing spot. Now the shipping process begins".

Further information, including log search, OQRS and details on how contribute, can be found at www.cy9m.com

TOPBAND MOST WANTED SURVEY • All 160m enthusiasts are invited to participate in the 2012 Topband Most Wanted Survey conducted by NI6T and K8UT. The survey will be running until 31 August and can be found at <http://survey.hamdocs.com/?sid=11389>. The results will be available in September.

TOP LISTS • The latest Topband, Topmode and Toplist listings are now available at www.425dxn.org/awards/toplist/index.html. QSOs confirmed through LoTW or included in on-line logs are eligible for listing. Send your scores, as well as any request for further information, to Luciano Lucini, IK2QPO (ik2qpo@425dxn.org).

WORLD CASTLES WEEKEND • Organized by the World Castles Activity Group, it will be held on 16-17 June. Several stations are expected to operate from fortresses and castles in the Azores, Belarus, Belgium, Croatia, Czech Republic, France, Germany, Hungary, Ireland, Italy, Kazakhstan, Latvia, Poland, Portugal, Romania, Russia, Slovakia, Slovenia, Spain, Switzerland, The Netherlands, Ukraine and the United Kingdom. Information on the event can be found at www.wcagroup.org. [TNX RN1CW]

YASME AWARDS • The Yasme Foundation has for many years offered two Yasme Awards, available at no cost to qualifying applicants. The first Yasme Award, in the form of a handsome plaque, is offered to those amateurs who submit proof of 30 QSOs with Yasme officials and DXpeditions that have at least one Yasme official as a participant. The second, the Yasme Supreme Award, is in the form of a representation of the YASME boat used by Danny Weil in his around-the-world DXpedition and is available to those who submit proof of 60 QSOs with Yasme officials and DXpeditions with a Yasme official as a participant. After a year-long evaluation of the rules for qualifying call signs, the Board of Directors is pleased to announce that the rules for qualifying call signs have been revised. As a result, many call signs have been added to the list. The revised list of call signs eligible for both awards is available at <http://www.yasme.org/DXpeditions.html>

XROZA • A team of operators from Radio Club de Valparaiso went to Robinson Crusoe Island (Juan Fernandez) to set up a radio and conduct an earthquake and tsunami drill. In their spare time they were QRV as XROZA. QSL via CE2AA.

IOTA NEWS

KL7RRC/p (NA-240)

• The following operations in the period February to May 2012 have provided acceptable validation and are therefore approved for IOTA credit: AT2DW (AS-175), XF1AA (NA-189), 4A3RCC (NA-200), KL7RRC/P (NA-240), 4W0VB/P (OC-232), and CW5GI (SA-039). The 7O6T (AF-028) operation, which has been accepted for DXCC, is also approved.

• **EU-117 & EU-133 GROUPS** This is an abridged version of the official announcement dated 16 June that can be found on the RSGB IOTA's website. Following the decision by the ARRL to delete Malyy Vysotskiy Island (MVI) from the current DXCC list as of 17 February 2012, the IOTA Committee has considered action to be taken with regard to the future of EU-117. A consultation conducted by an enlarged IOTA management group produced a clear majority in favour of splitting EU-133 to form two groups within the Gulf of Finland, North and South. The dividing line has been set at 60 degrees, 15 minutes north. The islands now constituting

the two groups can be seen via the Search facility on www.rsgbiota.org. The change has an effective date backdated to 17 February 2012. Past credits for MVI will continue to stand and new opportunities are created for contacting EU-117. Record-holders need take no action regarding existing credits as they will not be deleted as a consequence of this change, nor in the case of EU-133 credits need they be transferred unless requested.

• **EU-155 GROUP** Back in October 2011 [425DXN 1069] the RSGB IOTA Manager reported that "following information received from a local operator in Italy that the only two islands listed as qualifying for EU-155, Baron and Scanno di Piallazza, no longer existed, we would not be accepting for credit any new operations claiming to take place from EU-155 pending a final check. This has now been carried out and it confirms the report. Under IOTA rules we have no option but to withdraw EU-155 from the list of valid IOTA groups and to amend scores down. However we have noted that the Po Delta is a remarkably fragile natural environment with a varying sedimentation rate influenced by river flow, tide and storm and have not ruled out the possibility of one of the islands reforming in time. In the circumstances, we have decided to remove EU-155 credit from all scores on 1 September 2012 but to retain the QSO information on the database in a non-counting format in case the situation should change. We will review the position periodically. In the meantime, while credit will not be given for new operations, we will allow credit for pre-October 2011 operations for certificate purposes only in applications received before 1 September 2012". [TNX Roger Balister, G3KMA, RSGB IOTA Manager]

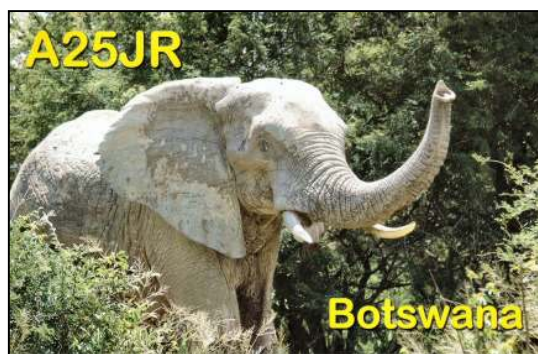

+ **SILENT KEYS** + Jean-Luc Gaveau (**F6BIV**) passed away unexpectedly a few days ago. He took part in four expeditions with the Radio Club de Provins (TK7C, TS7C, TJ9PF and PJ4C) and had joined the V84SMD team for the November 2012 operation from Brunei.

Abdel Samei (**SU1SA**) passed away on 13 June. He was the President of the Egyptian Radio Amateurs Society for Development (ERASD) and succeeded SU1GS, who died in January.

Former ARRL General Manager (1975-1982) and IARU President (1982-1999) Richard L. Baldwin (**W1RU**) passed away on 21 June at 92 years of age.

Gene Zimmerman (**W3ZZ**), "an icon in ham radio contesting in the Washington, D.C. area and beyond", as well as "an avid VHF man", passed away on 3 June at 71 years of age.

Other recently reported Silent Keys include Hugh R. Brand (**6Y5HB**, Jamaica Amateur Radio Association's IARU liaison), Peter Kallfelz (**DL8YR**), Joel Oulie (**F6FHP**), Luciano Montanari (**I4MNK**), Marciano Righini (**I4MY**, ARI Ravenna Honorary President and a pioneer in amateur reception of weather and earth imaging satellites), Philip W. David (**K6DLV**, ex-YB0ARA), W. Lane Tarleton (**KC4CD** - he had lived in Honduras for a number of years operating as KC4CD/HR2; his QSL manager N4AA says that he still has all the logs and "will maintain those records for an indefinite period, should anyone want a card") and Abel Aguirre (**LU8EDK**, a radio operator during 18 summer and 6 winter Antarctic campaigns between 1953 and 1997).
