Edited by I1JQJ & IK1ADH

Direttore Responsabile I2VGW

1U4UN ---> This was Dima, RA9USU, who on 19-20 April operated from Bir Tawil, a no man's land located along the border between Egypt and Sudan. QSL via UA3DX. Bir Tawil's terra nullius status prevents this area from being considered by DXCC under the current rules: "Any area which is unclaimed or not owned by any recognized government is not eligible for inclusion on the DXCC List and will not count for DXCC purposes" (DXCC Rules, Section II.4.b).

50 MHZ MARATHON ---> The seventh edition of the 50 MHz Marathon, organized by ARI Firenze in memory of Roberto Rossi (I5RRE), will take place from 1 May through 31 August. Direct link to the rules (also in English) can be found at www.arifirenze.it/maratona. [TNX IZ5HQB]

EMERGENCY TRAFFIC ---> In the wake of the catastrophic earthquake in Ecuador, the Amateur Radio community is being asked to keep 7.060 MHz clear for Cadena HC emergency traffic. DXpeditions operating RTTY on 40 meters are requested to keep pileups below 7.060 MHz. [TNX ARRL]

QSL D4C, D4Z & D41CV ---> If you plan to attend Ham Radio 2016 (Friedrichshafen, 24-26 June), you will be able to collect your cards for D4C, D4Z and D41CV at the Monteverde Contest Team's booth (A1-664). The QSL request forms can be found at http://d4c.cc/?page_id=12298. The service expires on 15 June. [TNX HB9DUR]

HC2GRC/P ---> Alexey, HC2AO and Vasily R7AA were active as HC2GRC/p from

Isla Puna (SA-034) [425DXN 1301], and made 1,001 QSOs between 21:52 UTC on 16 April and 15:08 UTC on the 17th. While they were on the island, the most devastating earthquake in decades struck Ecuador, and they had to return to the mainland as soon as was possible. The QSL route for this operation is via R7AA, direct or bureau, preferably by using the OQRS provided by Club Log: https://secure.clublog.org/logsearch/HC2GRC_P.

INTREPID SPIRIT AWARD ---> The Intrepid-DX Group (www.intrepid-dx.com) is pleased to announce that Yasuo "Zorro" Miyazawa, JH1AJT is the recipient of the 4th annual Intrepid Spirit Award, made in memory of James McLaughlin, WA2EWE/T6AF (killed in Kabul Afghanistan, on 27 April 2011). The award - presented at the International DX Convention (Visalia) on 16 April - is to recognize Zorro's outstanding efforts to activate rare and often difficult entities such as Eritrea, Myanmar and Bangladesh.

IOTA DIRECTORY 2016 ---> The 17th edition of the IOTA Directory, edited by Roger Balister (G3KMA) and Steve Telenius-Lowe (9M6DXX), is now available at the RSGB Shop (www.rsgbshop.org/acatalog/Online_Catalogue_IOTA_42.html). This 128-page book contains the complete, official listing of IOTA islands as well as everything you need to participate in IOTA. Also included are reports of rare and costly IOTA operation - S79C (Coetivy Island, AF-119), VY0M (Melville Island, NA-248) and ZL9A (Antipodes Island, OC-286). [TNX G3KMA]

IOTA HONOUR ROLL ---> "The 2016 Honour Roll and Annual Listings have been posted on the IOTA website (www.rsgbiota.org/info/). 186 record-holders have scores of 1000 or more IOTA groups and 519 of at least 750 groups which is the number required for the IOTA Plaque. Amateurs from 100 countries now have the starter 100 Islands certificate. Congratulations to all who have joined the IOTA family or updated in the last year". [TNX G3KMA]

IOTA LTD ---> "Following agreement with the RSGB, management of the IOTA Programme has now moved to Islands on the Air (IOTA) Ltd, a new not-for-profit company, limited by guarantee in UK law. This body now has full responsibility for all aspects of the programme, its day to day management, strategy, policy, finance, development, promotion and marketing. The company has been registered in the names of Roger Balister, G3KMA and Stan Lee, G4XXI who are its current directors but a full Board of Directors will be formed shortly.

The new IOTA Directory, published by the RSGB this month, refers to the newly set-up company under a different name but this has now been changed in the way always intended. It will take a little time to carry through all aspects of the changed governance but IOTA enthusiasts should be assured that the new company is fully committed to completing the paperless QSLing project that will allow electronic confirmation of contacts. No significant change of policy is otherwise envisaged. More information shortly". [TNX G3KMA]

IOTA RULE CHANGES ---> The new Directory introduces some fairly significant rule changes, made in the interests of simplification, which will take effect from 1 June 2016:

a. The discontinuation of the issue of paper certificates.

- b. The discontinuation of giving credit for VHF / UHF contacts in the Standard Category of Application.
- c. Charges have been increased and the charging regime has been simplified.
- d. The threshold figure defining a "rare" IOTA group has been raised to cover those groups which 20% (previously 15%) or fewer participants have credited to their scores.

Read the complete press release on www.rsgbiota.org. [TNX G3KMA]

OPERATING FROM BRAZIL ---> Foreign amateur radio operators visiting Brazil for the Olympic and Paralympics Games this summer (1 August to 30 September) will be able "to operate in Brazil, whether or not a reciprocal agreement between the respective countries exists. No IARP or CEPT license is necessary, and no fees are required. The Brazilian Amateur Radio League (LABRE) has obtained permission from ANATEL, the Brazilian telecommunications regulator, to handle authorizations. Amateurs who want to operate in Brazil should send LABRE (executiva@labre.org.br) a copy of a valid passport (identification pages), a copy of the applicant's Amateur Radio license, a list of cities in which the radio amateur plans to operate and the respective dates and an e-mail address". [TNX ARRL]

SWODXA DX DINNER ---> The SouthWest Ohio DX Association (SWODXA) has announced that Martin F. Jue (K5FLU) will be the keynote speaker discussing "The Early Days of MFJ" at their 31st annual DX dinner. The dinner, held in conjunction with the 2016 Dayton Hamvention, will be on Friday, 20 May at the Marriott Hotel in Dayton. The newest inductee(s) in to the CQ Hall of Fame will be announced as well as the much anticipated DXpedition of the Year. For more information and to order dinner tickets, please visit www.swodxaevents.org. [TNX W8GEX]
