NEW IOTA GROUPS ---> "Following the decision to split the 5 yearly review of the IOTA list into two parts", IOTA General Manager Roger Balister, G3KMA wrote on 22 June, "we announced the first tranche of six new IOTA groups at the RSGB Convention, Milton Keynes on 14 October 2018 [see 425DXN 1433, Ed]. The plan mentioned at the time was to add the second tranche at Ham Radio Friedrichshafen in June 2019. At the event's IOTA Forum on Saturday, 22 June this took place with the announcement of a further six new groups":

- AS-206 JA0, 1, 2, 7 Honshu's Coastal Islands East (Japan)
AS-207 R0K Chukchi Sea Coast Centre group, Chukotskiy Avtonomnyy Okrug (Asiatic Russia)
OC-298 FO Tatakoto Atoll, Tuamotu Islands (French Polynesia)

OC-299 V6 Yap East group, State of Yap (Micronesia)
OC-300 T31 McKean and Nikumaroro Atolls, Phoenix Islands (Central Kiribati)
SA-101 CEO Alejandro Selkirk Island, Juan Fernandez Archipelago
See https://iota-world.org/info/new_groups_2019.pdf for the full list.

"The review has now completed its work; the next one is scheduled for 2024. These new groups have provisional numbers. This means that they will need to be confirmed by an operation taking place after 22 June 2019 that meets the 1000 QSO and other normal validation requirements. Only after confirmation of the group number will credit for past operations be considered. The addition of these six groups takes the total of groups that have confirmed or provisional IOTA numbers to 1172. Of these 1131 have seen activity, the remaining 41 have not. The number of unnumbered groups remains at 33. A number of these will be withdrawn in due course to keep within the programme cap of 1200 groups set long ago by the Management Team as a firm policy decision".

VP8/VP8DXU ---> The project planning for the 2020 South Orkney Islands DXpedition [425DXN 1465] continues on schedule, other companies have joined the corporate sponsors team, the "tent assembly project" is scheduled for 12-15 July, 80m SSB has been added to the operating plan and the fundraising campaign continues: "the next payment to 'Braveheart' is due in July and our shipping budget of USD 25,000 is tracking close to plan", the VP8/VP8DXU team reported on 27 June. "As of this writing, 30 clubs/foundations and 236 individuals have shown their support to the project. We have a long way to go in order to reach the goal of 50% team member funding of the estimated project cost of USD 325,000. If you need South Orkney for an ATNO, or plan to work us, we would appreciate your help, expenses must be paid before we sail". Please visit <https://sorkney.com/> and consider making a donation.
