AFRICAN TOUR ---> Don, K6ZO has had to postpone his trip to Malawi [425DXN 1607], and is now expected to be active as 7Q6M on 2-15 March. He will then move to the Comoro Islands and be QRV as D60AB between 16 and 29 March, with a side trip to Mayotte (FH/K6ZO) on 18-23 March. QSLs direct to home call. [TNX The Daily DX]

IOTA HONOUR ROLL ---> The 2022 Honour Roll and Annual Listings have been posted on the IOTA website <https://iota-world.org/>: click on PERFORMANCE LISTINGS in the dropdown menu under PROGRAMME INFORMATION. They show the position as at 31 January 2022.

The Honour Roll lists the stations with a checked score equalling or exceeding 50% of the total of numbered IOTA groups, excluding those with provisional numbers, at the time of preparation. The Annual Listing lists the stations with a checked score of 100 or more IOTA groups but less than the qualifying threshold for entry into the Honour Roll.

IOTA rules limit inclusion in the listings to those participants who have updated their scores at least once in the preceding five years (i.e. since February 2017) and have opted to have their scores published.

"Covid-19 travel restrictions have resulted over the past year in a reduced number of DXpeditions", Roger, G3KMA and Cezar, VE3LYC observe. "The Honour Roll and Annual Listing with a total of 1558 entries show a decrease of 109 or 6.5% over the same listings in 2021. Some 241 record-holders now have scores of 1000 or more IOTA groups, a decrease of 6.6% on last year, and 570 or a decrease of 3.4% with scores of at least 750 groups, the number required for the IOTA Plaque of Excellence. Scores at the top continue to close with 67 record-holders breaking through the 1100 mark and 20 of them within 10 of the top score. Congratulations to leader 9A2AA on 1132 groups out of a possible 1136 that have seen activity, to I2YDX and I1JQJ who follow close behind and indeed to all who have joined the IOTA family or updated in the last year".

QSL VIA EA5GL ---> Pedro, EA5GL has picked up the QSLing for XF1F from Isla San Francisco (NA-124, October 2012), XF1P from Isla Partida (NA-124, November 2013), and XF1IM from Isla Magdalena (NA-078, November-December 2017). See <https://www.grz.com/db/EA5GL> for instructions.

UKRAINE: AMATEUR RADIO SUSPENDED ---> Owing to the current military crisis, the Ukrainian government has first declared a state of emergency, and then introduced martial law starting on 24 February for a period of 30 days. Restrictions include the ban on the operation of amateur radio stations.

YOTA CONTEST 2022 ---> Organized by the IARU R1 Youth Working Group in co-operation with the Hungarian Amateur Radio Society (MRASZ), the aim of the YOTA Contest is to increase youngsters activity on the air, strengthen the reputation of the YOTA programme, and demonstrate support for youngsters across the world. The three sessions of this year's YOTA Contest will be held on 21 May (0800-1959 UTC), 23 July (1000-2159 UTC), and 30 December (1200-2359 UTC), on the five classic bands CW and SSB. Everyone can work everyone. The complete rules can be found on <https://ham-yota.com/contest>.

+ SILENT KEY + Steve Lund, K6UM passed away on 4 February "after an extended battle with cancer. An active and strong supporter of the NCDXF/IARU DX Beacon program, he served many years as an Appointed Position for the Northern California DX Foundation on the IARU Beacon Technical Support staff".
