From PIERO, IK1IYU: "I'm very sad to say that I must stop the collaboration to the 425-DX-News with this number. I would like to continue for another year up to the number 300, but many things have changed since I started, two years ago, and recently I had serious problems that left me no spare time. I thought for a long time and my decision is final, but I really hope that 425-DX-News can continue to live without my contribution. I wish to thank Mauro, I1JQJ, for this opportunity: it was a great honour for me. Thanks also to all the collaborators, all those who supported the bulletin and the Italian and foreigner readers. Particularly to the BBS and PCL Sysops that worked to better distribute the bulletin. Who knows: may be in the future we can meet again, for new opportunities of collaboration. Thanks to everybody and Merry Christmas and Happy New Year 1996 "

First DXCC application for ARRL member will be free for the

first 12 QSL (before there was no limits), for endorsements 10\$ every year for the first 100 QSLs. First DXCC application for non-ARRL members will be 10\$ for the first 120 QSLs, for endorsements 20\$ every year for the first 100 QSLs. For all, every QSL added over the above limits will cost 10 cents more. For the QSL check during Conventions or in ARRL offices 2\$, with a limit of 120 QSLs for each application. At these cost it is necessary to add the amount for the QSLs returned. For WAS new costs are: Award 5\$; Endorsements 2\$; 5BWAS 10\$ (Pin included); 5BWAS Plaque 25\$; (add amounts for QSL returned for all the awards and endorsements); Pin 5BWAS 5\$.

3V8BB ---> DJ7IK, DL8OBC and DL2OBF have returned in Germany after the 3V8BB operations. They logged about 7500 QSOs, 5000 of which during the CQWW CW Contest. The QSLs will be automatically sent via bureau to all stations in log before the end of March. For direct requests, the QSL manager for this operation (22-29 November), is DL2OBF.

9R1A & 9Q2L ---> The QSL cards for 9R1A activity (during the CQWW DX SSB Contest '95) and for 9Q2L are in print and will be available in early 1996. All the direct request will be sent as the QSL are printed. QSL via PA3DMH, Alex van Hengel, Schoener 85, 2991JK Barendrecht, The Netherlands.

FT5ZF --> Due to many complaints for QSL confirmation by FT5ZF, Paul F6EXV phoned him: the cards have been only recently sent. Don't sent dupes and remember that French Postes are on strike, delays are expected.

YA9XL ---> The QSL manager for this station is F5TCN: Yannick Cailliau, 14 route d'Harnes, F-62880 Annay sous Lens, France.

PY2HA ---> The address of this station, recently active from SA-071, is the following: Luis Claudio Campos, Ave Adriano Dias Dos Santos 172, 11470-220 Guarujá, SP, Brazil.

4U1UN ---> If you can't receive the QSLs of this station from W8CZN, try to AA2FN (Carmelo Marrero Jr., 447 Leland Ave., Bronx, NY 10473, USA) or WB8LFO (Jerry Kurucz, 5338 Edgewood Drive, Lorain, OH 44053, USA)

AH3C ---> The new address of Pete, AH3C, recently active as C4A in the CQWW CW Contest is: Pete Grillo, 2150 E. 6200 South, Salt Lake City, UT 84121, USA

OD5PN ---> Norby, LX1NO, reports to be the new QSL manager of Jamil OD5PN. The cards have already been printed and can be requested both via direct (CBA) or via bureau.

QSL MANAGERS --> Vic, UT1WPR, reports that 9N1UB manager is not UY5XE, as wrongly reported in the QSL MANAGERS edited by IK1GPG in previous number.

RN9XA ---> Eugene (ex UA9XAC, R9X) reports his new RN9XA call (Asiatic Russia UA9). The QSL can be sent through the Russian QSL bureau (Box 59 Moscow) or to his new address: Eugene V. Bugrimov, P.O.Box 1229, Syktyvkr 167001, Russia.

YV0/YW0 ---> Steve, W4/YV5DTA, says that YW0's cards are in the mail: someone received them two months ago. All the YV0 operations will be confirmed but due to many cards it is necessary a while.

QSL ---> Yossi, 4X6FU, is still receiving QSL requests for 4L1FL operations. Yossi is not the QSL manager for any station.

AWARDS ---> In the 1995, after the islands awards by Germany, Canada, Portugal, Poland and USA, the Mexico has issued the DIMEX, Diploma de Islas Mexicanas, while the Brazil issued the DFB (Diploma Faros de Brasil). For the DIE (Spanish Islands Award) the valid islands are now 2147.

PIRATES ---> Jim, W6YA reports that he has received many requests from Europe for AP6YA operation but he states that this was a pirate. Don't send him QSLs! Philip ZL2TZE, reports that ZL9AI call has never been issued by local authorities; for Auckland & Campbell three calls only have been issued so far: ZL9GD, ZL9NAA, ZL9TJD. It seems that a new pirate is very active on 80 meters CW: he uses the calls OA4EEI, DL4EEI, OA4PPE, PY2EEI and G3PPE, but the signals are coming from the wrong side.

QSL received: FS5PL (NA-199), IA5S (IIA GR-00E & GR-009), IM0RUH (EU-0165, IIA SS-056), IO1GTM, IM0/IS0UPR (EU-024, IIA NU-016), RU0B (AS-121), RU0B/P (AS-087).

QSL received via WF5E DX QSL SERVICE: CE7AOY/P (SA-043), V44NK, VP5/JH3BXO.
