- KH9 - KC7FWZ/KH9 is currently active from Wake Island (OC-053).
- OD - Norby, LX1N0/LX9EG will be visiting Lebanon between 13 and 16 February. He might be active (20 and 15 metres) either as LX1N0/OD5 or OD5PN (the latter being the call of Jamil, his host). QSL via home call.

- PY0_sp - ZY0SK and ZY0SG [425DXN 299] went QRT on 14 February at 10:15 UTC after some 10,000 QSOs. Operations from St.Peter and St.Paul Rocks (SA-014) had initial problems with RF feedback between the two

stations (these problems prevented them from being active on RTTY). Karl and Tino were not able to operate between 12 UTC and 18 UTC because of the extremely high temperatures.

- S2 - Hannes, Joerg and Dietmar started their operation as S21XX [425DXN 300]. Problems with the generator were fixed after the first two days. They have made some 10,000 QSOs so far (300 RTTY, 300 SSB, all others on CW). On 160 metres 700 QSOs have been made with Europe & Asia and 23 with North America; QSOs made on 80 and 40 metres are 2200 (145 with North America) and 2500 (245 with North America) respectively. Dietmar and Joerg were expected to leave on Friday 14; Hannes (S21XZ) will be active until 18 February.
- V4 - Alex, W20X is currently active as V47KP from St. Kitts (NA-104). He will participate in the ARRL DX CW and SSB Contests and in the CQ SSB 160 Meter Contest. QSL via K2SB.
- W - Pete, W2WI will be operating from Long Beach Island (IOTA NA-111, USI NJ001S) from 12 to 16 february.
- W - Herb, KE7PB and John, NL7TB will activate Bradford, Robins (both Multnomah County, OR), Cascades and Hamilton (both Skamania County, WA) Islands on 26 February starting 17.30 UTC. QSL via home calls.
- ZC6_GAZA Ray, 9M20M (ex-9M2/G3NOM) reports that a small group of Japanese operators (Yoshi, JA1UT; Jiro, JA3UB; Teru, JA3TXZ), who are members of the recently formed IARV (International Amateur Radio Volunteers), will be setting off for Palestine on 11 February. Their mission will primarily be Phase 2 of a humanitarian aid project started last June in the Gaza Strip. Due to the above commitments there is only a 50/50 chance of operation this time. There is the possibility of an operation from the Gaza Strip (Palestine) from 12 to 14 February: Yoshi, Jiro and Teru hope to assist Palestine National operators to activate ZC6MPT from the HQ of the Ministry of Posts and Telecommunications in Gaza City (operation is likely to be confined to 20 metres SSB around 14.190 MHz). This will be followed by a visit to the West Bank from 14 to 16 February, possibly using own call/ZC6 call-signs. QSL via JA1UT.
- ZL7 - Lothar, DJ4ZB is currently active (on SSB, all bands) from Chatham Islands (OC-038) as ZL7ZB. QSL via home call.
