3B9R ---> The 31 March-10 April 3B9R operation from Rodriguez (AF-017) logged over 47,000 QSOs. It seems there was some pirating of 3B9R on 160 metres after their sunrise QRT: according to Garry, NI6T the last contacts on top band were made at 02.01 UTC on 5 April (with KD9SV), at 01.41 UTC on 6 April (with UY1HY), at 01.56 UTC on 7 April (with K4EA), at 01.58 UTC on 8 April (with K1BW), at 00.40 UTC on 9 April (with UA9FAR) and at 00.14 UTC on 10 April (with OM2XP). QSL via N7LVD. [TNX DX News Sheet]

6A1A ---> For the readers who have asked: this station was activated for the second time on 24-25 April by Tarek Abdallah (SU2TA/6A1TA), Said Kamel (SU1SK/6A1SK) and Hossam El Shenawy (SU1HM/6A1HM) operating from Sharm El Sheikh in the Sinai peninsula, Egypt. QSL via F5KAM.

C91RF ---> Rei, DL6DQW/C91RF reports he was active from Maputo on 23-25 March and 29-30 March (1600 QSOs), while his activity from Benguerua Island (AF-072) took place on 26-28 March. Power supply on the island was available only between 6.00-12.30 and 14.00-20.00 local time, but he was able to log some 1000 QSOs. [TNX The Daily DX]

DU1/DL2GAC ---> Bernhard, DL2GAC is back home in Germany. He was unable to get to Batan Island (OC-093) in the time he had available because of changes in reasonable transport arrangements. Bernhard only operated from the Calamian Group (OC-090) for a couple of days on this trip. He did not work too many EU stations but had more success into North America. [TNX 9V1RH]

LT5V ---> The new address for the North Patagonia DX Group (LT5V) is P.O. Box 37, 8332 General Roca, Rio Negro, Argentina. This address can be used also for LU8VCC (Alex), LU7VFJ (Julian) and LU3VED (Martin). [TNX LU8VCC]

P51BH ---> Martti Laine, OH2BH was active as P51BH between 14.36 and 16.40 Korean Time on 21 April. The operation covered 14 MHz CW and SSB plus 21 MHz SSB, and 263 stations got through. The first JA QSO was JA2DO, Europe OH5MBF, Oceania KH6WU and the United States W6WKE. The documentation will be sent to the ARRL shortly. QSL via OH2BH (Martti J. Laine, Nuottaniementie 3D20, 02230 Espoo, Finland). Audio from this operation can be heard at <http://www.qsl.net/9k2hn>

This was Martti's sixth visit to North Korea. "While discussing the future of amateur radio in a longer term perspective", he says, "an immediate allowance was made to test the equipment": the operation took place from the telecom center premises, "with North Koreans climbing a 150-ft. tower to hoist the antennas. The antennas were left right there together with the Yaesu FT-847 equipment. It is just a matter of switching the power on - when the time is ripe - to allow North Korea to join the ranks of amateur radio". No advance information was given because, Martti says, "during these several years of DX missionary efforts, it has become obvious that if you are able to work on a

project in peace, the best overall results will be achieved. Many major efforts are typically hampered by competing forces who have a hard time accepting the success of others". [TNX N4GN]

QSL 4M5I ---> Luis, YV5ENI says that his QSL manager (IK6SNR) will reply to all direct requests for the recent 4M5I operations from Los Monjes (SA-015) and La Blanquilla (SA-037) within June. [TNX YV5ENI]

QSL CQ2S ---> This special station was activated by Vic, CT1AXS and Jorge, CT1FMX on 24-25 April to celebrate the 25th anniversary of the 25 April Revolution in Portugal. Cards are via CT1AXS (SSB contacts) or CT1FMX (CW and RTTY contacts). [TNX CT1AXS]

QSL E4/G3WQU ---> Peter, E4/G3WQU reports some difficulties with incoming QSL cards: "Callbook 1999 gives an address in Jerusalem, but as the call is G3WQU, the country is shown as England. I have been receiving some addressed 'Jerusalem, England, UK', but only because the post office in UK is vigilant. Note please that Jerusalem is in Israel". At all events, his new and correct address is Peter McKay, UNIFIL, P.O. Box 75, Nahariya 22100, Israel.

QSL EK7DX ---> Karen, EK7DX is currently using F5LGQ's address for direct cards. Please note that F5LGQ is NOT the QSL manager for this station - he just collects the envelopes and send them to Erevan through a different route. He asks DXers to write "EK7DX" on the envelopes, which should be sent to Daniel Barot, 5 Rue de la Coix Mouclet, F-79400 Exireuil, France (no bureau cards please). [TNX F5LGQ]

QSL FT5ZH ---> Gil, F5NOD reports some 25 kilograms of FT5ZH cards have just been mailed. Hopefully all direct cards (some 9000 received so far) will be processed within the end of May. QSL via F6KDF.

QSL IY5PIS ---> The QSL manager for this special Marconian station, which was activated by ARI Pisa during the International Marconi Day, is IK5QPZ (either direct or through the bureau). [TNX IK5ZTT]

QSL VK9XX & VK9YY ---> Charlie, W0YG reports that "all QSL cards received direct have been answered. I keep current each day with QSL requests for both stations. I am receiving many QSL requests WITHOUT return envelopes. Cards received in this way will be answered through the bureau."

QSL VQ9CV ---> Please note that cards should be sent to ND1V's most current address, which is Robert Wright, 1409 Eaglestone Arch, Chesapeake, VA 23322, USA (the address in the latest callbook is no longer any good). [TNX ND1V]

QSL VIA OZ1PIF ---> As of 1 April 1999 Peter, OZ1PIF is the new QSL manager for OX3LG, OX3LX and OX3UB. [TNX OZ7C]

UK POSTAL RATES ---> The DX News Sheet reports that the UK price of a letter up to 10g for zones 1 and 2 (outside Europe) has increased from 43 to 44 pence since 26 April.

XU7AAP ---> This was the "more logical callsign" used by Jani, YB0US during his most recent activity from Cambodia ("XUAAAP" had been announced, see 425DXN 416]. QSL via N200. [TNX N200]

ZL9CI VIDEO ---> There are now three addresses for ZL9CI videos. Full costs and instructions on whom to make the checks payable are on the website (<http://www.qsl.net/zl9ci/video2.html>). The addresses are: ZL9CI Video, c/o Aurum, P.O.
