DX INFORMATION

5H - Silvano, I2YSB and the Italian DXpedition Team

have announced plans to be active as 5I5TT (CW, SSB and RTTY) and 5I4ZZ (FT8 and FT4) from Zanzibar Island (AF-032) on 4-18 February 2020. They will be QRV on 160-10 metres with five stations. QSL via I2YSB. Bookmark <http://www.i2ysb.com/idt/> for updates.

60 - 14-28 September are the dates for LA7GIA's DXpedition to Somalia [425DXN 1472]. Ken will be active as 6O7O on 160-10 metres CW, with some SSB and FT8 limited to one or two bands.

He will focus on the low bands and on working North America. "I have some additional security related expenses like armored car, armed guards etc", he says. "If you would like to contribute to protecting the low band antennas from being stolen, cut or moved", you can donate by going to <https://www.la7gia.com/>. QSL via M0OXO's OQRS and LoTW; logsearch will be also provided by Club Log. Make sure you read Ken's "QSO & QSL Policy" detailed on his website.

9G - Chip, KB1QU will be active as 9G5QU from Ghana on 8-21 September. In his spare time he will operate CW, FT8, FT4 and some SSB on 40, 30 and 20 metres. QSL via LoTW, or direct to N4GNR.

9M - Fifteen special event stations located in various Malaysian states and federal territories will celebrate the 62nd anniversary of Malaysia's independence (31 August 1957) from 30 August to 1 September. Active from West Malaysia will be 9M62MA, 9M62MB, 9M62MC, 9M62MD, 9M62MJ, 9M62MK, 9M62MM, 9M62MN, 9M62MP, 9M62MR, 9M62MT, 9M62MW and 9M62MY. Active from East Malaysia will be 9M62MQ (Sarawak) and 9M62MS (Sabah). QSL via operator's instructions. A certificate will be available from website of the Malaysian DX and Contest Group (<http://www.9mdxc.com/cq9m>).

9M2 - The Kuala Lumpur DX Team will be active as 9M4IOTA from Perhentian Island (AS-073), West Malaysia from 31 August to 2 September. They will operate CW, SSB and digital modes on 40-10 metres. QSL direct (see qrz.com for information).

9M2 - Special event station 9M16KING will be active on 1-30 September from Kuala Lumpur, West Malaysia in celebration of the incumbent 16th constitutional monarch and head of state of Malaysia, elected in January 2019. Activity will be on 80-10 metres CW, SSB and digital modes. QSL direct (see qrz.com for information).

QSL direct (see qrz.com for information).

9U - Francesco, IV3TMM will be active again as 9U3TMM from Burundi from 31 August to 17 September. He will operate SSB

and digital modes on 60-6 metres. QSL via Club Log's OQRS and LoTW. [TNX DX World]

A multi-national team (CA1DBD, CA1FCS, CE1DN, CE3WW, HA1AG, IT9YRE, XQ1CR, XQ1FM and XQ4CW) is planning to be active as 3G1DX from Pajaros Rocks (SA-100, new one for IOTA) for three days between 18 and 23 October, depending on the swell around the island. Plans are to have two stations running mainly SSB and CW, and to "work hard during the day hours", as they might be unable to overnight on the island. QSL via Club Log's OQRS, or via IT9YRE. They have a webpage on <http://www.it9yre.it/3g1dx>.

CO - Once again special station T45FM will be QRV from the lighthouse at Punta Maya on 15-19 August, especially during the International Lighthouse/Lightship Weekend. Expect activity on 160-10 metres SSB, CW and digital modes. QSL via RW6HS. [TNX RW6HS]

D4 - David, CT7AUP (ex CT1EKU) will be active again as D44CH from Ilha do Sal (AF-086), Cape Verde from 29 August to 5 September. He operates SSB and FT8. QSL via LoTW and eQSL.

D4 - Harald, DF2WO will be active again as D44TWO from Sao Tiago (AF-005), Cape Verde from 29 September to 13 October. "He has been working hard in the last few months getting his Satellite station working", M0OXO reports, "and is now confident he will use it from Cabo Verde. He will be using an Icom 7300, 2 transverters with 3 watts output on ES-Hail using the QO-100 Geostationary Satellite". QSL via M0OXO's OQRS.

DL - Look for Markus, DJ4EL/p and Thorsten, DJ5TM/p to be active from IOTA group EU-127 between 30 August and 2 September. They will operate from Neuerwerk Island (WWL JO43fv), with a side trip to Scharhoern Island (WWL JO43fx) on 31 August and 1 September.

E5_sc - Fred, DH5FS will be active as E51SFS from Rarotonga (OC-013) on 8-16 September and from Aitutaki (OC-083) on 20-25 September. DXCC wise, both count for the South Cook Islands. QSL via ome call, direct or bureau. [TNX DX World]

E6 - Andrew, OZ1XJ/OZ5E (<http://www.oz5e.dk/>) will be active holiday style as E6AN from Niue (OC-040) on 7-10 September. This will be "a 'research-activation' to prepare for a 'real' DXpedition later in the sunspot cycle, so there will not be very much activity". He will operate FT8, SSB and maybe some CW mainly on 40, 20 and 15 metres, plus "maybe 160, 80 and 17" and "10m if it is open". QSL via LoTW, or direct to OZ5E.

EA - AO7RL will be active from the Mesa de Roldan Lighthouse on 17-18 August. The location falls within rare grid square IM96, and activity will focus on the VHF/UHF bands (50 MHz, 144 MHz, 432 MHz and 1.2 GHz)

using Phone, CW and FT8 via TR, MS, EME and satellite. A dedicated HF station will also be QRV. QSL via the bureau, LoTW, eQSL or direct to EA7KP.

EA - Special event call signs EG1SDC-EG9SDC and EH1SDC-EH9SDC will be activated on 1-15 September to commemorate Day of Asturias and the principality's patron saint, popularly known as the Santina de Covadonga. This is the 35th edition of the 'SDC' special event. QSL for all call signs via EA1AUM (direct or bureau), LoTW and eQSL. See <http://santina.dxfun.com/> for more information.

EA6 - Alessandro, IU2IBU will be active holiday style as EA6/IU2IBU from Minorca, Balearic Islands (EU-004) on 7-13 September. He will operate SSB on 80-10 metres. QSL via home call (bureau or direct) and LoTW. [TNX NG3K]

EA9 - Rene, DL2JRM will be active as EA9/DL2JRM from Ceuta & Melilla on 8-12 August and again on 13-16 September. Main activity will be during the WAE DX Contests (CW on 10-11 August and SSB on 14-15 September). QSL via home call, direct or bureau. He does not use LoTW. [TNX NG3K]

EL - 30 September-11 October are the dates for the Italian DXpedition Team's operation from Liberia [425DXN 1459]. Eleven operators (I1FQH, I1HJT, I2PJA, I2YSB, IK2CIO, IK2CKR, IK2DIA, IK2HKT, IK2RZP, IZ2XAF and JA3USA) will be active as A82X (CW and SSB) and A82Z (RTTY and FT8) with five stations on 160-10 metres. QSL direct to I2YSB. See <http://www.i2ysb.com/idt/> for more information, including band plans, real-time logsearch and OQRS for direct QSLs.

ES - Eddie, ES2TT will be active as ES2TT/0 from Saaremaa Island (EU-034) on 24-26 August. He will operate CW and SSB on 20 metres, battery powered. QSL via home call, direct or bureau.

ES - Ari, OH3KAV will be active as ESOKA from Saaremaa Island (EU-034) on 1-5 September. He will operate mainly CW and FT8 on 80-10m. QSL via OH3KAV, bureau or direct. He will upload his log to LoTW and Club Log.

ES - Eddie, ES2TT will be active as ES2TT/3 from Vormsi Island (EU-034) on 7 September, starting around 8.30-9 UTC. He will operate CW and SSB on 20 metres. QSL via home call, direct or bureau.

EX - A Polish team (SP6CIK, SP6OJK, SP9FIH, SP9FOW, SP9TCE and SP9HVW) will be active as EX0QP from the southern shore of Lake Issyk-Kul, Kyrgyzstan on 2-15 September. They will operate CW, SSB, RTTY and FT8 on the HF bands. QSL via SP6OJK. Updates will be posted to <http://www.ex6qp.dxpeditions.org/>. [TNX NG3K]

F - Special call sign TM14FAJ will be active on all bands and modes on 1-15 August for the 14th Festival Astro-Jeunes, part of the Astronomy Festival of Fleurance. QSL via F5KHP (bureau) or F8BMG (direct); the log will be uploaded to Club Log and eQSL.

F - A German team (DJ5KX, DJ8EI, DK5OPA, DL1DCT and DL5KA) will be active again as TM0BSM from the lighthouse at Berck-sur-Mer, France on 15-18 August. Main activity will be during the International Lighthouse/Lightship Weekend. QSL via DLOAD (bureau), or direct to DK5OPA.

F - Supported by a Dutch amateur radio team, special

event station TM75LM will be active on 15-18 August to celebrate the 75th anniversary of the liberation of the village of Le Muy during WWII (15 August 1944). QSL via PA2JWN.

F - The Association des Radioamateurs de l'Indre will be active as TM36V on 17-31 August for the World Aerobic Championships 2019 to be held in Chateauroux. QSL via F5OHM, direct or bureau. [TNX F8REF]

F - Christophe, F4GTB will be active as either TM44WFF and F4GTB/p on 2-18 September. He will operate CW, SSB, PSK63 and FT8 on 40, 30 and 20 metres from several Flora & Fauna sites in Departement 48. QSL via home call (bureau or direct), eQSL and LoTW. Complete information about the France Flora Fauna programme can be found at <https://www.france-flora-fauna.fr/>.

F - Special event call TM41CDXC will be active on 13-27 September for the 41st Convention of the Clipperton DX Club (<http://wp.cdxc.org/>) to be held at Mejjannes-le-Clap (Gard) on 27-29 September. QSL via F5CWU (OQRS on <http://www.f5cwu.net/oqrs/>). [TNX F6AJA]

F - Thierry, F6CUK will be active as F6CUK/p from Sainte-Marguerite Island (EU-058) between the late morning on 5 October and the mid-afternoon on 6 October. He plans to operate SSB and CW on 20 and 40 metres. QSL via Club Log's OQRS, or via home call (direct or bureau). [TNX F6CUK]

FK - Jan, F6EYB will be active as FK8CJ from Noumea, New Caledonia (OC-032) starting around 29 August until the end of the year. He will be QRV mainly on 30, 20 and 17 metres. QSL via LoTW, eQSL, or via home call. [TNX The Daily DX]

FO/M - Members of the CAN-AM DXpedition Group (namely F6BCW, K4UEE, K5PI, VA7DX, VE7KW, W5MJ, W5RF and W5SJ) will be active as TX7T from Hiva Oa, Marquesas Islands (OC-027) on 6-17 November [425DXN 1458]. They will operate CW, SSB, RTTY and FT8 (Fox & Hound) on 160-6 metres. QSL via M0URX's OQRS and LoTW. See <http://www.marquesas2019.com/> for more information, band plan included.

FP - Once again Eric, KV1J will be active as FP/KV1J from Miquelon Island (NA-032) from 24 September through 8 October, including participation in the CQ WW DX RTTY Contest. Plans are to operate mainly SSB, RTTY and FT8 on 80-10 metres, "generally on the highest frequency band open" with a focus on 12 and 10 metres. He will also "be checking 6m for indications of openings", while activity on 160m will depend on antenna layout. QSL via LoTW, eQSL, or via home (direct or bureau); he will upload to LoTW and Club Log on a daily basis. See <http://www.kv1j.com/fp/sep19.html> for more information.

FP - DK1BT, DL4WK, DL6SAK, DL7DF, DL7UFR, SP3CYY and SP3DOI will be active as TO80SP from Ile-aux-Marins, St. Pierre et Miquelon (NA-032) on 2-14 October. They will operate CW, SSB and digital modes on 160-10 metres with three stations. QSL via DL7DF (direct or bureau) and LoTW "within 6 months after the DXpedition". See <http://www.dl7df.com/fp/> for logsearch and OQRS.

GM - Thor DK7RD, Paul G4PVM and Col MM0NDX will be active as MS0INT from the Shiant Isles (EU-112) on 23-25 August. Plans are to operate CW, SSB and FT8 on the HF bands.

QSL via Club Log's OQRS, or via M0SDV.

GW - Special event station GB200TT will be active on 10-11 August to celebrate the bicentenary of the Menai Bridge, a suspension bridge which carries road traffic between mainland Wales and the island of Anglesey. QSL via operator's instructions.

GW - In celebration of the Bardsey Island Trust's 40th anniversary, Rob, MWOIBF and Brian, GW4DVB will be active as GB4BIT from Bardsey Island (EU-124) on 3-8 September. They plan to operate on the HF bands, 6m, 2m and 70cm using SSB, CW, FT8/FT4 and SSTV. QSL direct only to GW4DVB.

H4 - Michael, DL2GMI will visit Bernhard, H44MS (DL2GAC) on Malaita (OC-047), Solomon Islands from 23 August to 3 September. Michael plans to be active as H44MI on 80, 40, 20, 17, 15, 12, 10 and 6 metres SSB and FT8. QSL via LoTW, or via home call (direct or bureau).

HB0 - Look for Tina, HB0/DL5YL and Fred, HB0/DL5YM to be active once again from Masescha, Liechtenstein from 20 September to 5 October. They will operate CW, RTTY (during the CQ WW DX RTTY Contest) and maybe some SSB on 160-6 metres, with a focus on the low bands for North America in their early morning hours. They will be looking for Asia and Oceania on the long path, as the short path is blocked by the mountains. QSL via home calls, direct or bureau. [TNX DL5YM]

HK0_sa - The Czech DXpedition Team (OK1BOA, OK1CRM, OK1FCJ, OK1GK, OK2ZA, OK2ZC, OK2ZI and OK6DJ, plus HK3CW) will be active as 5K0K from San Andres (NA-033) between 17 and 29 October. They will operate CW, SSB, RTTY and FT8 on 160-10 metres, with a focus on the low bands. QSL

via Club Log's OQRS and LoTW; traditional cards via OK6DJ (direct or bureau). See <http://www.cdpx.cz/> for further information and QSLing policy.

HL - Han, DS2GOO will be active holiday style as DS2GOO/3 from Sapshi Island (AS-080) on 24-26 August. QSL via home call, direct or bureau. [TNX HL1VAU]

I - Look for IY7M to be active on 18 August from the premises of the lighthouse at Punta San Cataldo (Bari). This activity commemorates the 115th anniversary of the first public service of wireless telegraphy established by the Marconi Company across the Adriatic Sea, and the 150th anniversary of the lighthouse. QSL via IZ7XNB. [TNX ISOJMA]

I - ARI Scandicci, IQ5BL will be active from 24 August to 1 September during the 32nd Italian Para-Archery Championships. All QSOs will be confirmed automatically via the bureau. This special activity

has been endorsed by FITARCO, the Italian Archery Federation. [TNX IZ5FSA]

I - Commemorating the 500th anniversary of the death of Leonardo da Vinci, ARI Vigevano will be active as IB2LV between 30 August and 2 December. Leonardo worked in Vigevano for his patron Ludovico Sforza, and special event station IB2LV/p will be activated on 1, 15 and 22 September from sites strongly related to his work there. QSL via

I2MYF, bureau or direct. A certificate will be available,

see <https://www.qrz.com/db/ib2lv> for the details. [TNX IK2AVH]

J6 - Bill, K9HZ will be active again as J68HZ from St Lucia (NA-108) from 23 August to 4 October. He operates CW, SSB, FT8 and RTTY on 160-2 metres, and plans to be QRV daily between 20 and 6 UTC. QSL via LoTW (preferred), eQSL, or direct to K9HZ. [TNX The Daily DX]

JA - Special call signs 8J3ICOM (from Kyoto) and 8N3ICOM (portable from various locations) are active until 31 December. The suffix stands for International Council of Museums (ICOM), whose 25th General Conference is to be held in Kyoto on 1-7 September. Created in 1946, ICOM is a worldwide organisation committed to promoting and Protecting natural and cultural heritage. All QSOs will be confirmed automatically via the bureau; the log for 8J3ICOM will be uploaded to LoTW. Direct cards should be requested through Club Log's OQRS, or mailed to JARL Kyoto (P.O. Box 21, Mukomachi, Kyoto, 617-8691, Japan). A certificate will be available, more information can be found on http://www.khn.co.jp/~shibu/icom2019/icom_e.htm.

JA - Ichy, JH7IPR will be active as JH7IPR/7 from Oshima (AS-206) from "before noon" (JST) on 9 August until "around noon" (JST) on 10 August (Japan Standard Time is UTC +9 hours). He plans to focus on 40m and 20m FT8, with some CW and activity on 6 metres if the band opens. Depending on local conditions, he might extend his stay by one day. QSL via the bureau; he will upload his log to Club Log. [TNX JN6RZM]

JA - Shige, JR7DXE will be active again as JR7DXE/7 from Oshima (AS-206) on 24-25 August. He will run 50 watts, and will operate CW, SSB and FT8 on 40-10 metres. QSL via home call. [TNX JN6RZM]

JA - Take, JI3DST and Masa, JR8YLY will be active as JI3DST/0 and JR8YLY/0 from Sado Island (AS-206) on 6-11 September. They will operate SSB, CW, FT8 and RTTY on 80-6 metres. QSL via home calls. [TNX DX World]

JT - RA0SMS, UA0SC, UA0SE, UA0SRQ and UA0SU will be active as JT7A from the Khovsgol Nuur National Park, Mongolia on 5-9 September. They will operate SSB, CW, FT8 and FT4 on the HF bands. QSL via Club Log's OQRS, or via RA0SMS.

KH8 - Atsu, 5W1SA is active again as KH8C from Tutuila (OC-045), American Samoa until 25 August. He operates mainly FT8 and FT4 "after sunset" on weekdays and "full time" during the weekends. QSL via LoTW, or via JF1OCQ.

KL - The KL7RRC/p operation from Sledge Island (NA-210) [425DXN 1461] is expected to take place from 28

August to 2 September (the weather forecast does not look promising, though, and there is "strong possibility" that the team might have to leave as early as 31 August). The operating team includes Mike AD5A, Yuri N3QQ, Alexej NW7M and Yuri

UA9OBA, plus Henry NL0H if his schedule permits. Plans are to be active on 40-17 metres with two stations. See <https://www.na-234.com/> for updates and more information and updates. QSL via Club Log's OQRS, or via N7RO.

LY - LY30BW will be active from 1 August to 30 September to celebrate the 30th anniversary of the Baltic Way (<http://www.balticway.net/>). On 23 August 1989 hundreds of thousands of people formed a human chain spanning across Estonia, Latvia and Lithuania, demanding the re-establishment of the independence of the Baltic States. QSL via LY2QT. A certificate will be available; see LY30BW's page on qrz.com for the details.

LZ - LZ19YOTA is the callsign that will be used during the 9th edition of the Youngsters on the Air (YOTA) Camp, to be hosted by the Bulgarian Federation of Radioamateurs (BFRA) on 11-17 August. This annual event brings together young people from IARU Region 1 member societies for a

week, creating an opportunity to learn all about different nationalities and cultures, foster international friendships and goodwill, and learn new amateur radio skills. QSL via the bureau to LZ1BJ.

LZ - Dmitry, R2ATP will travel along the Bulgarian coastline to activate several lighthouses and Bulgarian Flora Fauna sites as LZ/R2ATP/mm on 1-24 September. He will be QRV on 40 and 20 metres. QSL direct to R2ATP. See <https://www.qrz.com/db/r2atp> for his planned itinerary, which includes the island of Sveta Anastasiya (EU-181) on 18-19 September. [TNX NG3K]

OE - The VIC Amateur Radio Contest DX Club (4U1A) will

be active as 4U500M on 1-30 September to mark the 500th anniversary of the first voyage around the globe, started in 1519 under the lead of Ferdinand Magellan. This activity

count for Austria for DXCC, and for the Vienna International Centre for the CQ DX Marathon. QSL via UA3DX, direct or bureau. See <http://www.cqdx.ru/4u1a/4u500m/> for information about the award programme.

OJ0 - Taking part in Market Reef's golden jubilee celebrations, JH4RHF, JE6HIB, DS4EOI and OM5RW (with

on-site support by Henri OH3JR/OJ0JR and Pertti OG2M/OJ0MR) will be active as OJ00 on 17-24 August. QSL via Club Log's OQRS. Another OJ0 operation, led again by Henri, is expected to take place on

19-28 September, with participation in the CW leg of the Scandinavian Activity Contest. This will include dismantling the permanent antennas and taking back the used equipment. [TNX OH2BH]

OX - Bo, OZ1DJJ will be active in his spare time as OX3LX from Upernavik Island (NA-134) from 22 August to 5 September. QSL via OZ0J, Club Log's OQRS and LoTW. [TNX DX World]

OY - Alessandro, IZ1AZA will be active as OY/IZ1AZA from the Faroe Islands (EU-018) on 21-26 August. He will operate SSB and CW on 40- 10 metres. QSL via Club Log's OQRS, LoTW, or via home call.

OY - Look for OY/DL1ZBO, OY/DL2VU and OY/DL5FF to be active from the Faroe Islands (EU-018) on 2-12 September. They will operate SSB, CW and digital modes, and will participate in the Russian "Radio" RTTY WW Contest (7 September). QSL via home calls. [TNX NG3K]

P2 - Puiu, YO5BIM will be active again in his spare time as P29VIM from Papua New Guinea between 29 August and 22 September. He operates CW, FT8 and JT9 on all bands. QSL via home call.

PA - Special callsigns PA75OSB (15 August-30 September) and PA75SODS (26 August-22 September) will be activated to commemorate the 75th anniversary of Operation Switchback and the Battle of the Scheldt (Slag Om De Schelde) during World War II. QSL PA75OSB via PC4C (direct or bureau); QSL PA75SODS via PI4ZWN (bureau) or PA3GEO (direct).

PA - Arie, PD0ARI will be active as PD538RNI from 28 August to 25 September. His love for radio started in the

early seventies while listening to Radio Veronica (which transmitted on 538 metres) and Radio Northsea International (RNI). When the Dutch government passed its anti-pirate legislation,

both offshore stations had to close down on 31 August 1974. QSL via home call, direct or bureau.

PA - Special callsign PH100KLM will be activated from 1

September to 30 November to mark the centenary of KLM, the flag carrier airline of the Netherlands and the oldest airline in the world still operating under its original

name. QSL via the bureau to PA3DVA.

PA - Commemorating the 75th anniversary of Operation Market Garden and the liberation of the Dutch city of Nijmegen, special event station PA75OMG (<http://www.pa75omg.nl>) will be active on 13-22 September. QSL via operator's instructions.

PJ4 - Randy, K5SL will be active holiday style as PJ4/K5SL from Bonaire (SA-006) on 7-14 September. He will operate mainly CW on 40, 30, 20 and 17 metres. QSL via home call. [TNX The Daily DX]

SP - Special event station SP60DXC is active on all bands and modes until the end of the year to celebrate the 60th anniversary of the SP DX Club (<http://www.spdxc.org/>). QSL via Club Log's OQRS, LoTW, or via SP7DQR.

SP - Radio Club SP9KJU will be active as SN0ARCO between 1 August and 31 December, with main activity on 1-31 August, to commemorate the 150th anniversary of Georg von Arco (1869-1940), a pioneer of radio engineering whose work was crucial in the development of wireless technology in Europe.

SP - Special callsigns 3Z1919PS, HF1919PS, SN1919PS, SO1919PS, SP1919PS and SQ1919PS will be activated from 15 August to 15 September to commemorate the centenary of the first Silesian Uprising (16-24 August 1919). The Silesian Uprisings were a series of three armed conflicts in Upper Silesia from 1919 to 1921 in which Poles and Polish Silesians sought to break away from Germany and join the new Polish Republic, founded after World War I. A certificate will be available; see <https://www.qrz.com/db/SN1919PS> for information.

SV - Michele, IW7EGQ will be active as SV8/IW7EGQ from Zakynthos Island (EU-052) on 20-28 August. QSL via M0OXO's OQRS.

T6 - T6AA and T6A (for use during major contests) are the callsigns issued to Robert, S53R for his operations from Kabul, Afghanistan [425DXN 1468]. He expects to be QRV in early September, and continue until summer 2021. He will operate mainly CW, with some SSB and digital modes, on 160-6 metres. QSL via

LoTW; an OQRS will be organized for paper cards (direct only). Updates will be posted to <https://www.qrz.com/db/t6aa>.

T8 - Nobu, JA0JHQ (<http://pandasan.jimdo.com/>) will be active again as T88PB from Koror (OC-009), Palau on 6-9 September. Main activity is likely to be during the All Asian DX SSB Contest (7-8 September). QSL via LoTW (preferred) or direct to JA0JHQ.

TA - Special callsign TC113PTR will be activated on 31

August and 1 September to memorialize the opening of the first wireless telegraph station in the Ottoman Empire, established at Patara near Gelemis (Antalya) on 31 August 1906. QSL via TA4E.

TA - A team from the YM1KM Amateur Radio Club will be active as TC0Z from Kefken Island (AS-159) from 31 August to 4 September. Four operators (TA0TA, TA2MN, TA6CQ and TA6N) will be QRV on 160-10 metres SSB and digital modes. The log will be uploaded to

LoTW and Club Log.

TK - Laurent, F8BBL (<http://rnb.dx-cw.net/>) will be active as TK19IOTA on 6-22 September. He plans to operate from IOTA groups EU-014 (main island of Corsica), EU-100 (Cerbicales), EU-104 (Sanguinaires) and EU-164 (Lavezzi). He operates mainly CW. QSL via F8BBL (direct or bureau) and LoTW.

UA9 - The 1-3 August RQ73QQ IOTA DXpedition to Bol'shoy Begichev Island (AS-152) [425DXN 1468] has been cancelled owing to safety concerns (adverse sea conditions and polar bears on the island). The team will remain on Popigay-Ary Island (AS-063) instead, and be QRV as R63RRC until around 3 August.

UA9 - Mike, RA1ALA expects to be active as RA1ALA/8 from Shokalsky Island (Ostrov Shokalskogo, AS-083) approximately between 11 and 20 August. QSL direct to home call. [TNX Russian Robinson Club]

UA9 - Look for RV1CC/0 and RM0F/p to be active from Iturup Island (AS-025) on 15-20 August. QSL via home calls.

UA9 - R0LS, RW0LZ and R0MZ will be active as R0LS/p from Karamzin Island, near Rikorda Island (AS-066) in the Peter the Great Gulf between 10 UTC on 24 August until around 2 UTC on the 25th. They will operate CW, SSB and FT8 on 40, 30, 20 and 17m. QSL via R0LS, direct or bureau. [TNX grz.ru]

V2 - Bud, AA3B will be active as V26K from Antigua (NA-100) on 8-20 September. In his spare time he will operate mainly CW on the HF bands. QSL via Club Log's OQRS, LoTW, or via home call. [TNX The Daily DX]

VE - VY0ERC, the Eureka Amateur Radio Club station located on Ellesmere Island (NA-008), will be active again between 1 and 20 August. QSL via MOOXO's OQRS and LoTW.

VE - Look for Pierre, VE2GT to be active as VE2GT/150 from Ile du Havre (NA-176) for a couple of hours (+/- 13.30-15.30 UTC) on 1 September. QSL for this operation via EA5GL. [TNX DX World]

VE - Alessandro, VE7ADA will be active as VE7ADA/1 from IOTA groups NA-010 and possibly also NA-081 on 1-7 September. He will operate SSB on 40-10 metres. QSL via home call, bureau or direct. [TNX DX World]

VK9N - Mek SP7VC (digital modes), Jacek SP5EAQ (SSB) and Marcin SP5ES (CW) will be active on the HF bands from Norfolk Island (OC-005) as follows: SP7VC as VK9NC on 18-28 October, SP5EAQ as VK9NE from 18 October to 4 November, and SP5ES as VK9NG from 28 October to 4 November. Look for VK9NE to participate in the CQ WW DX SSB Contest. QSLs via SP7VC (direct or bureau) and LoTW. See <http://vk9n-2019.dxing.pl/> for more information.

W - Members of the Old Barney ARC will be active as N2OB from 'Old Barney', the Barnegat Lighthouse on

Long Beach Island (NA-111) on 17 August, from about 13 UTC to 21 UTC. They will operate SSB and some CW and FT8 on 40 and 20 metres. QSL via N2OO. [TNX N2OO]

W - Yuri N3QQ, Cezar VE3LYC, Sandro VE7NY and Adrian KO8SCA will be active as K7TRI from Tillamook Rock (NA-211) on 6-9 September. They will operate CW and SSB on 40-17 metres with two

stations around the clock. QSL via Club Log's OQRS, or via VE3LYC. Tillamook Rock was activated only once, back in 1998, by W5BOS. "This is a very expensive and challenging project", the team says. "Please help us defray some of the huge costs associated with this project by considering a donation - we really do need all the support that IOTA chasers and DXers are willing and able to offer!" See <http://k7tri.weebly.com> for more information and updates.

W - Organized by the Citrus Belt ARC, the 20th annual Route 66 On The Air special event celebrates the historic US Highway 66. Twenty amateur radio stations using 1x1 callsigns (W6A-W6I and W6K-W6U) will operate from cities along the "Mother Road" on 7-15 September. See <http://w6ibt.org/> for information about the event and QSL routes.

W - The Northern Colorado Amateur Radio Club will operate special event station WW0WV from 28 September to 2 October to mark the 100th anniversary of the time and frequency standard station (WV), the oldest continuously operating radio station in the world. Operations will take place from the WV site near Fort Collins (CO) with four stations on multiple bands CW, SSB and digital modes. A trial run of WW0WV will be conducted on 24-25 August. QSL via Club Log's OQRS and oTW, or direct to WV Amateur Radio Club, 1713 Ridgewood Rd, Fort Collins CO 80526, USA.

YB - ORARI HQ will run special event station 8A74RI from 28 August to 1 September to celebrate the 74th anniversary of the Republic of Indonesia's independence. QSL via the bureau and LoTW. In addition to the HQ station, expect the special call-sign to be used from the various Indonesian provinces/call areas as 8A74RI/1, 8A74RI/2,

8A74RI/3, 8A74RI/4, 8A74RI/5, 8A74RI/6, 8A74RI/7, 8A74RI/8, 8A74RI/9 and 8A74RI/0.

YJ - Ron, YJ8RN is working and casual operating from various Vanuatu islands. On 8-14 August he was on Mere Lava (OC-104), followed by Gaua Island (Santa Maria, OC-104) until 19 August, and Loh Island (OC-110) until the 26th. He will then go to Sola on Vanua Lava (OC-104) until 1 September. QSL via NZ4DX. [TNX The Daily DX]

YO - Dan, YO9FNP will be active again as YO9KXF/p from Fericirii Island (EU-191) on 16-19 August. He will operate mainly CW with some SSB and FT8 on 40 and 20 metres. QSL direct to YO9FNP (see <https://www.grz.com/db/YO9KXF/p> for PayPal instructions). [TNX DX World]

YO - YPOF will be active again from Fericirii Island (EU-191) from 27 August to 1 September. A team of four (YO3GA, YO4GKP, YO9RIJ and YO9RYJ) will operate SSB, CW and FT8 on 80-10 metres. QSL via YO9RIJ. [TNX DX World]

Z8 - Diya, YI1DZ has returned to Juba, South Sudan and

hopes to be QRV again as Z81D by 17 August. He operates SSB and FT8 on 80-10m. His contract in South Sudan runs to 10 October. QSL via Club Log's OQRS, or via OM3JW. He does not use LoTW. [TNX The Daily DX]

BALTIC WAY 30 • On 23 August 1989 hundreds of thousands of people formed a human chain spanning across Estonia, Latvia and Lithuania, demanding the reestablishment of the independence of the Baltic States. Commemorating the 30th anniversary of the "Baltic Way", memorial stations ES30WAY, LY30WAY and YL30WAY will be active on 19-25 August. This is a joint

project of the amateur radio societies of Estonia (Eesti Raadioamatooride Uhing, ERAU), Lithuania (Lietuvos Radijo Megeju Draugija, LRMD) and Latvia (Latvijas Radio Amatieru Liga, LRAL). QSLs via Club Log's OQRS, LoTW and eQSL. A certificate will be available; see <http://lrmd.lt/30WAY> for instructions.

PACIFIC TRIP • Heli, DD0VR and Bigi, DE3BWR will be active as 3D2VR from Fiji on 2-8 September and again on 23-27 September, as 5W0VR from Samoa on 9-15 September, and as A35JY from Tonga on 16-21 September. QSL via DD0VR, direct or bureau. [TNX The Daily DX]

PACIFIC TRIP • Kaspars/YL1ZF, Yuris/YL2GM, Jack/YL2KA and Kristers/YL3JA will be active as T30L from Tarawa, West Kiribati (OC-017) on 6-15 September, and as C21WW from Nauru (OC-031) on 16-25 September. They will operate CW, SSB, RTTY and FT8 on 160-6 metres from both locations. QSL via Club Log's OQRS (direct or bureau), LoTW (six months after the end of the DXpedition), or via YL2GN. Bookmark http://www.lral.lv/c21ww_t30l/ for more information and updates.

GOOD TO KNOW

Access to the main functions of www.425dxn.org is provided by the 425DXN App for Android. It is available on Google Play - free of charge, no ads. Enjoy!

425 DX NEWS MAGAZINE • The July 2019 issue is now available for download at <http://www.425dxn.org/index.php>. [TNX IZ3EBA]

4D0B • Ken, G3OCA is receiving many QSL cards from Japan for contacts made with 4D0B in 2018. "I operated as 4D2B in 2003", Ken says, "but I have no knowledge of 4D0B in 2018, and I cannot afford to keep sending these cards back to the operator".

50MHZ ITALIAN PROVINCES CONTEST • The 18th edition of the 50MHz Italian Provinces Contest, sponsored by ARI Fidenza, will be held on 15 September from 7 to 15 UTC. Starting from this year, participation has been extended to stations operating from outside Italy. Complete rules can be found at <http://www.arifidenza.it/contest.asp> [TNX IK4CIE]

FT8DMC ANNIVERSARY • Eight special event call signs will be activated on 10-24 August to celebrate the 2nd anniversary of the FT8 Digital Mode Club: A91FTDMC (Bahrain, QSL via A92AA), I18FTDMC (Italy, QSL via IK8YFU), LX8FTDMC (Luxembourg, QSL via LX1TI), OD5FTDMC (Lebanon, QSL via K3IRV), OE19FTDMC (Austria, QSL via OE1SGU), TM8FTDMC (France, QSL via F1ULQ), TO8FTDMC (Guadeloupe, QSL via F1ULQ) and ZL6FTDMC (New Zealand, QSL via F1ULQ). The logs will be uploaded to LoTW and eQSL. See <https://www.ft8dmc.eu> for information on the FTDMC Anniversary Award.

GOOGLE EARTH • Francesco, IV3TMM has prepared the KMZ files for showing CQ and ITU zones on Google Earth, and made them available for download on <https://g7vjr.org/>. Vincent, F4BKV has updated the KMZ file containing all IOTA groups including the six new ones. The new version (iota-v-3.kmz) can be downloaded from <https://iota-world.org/> (click on "Downloads" in the drop-down menu under "Programme Information").

HAPPY 150! • 2019 marks the 150th anniversary of the birth (2 September 1869) of Hiram Percy Maxim (W1AW), first president and cofounder of the ARRL, and the League is again holding an operating event to celebrate his legacy. This operating event is open to all amateurs, and the goal is straightforward: find stations operating in the event, many adding "/150" to their call signs, and contact as many as possible during the 9-day celebration, from 31 August to 8 September. W1AW and all ARRL members are eligible and will append /150 to their call sign during this event (this includes DX Stations who are ARRL members, who may operate as call sign/150 if permitted by the regulations of their country of license). See <http://www.arrl.org/hpm150-birthday-celebration> for complete information. A dedicated logging programme developed by Scott Davis, N3FJP can be downloaded for free: <http://www.n3fjp.com/hpmaxim.html>.

ILLW • The 22nd annual International Lighthouse/Lightship Weekend will take place from 00.01 UTC on 17 August until 24.00 UTC on the 18th. Complete information on this popular event, including a list of announced participating stations, can be found at <https://illw.net/>.

INDEXA NEWSLETTER • The Summer 2019 edition (#126) of the International DX Association's Newsletter is now available for download (also in the Spanish translation provided by Otis Vicens, NP4G) on the IN-DEXA's website: <http://www.indexa.org/newsletters.html>. This issue reports on the DXpedition to Kanton Island, Central Kiribati (T31EU) which took place earlier this year. This DXpedition had support from IN-DEXA's DXpedition Fund and from IN-DEXA's "Hams with Hearts" Fund.

In the same issue there are several other items of interest. A primary benefactor of IN-DEXA's "Hams with Hearts" Fund, Zorro Miyazawa (JH1AJT) has been named Honorary Advisor to Bhutan's Olympic Committee President as he continues his encouragement of education and healthy growth for youth in various nations of the world.

INDEXA

INDEXA Director Otis Vicens (NP4G) reports on his solo DXpedition to Easter Island accompanied by his father. It is a pleasant story of a father and son reconnecting as adults.

If you have ever wondered about the process of how IN-DEXA processes requests for DXpedition funding, IN-DEXA President Bob Schenck (N200) provides the membership with a rundown of how it all happens.

Finally, if you haven't already noticed, a new video presentation has been generated in the past month which explains DXing and IN-DEXA's role in "Helping to Make DX Happen". There is a link to the presentation in the article. [TNX K8YC]

K6VVA/6 • Rick, K6VVA has been granted written permission for access to White Rock (NA-187), subject to a number of restrictions (including "low power battery operation" as generators and gasoline are not allowed, and "local daytime only QRV for safety reasons"). Tentatively, he is "looking at sometime between September 15 and October 15". More information will be provided in due course.

MIDWAY ISLAND 2020 • Ron, KH6DV had announced that KH6VV/KH4 would "activate Midway Atoll the last two weeks in February 2020". Owing to "a number of very good reasons", however, the DXpedition has been postponed. "Some of the things we are working on will take a number of months - one will take 4 or 5 by itself. We could postpone for just a couple months but then we would be operating during the summer with its associated terrible conditions. We have decided to plan for the first two weeks in October 2020". See <https://dx-world.net/kh6vv-kh4-midway-island-2020/> for few preliminary details and comments.

MOUNT ATHOS • In a letter provided by SV1GRM, Monk Iakovos (SV2RSG) from the Koutloumousiou Monastery says: "I hereby take the liberty to contact you and write in the circumstances of what has been circulated as sporadic rumours regarding Mount Athos, Monk Apollo and me in conjunction to the issue of ham radio activities (radio amateur)". Read brother Iakovos' complete letter and appeal to "all those who love Mount Athos and the tradition of Amateur Radio" on <https://dx-world.net/sv2rsg-mt-athos/>.

NCDXF • The Northern California DX Foundation (<https://www.ncdxf.org/>) announced on 23 August that grants have been issued to two Pacific DXpedition teams.

"The 2019 Western Kiribati (T30L) and Nauru (C21WW) DXpeditions slated for September have been granted \$5,000 from NCDXF. Team Leader Yuris, YL2GM, has assembled another high-energy team to activate these two islands in an exciting back-to-back operation in September. One of the operators is Kristers, YL3JA, a 21-year old first-timer and future WRTC 2022 hopeful.

The upcoming ZK3A DXpedition slated for October 2019 has been issued a \$4,000 from NCDXF using a new grant matching program. To encourage more European club participation in early funding raising efforts for DXpedition teams, NCDXF pledged \$2,000 up-front to the ZK3A DXpedition team and

also offered to 'match' up to an additional \$2,000 in pre-trip funded grants obtained from any EU DX Clubs or Foundations. We are happy to report that this new grant-matching plan worked well as the ZK3A team has received an additional \$2,000 from European Clubs and Foundations in vital up-front funding.

During the last 46 years, NCDXF has granted over \$1 million to hundreds of DXpeditions - helping to put an 'all-time-new-one' (ATNO) in the log and make DX happen for thousands of DXers worldwide. DXpeditions to rare entities are becoming more expensive, a trend that will continue. If you agree with the importance of NCDXF's work, please visit our website to study our history and to consider providing your support". [TNX AA7A]

QSL R63RRC • The logs for the IOTA DXpedition to Popigay-Ary Island, AS-063 (15,265 QSOs logged between 24 July and 3 August) have been posted to Club Log and the OQRS has been enabled: <https://clublog.org/logsearch/R63RRC>. Those who do not use Club Log should go direct and mail their request to EU7A (maildrop): Andrey N. Teterukov, P.O. Box 13, 212030 Mogilev-30, Belarus.

VP8/VP8DXU • The project planning for the 2020 South Orkney Islands DXpedition [425DXN 1469] continues on schedule. During the weekend of 12 July seven team members and three volunteers met in Placerville, California to prepare the tents for use on Signy Island, 60m FT8 has been added to the operating plan, and the fundraising campaign continues: "team members made their 2nd payment to the project, and our 2nd payment to the 'Braveheart' was processed", the VP8/VP8DXU team reported on 27 July. "As of this writing, 33 clubs/foundations and 273 individuals have shown their support for the project. While we're making progress, we have a long way to go to reach the goal of 50% team member funding of the estimated project cost of USD 325,000. Please keep in mind, serious DXpeditions, especially those in the Southern Ocean, must pay the bills before leaving home, we are no exception. If you need South Orkneys for an ATNO, or plan to work us, we would appreciate your help". Please visit <https://sorkney.com/> and consider making a donation.

ZK3A • Preparations for the 1-11 October DXpedition to Tokelau [425DXN 1471] are in the final stage (<https://tokelau2019.com/>). Three team members (K08SCA, N7QT and ZL3WW) will be arriving a week earlier than the main team (YT1AD, UR0MC, UT5UY, K6VHF, PY2NDX, R7KW, RW7K, RX3APM,

SV2BFN, UR9QQ, US0KW, UT8IO, UX0LL, VE7NY, VK3FY, VK3GK, WD5COV) to set up the stations.

The Tokelau Islands (OC-048) consists of three atolls, and the ZK3A team will establish an Amateur Radio Club on each of them: Atafu (ZK3RA), Fakaofu (ZK3RF) and Nukunonu (ZK3RN). Each club will have a TS-590S and dipoles for 40 and 20m; in addition, ZK3RF's equipment will include an A3S 3-element beam for 10, 15 and 20m, and a 800-watt linear amplifier. Power will be provided by solar panels, but the team will also donate a 6 kVA generator to each island. The total donation amounts to about 8,000 US\$.

QSL via Club Log's OQRS (direct and bureau), or direct to YT1AD; the full log will be uploaded to LoTW six months after the DXpedition. A free of charge certificate issued in electronic format will be available for working ZK3A on 3 different bands regardless of mode, or on 3 different modes regardless of band (send your application to uz1rr[@]ukr.net). [TNX YT1AD]

4U1UN

The following update was posted to the United Nations Amateur Radio Club's Facebook page on 25 August:

"We are receiving a lot of messages regarding the lack of 4U1UN (United Nation Amateur Radio Club) activity on the bands. We will try to clear some things about the current Club's activities. Many of you do not know that after the renovation of the UNHQ building in New York, the room dedicated to the recreation area, on the 41st floor, in which the 4U1UN radio equipment was located, was transferred to the special UN unit - Broadcast and Conference Support Section. That room now is allocated to professional communications equipment. This was the only room technically suitable to be used for installing our gear, with easy access to the roof but after renovation it became off-limits for any other services, except BCSS.

Please do not think that UNARC members gave up and are doing nothing - believe me, almost daily communication has not been interrupted for the past seven years. After the successful activity of 4U70UN back in 2015, with the support of the UN Administration, we were able to secure a tiny 20-square-foot room for the Club's needs on the ground floor of the building. For obvious reasons, no one will give us the opportunity to run a separate coaxial cable from the ground floor to the 41st floor. Considering the fact that the room, allocated for the Club, can be transferred to any other place at any time, we have developed a project for installing a remote station on the 41st floor.

The main difficulty in quick implementation of such project at the UNHQ is not political, but administrative and organizational. The BCSS is responsible for the security for all the UN communications equipment. They provide the entire UN communication (including emergency etc.) to all UN field locations around the World. There are communication repeaters, satellite links and other equipment, access to which is strictly limited. Only security personnel, authorized by this service, have permission to be there. Coordination of access to this room for club members (UN staff) at such a high level, takes several months to be approved, and the time allowed for work is limited to only one or two hours per visit.

If it were not for BCSS support, nothing would have been possible at all, even the placement of the beacon station and antenna! Imagine that you want to put a remotely controlled and unsupervised amateur radio station in the server room of the White House special communications service, and you will get the picture. Every time we get access - we are accompanied by representatives of three different UN services, and only because none of us is giving up - the process of returning the UN amateur radio station in the air, although slowly, continues.

Now, some good news!

This Saturday [24 August 2019, ed.], several members of the UN radio club, representatives of UN services and guests, once again got the opportunity to continue the configuration of equipment and its connections. Unfortunately, the assembled 19-inch rack and part of the equipment were disconnected during delivery to the 41st floor, including disassembling of the power amplifier. This is mainly because the BCSS personnel needed to hand carry all the equipment several flights of stairs to the top floor. The ACOM-2000A amplifier fully assembled is very heavy, so its disassembling was certainly needed.

After four hours of work, the connections of the SteppIR BigIR vertical antennas were restored, a new SDA-100 controller was installed and a RemoteRig 1216H was connected for easy remote access. The antenna was tested and configured. Remote access from the first floor works (special thanks for the separately run Ethernet cable over the entire height of the building, for the use of the Radio Club). The operation of the ACOM- 2000A amplifier with an antenna was tested.

While we were testing, we realized that our Elecraft K3 needed to be disconnected and sent for repair. Apparently, due to the lack of the ability to retract BigIR antenna earlier, static discharges damaged the K3 power control board. Updating/re-installing of the K3 firmware didn't help. Let's hope for a speedy recovery of the transceiver after treatment at Elecraft!

We really hope that in the very near future, after debugging and setting up all the equipment, we will finally be able to proudly look at the work done and begin to appear steadily on the bands; and you will be able to get ATNO with the UNHQ!

Thanks to everyone involved, especially to James Sarte K2QI (UNARC President), Philip Dale G6CBR (UNARC), UN Security Staff, UN BCSS Staff, Adrian Ciuperca (KO8SCA).

To be continued!"

IOTA

RESTRUCTURING OF AS-117 & AS-206 • "Islands previously listed as qualifying for AS-117 that now fall within the coordinates box of the new group AS-206 (Honshu's Coastal Islands East) have been transferred and are listed appropriately both in the application database scroll-down list and in the IOTA Directory online.

Following several activations from AS-206 in the last few weeks with most already accepted for credit, the group number is now confirmed. Record-holders with credits for AS-117 that commence with prefixes JA0, 1, 2 and 7, will have their credits reviewed for transfer to AS-206.

All chasers who logged into the IOTA system at least once during the last two years will be automatically informed by a credit re-allocation. This will alert them to the need to find a replacement card or QSO match for AS-117 with a prefix JA3, 4 or 9 to regain credit.

Other record-holders for whom Management no longer retains an email address will have any necessary transfer made automatically.

The intention is to transfer all credits to the correct IOTA group within a few weeks. As this is quite a big job, patience is requested". [G3KMA, <https://iota-world.org/>, 30 July 2019]

TRANSFER OF CREDITS FROM AS-117 TO AS-206 • "All old AS-117 credits issued for operations from islands which now belong to AS-206 have been transferred to AS-206. Additionally, old AS-117 operations from islands now within AS-206 which have logs at Club Log enabled for QSO matching, as well as old IOTA Contest logs which fall in this category have been appropriately amended to be used toward AS-206 credits. Please direct any questions you may have on this topic to info[@]iota-world.org" [VE3LYC, <https://iota-world.org/>, 8 August 2019]

TRANSFER OF OLD AS-025, EU-019, AND EU-133 CREDITS • "All old credits issued for operations from islands which used to be at one time part of these island groups but are now within AS-204, EU-190, and EU-117, respectively, have been transferred. In case the respective chasers already had credits for the latter groups, their original credits were revoked.

EU-117 and EU-133 have been re-organized after Malyy Visotsky Is. lost its DXCC status in 2012, but the credit transfer was postponed until now. Old operations from the above island groups which have logs at Club Log enabled for QSO matching, as well as old IOTA Contest logs which fall into this category have been appropriately amended to continue to be used toward IOTA credits. Please direct any questions you may have on this topic to info[@]iota-world.org" [VE3LYC, <https://iota-world.org/>, 14 August 2019]
