

A.S.L.A. - ADRIATIC SEA LAND AWARD

The A.S.L.A is the permanent Award in perchmen , that is released to the OM or SWL that proves to have connected to since January 1 st 1996 the Regions to lean out on the Adriatic Sea: I7 - IK7, I8 - IK8, I6 - IK6, I4 - IK4, I3 - IK3, IV3, YU3, YU2, YU4, ZA, SV, IL7, anymore a station of the Section of Canosa di Puglia (obligatory).

The OM's of the A.R.I. Section of Canosa di Puglia are him to consider joker and you can replace a prefix lacking (for an only time).

The Award is separate in three classes:

- 1 - connections on two band for every prefix;
- 2 - connections on all the band of the prefixes
- 3 - connections on all the band than at least ten prefixes.

The Award foresees connections happened in 432 Mhz FM -SSB and 144 Mhz FM -SSB. For these frequencies it is forbidden the use of the repeating bridges. HF with endorsement for the connections on single band.

For these frequencies for the foreign OM 's they are enough ten connections:

The applications must be sent to Section you Plough of Canosa di Puglia - P.o. Box. 41 - 70053 Canosa di Puglia – BARI – Italy, together with €7.75 or 20 IRCs.

They are not in demand the QSL , on the contrary the certification of the form with the extract Log from two OM.

In the case the QSL the same were sent you will be returned away Bureau.
