

DOLOMITI Award

To archive the "Dolomiti Award" it is necessary to establish radio links or listening with stations of radio amateurs who operate in the provinces of Belluno, Trento and Bolzano as it is shown:

HF Bands :

Italian OM - SWL on the whole 15 links/listening of which at least 4 in every province.

European OM - SWL on the whole 10 links/listening of which at least 3 in every province.

Extra European OM - SWL on the whole 5 links/listening of which at least 1 in every province.

VHF Bands and superior:

Italian OM - SWL on the whole 7 links/listening of which at least 2 in every province.

European OM - SWL on the whole 3 links/listening of which at least 1 in every province.

The links will have to be established on the authorized bands for the service of radio amateur from OM fitted with regular license. The links via repeaters is not permitted. The "cross band" is allowed only via satellite.

The links must have been established after 15/09/1967. The Dolomiti Award is issued in the following ways: SSB, CW, RTTY, FM. Mixed. In the request of every single award more links with the same station are not allowed.
