

GRADO ISLAND DX-PEDITION TEAM

ISOLE della LAGUNA di GRADO AWARD

The components of the Grado isl. DX-PEDITION TEAM and the Section A.R.I. of Grado they found to permanent character the Award "Islands of the Lagoon of Grado "
for all the OM/SWL that prove the QSO/HRD of the islands regularly activated by the partners affiliates to the section of Degree.

For the Italian OM/SWL they are necessary 10 islands QSO/HRD and you confirm; for the Europeans Station 5; the connections can be effected on all the band and ways; the activations are valid beginning from 1985.

They are considered valid all the islands of the I.I.A. more the possible ones "new one" in progress of cataloguing.

For the application of the Award it will need to send a drawn out log adequately compiled and signed by 2 OMs or Award Manager of section to confirmation of the happened control of the QSL brought on the list (what they have to own the applicant however and to disposition for possible controls)

The applications must be send to:

A.R.I. section of Grado
