

## **W.W.W.S.P. - Worked World Wide Special Prefixes**

The Daunia DX Club, founded in 1994 within the affiliates to the Ari Section of Foggia impassioned of DX, was founded the "Worked World Wide Special Prefixes" (connected the prefixes special all over the world). The Award, color, can be achieved by the OM and SWL that they will try to have QSO/HRD:

- 1 - one or more OM from at least five of the continent followings: Europe, Asia, North America, South America, Africa, Oceania, Callsign with appointed special.
- 2 - a QSO/HRD with the Antarctic continent can replace one of the aforesaid continent (in this case is not in demand the special prefix).
- 3 - it is not necessary to send the original QSL : a log of the effected connections can be exhibited, undersigned by the applicant and by two OM, or from the president of own ARI Section , that they will attest to have examined with positive result the QSL .
- 4 - they are considered valid the QSO/HRD effected in any date.
- 5 - the contribution it spent is of 10 \$ or 10 € for Europe, Italy and DX OM.
- 6 - the WWWSP can be in demand for ways or bands specific.
- 7 - every year will be assigned a special prize to the station with greater score, calculated as it follows: final score = number of the confirmed special prefixes continent x worked separated number of bands used from OM.

This calculation has the goal of not penalize the Om that will ask for the Award for single band.

If contextually required to the Award, up-to-date classification will be furnished, otherwise to send S.A.S.E. to the Daunia DX Club manager IK7RWD Miky D'Apote.
