Do not forget to give a look at the Announced Operations listing maintained by Bill, NG3K at <http://www.ng3k.com/Misc/wpxs2017.html> - good contest to you all!

GOOD TO KNOW

AFRICAN TOUR • Peter, HA3AUI [425DXN 1335] has been active as 6W2SC from Senegal since 17 February, and as J5UAP from Guinea-Bissau since 25 February. During the first half of March he will remain based in Senegal "with some daily trips to J5". During the second half of the month he will be based in Guinea-Bissau. QSL via HA3AUI (direct) and LoTW, logsearch on Club Log and <http://cqafrika.net>.

ARRL DX SSB CONTEST • Object of the contest is for W/VE amateurs to work as many stations in as many DXCC Entities as possible on the 160, 80, 40, 20, 15, and 10 metre bands, while DX stations (also including KH6, KL7, CY9 and CY0) work as many W/VE amateurs in as many of the 48 contiguous states and provinces as possible (complete rules on www.arrl.org/arrl-dx). This year's event will run from 00.00 UTC on 4 March through 23.59 UTC on the 5th. Do not forget to give a look at the Announced Operations listing maintained by Bill, NG3K at <http://www.ng3k.com/Misc/adxs2017.html> - good contest to you all!

CQ MM DX CONTEST • The fifth edition of the CQ Manchester Mineira DX Contest, sponsored by the Juiz de Fora CW Group, will be held on 15-16 April. It will run from 12 UTC on Saturday through 23.59 on Sunday on 80, 40, 20, 15 and 10m CW. Complete details on www.cqmmdx.com. [TNX PY4WAS]

IOTA HONOUR ROLL • "The 2017 Honour Roll and Annual Listings have been posted on the IOTA website (<http://www.rsgbiota.org/info/>). Together the two main listings show growth of 8.4% over the same listings in 2016. 207 record-holders have scores of 1000 or more IOTA groups, an increase of 11.3%, and 552 have scores of at least 750 groups, the number required for the IOTA Plaque, up by 6.4%. Scores at the top continue to close with 35 record-holders breaking through the 1100 mark. Congratulations to joint leaders 9A2AA, I2YDX and I8ACB on 1118 groups out of a possible 1123 and indeed to all who have joined the IOTA family or updated in the last year". [TNX G3KMA]

IOTA PLAQUE OF EXCELLENCE • "Islands On The Air (IOTA) Ltd has just completed a very successful first year", G3KMA reported on the IOTA website (<https://www.rsgbiota.org/>) on 16 March, "and has decided that this needs to be commemorated with a special offer to the IOTA Community. For one year it offers an enhanced opportunity to everyone who has put in the long time commitment and reached the 750 IOTA benchmark to purchase the beautiful 750 Islands Plaque of Excellence at the specially reduced price of GBP 90 (UK recipient), GBP 100 (EU) and GBP 110 (Rest of World). These prices include shipping and apply for purchases of the Plaque made between 1 January and 31 December 2017".

KC0W WORLDWIDE DXPEDITION • "My next multi continent DXpedition will start 17 April, 2017", KC0W reported on qrz.com. Neither Equatorial Guinea nor Annobon will be included in Tom's tour, as he was unable to get the licenses. Nonetheless, "these upcoming DXpeditions should still generate good interest". Usually he operates CW only, but he is "also considering operating RTTY & PSK due to high need".

MDXC 20TH ANNIVERSARY • Expect a large number of special callsigns to be active on 1-30 April to celebrate the 20th anniversary of the Mediterraneo DX Club:

OH2BH'S BIRTHDAY ON THE AIR (BOTA) • "The OH2BH 70th Birthday Anniversary tour was to include ten stops. They've taken Martti to the countries and islands that once affected him greatly along his road to becoming such a well-known figure in the DX and Contest communities. But he missed one of them. EA8BH, the Canary Islands will now be aired post festum in the ARRL DX Contest this coming weekend (4-5 March). You can complete your BOTA hunt with EA8BH. The list of 2016-17 BOTA events includes CU2KG/CR2X, CT3BH, OH0B, OJ0B, ZA/OH2BH, Z68BH/Z60A, V26BH, J70BH, OF9X and EA8BH. Contacts with these ten stops give you 5 points each, while working OH2BH/OH70BH during 2016 adds 25 points to your point account. There is a surprise prize for the winner and a signed certificate for high scorers". [TNX OH2BH]

PDXG QSL MANAGEMENT PLATFORM • Members of the Perseverance DX Group (PDXG) are collaborating with M0URX and M0OXO to design and develop a cloud based QSL Management Platform aimed at simplifying the QSL manager's job. "The complexities of handling tens of thousands of QSL cards, e-mails, Not in Log/busted calls requests, returned postal mail pieces and a host of other tasks which were done manually for so many years needed to change". The project began in September 2014 and now the system is fully operational: see <http://www.pdxg.net/> for a summary of information. [K5GS]

QSL GALLERY • The large collection of QSL cards on Les Nouvelles DX's web site has been updated. Fifteen different galleries include 14,507 cards for the ten Most Wanted DXCC Entities (2004-16), the 62 deleted DXCC Entities, obsolete prefixes, stations from Maghreb from 1945 to 1962, Allied Forces stations in Germany (1945-70), special stations commemorating ITU and IARU, Antarctic bases and TAAF (Terres Australes and Antarctiques Francaises), the various French DXCC island Entities in the Pacific Ocean, the Indian Ocean and the Americas (from 1945 to 1970), pre-1945 countries, French Departments and CONUS, plus a gallery for cards not accepted by DXCC. Your participation is encouraged: www.LesNouvellesdx.fr. [TNX F6AJA].

RSGB COMMONWEALTH CONTEST • The 80th edition of the Commonwealth (BERU) Contest (<https://berucontest.wordpress.com>) will be held on 11-12 March, from 10 UTC to 10 UTC, on 80, 40, 20, 15 and 10 metres CW. Only operators located within the United Kingdom and Crown Dependencies, Commonwealth or British Mandated Territories are eligible to enter.

RT9K/9 • After reaching Dikson Island (AS-005), the RT9K/9 team had to abandon their plans for activation of other four IOTA groups in the Kara Sea (AS-054, AS-121, AS-104, AS-068), as ice conditions prevented them from going further. The Arctic "showed its severity and unpredictability", UA9OBA says. Another attempt should take place next year. While on Dikson Island (7-9 March), the team logged 764 QSOs. QSL cards can be requested through Club Log's OQRS: <https://secure.clublog.org/logsearch/RT9K/9/AS-005>.

W9WNV: AN INTERVIEW • "We are all powered by dreams of distant lands, rare DX, and the urge to compete and stand up at the podium. Those dreams are often inspired by those whom we admire and want to be on par with – or even more.

Don Miller, W9WNV, was once a DX hero and a CQWW Contest SOAB dual record holder (CW/SSB) but suddenly left the industry. On DXpeditions, Don was eagerly followed by most of the DXing world. Martti, OH2BH wanted to emulate his efforts and become of his kind. What did Don do to create this following?

It was Christmas 2016 when Don Miller, W9WNV, and Martti Laine, OH2BH, gathered at Martti's Finland home at his 70th anniversary party. This meeting brought back reminiscences of the days when our industry was still young and provided an interesting playing field for the evolution of our great DX passion.

During this meeting in Finland, Don was caught on video talking about his earlier operations and his operating methods. Many aspects of how we operate now were pioneered by Don Miller. Split operation, "5NN," pileup management techniques; looking back, many of these techniques were first implemented during Miller's operations". Don talks about some of these issues in a YouTube video (5 parts): go to <https://www.youtube.com/> and search for 'W9WNV in Helsinki'. [TNX OH2BH]

YE0S • The 20-27 March operation from Sebira Island (OC-177) [425DXN 1341] has been cancelled.
