"If you follow the Intrepid-DX Group", Paul Ewing (N6PSE) posted to his blog (<https://n6pse.wordpress.com/>) on 9 June, "you know that we visited Erbil, the capital of Iraqi Kurdistan in April 2010 and conducted the Y19PSE DXpedition. The Intrepid-DX Group will continue to follow developments from the KRG as they move towards independence. If they declare independence and all conditions are in place for UN

acceptance, we will again hope to join forces with our friends the Tifariti Gang (www.dxfriends.com) and activate Kurdistan together just as we joined teams to activate the new Republic of South Sudan in 2011. You can follow our progress at <http://www.Intrepid-DX.Com> or on our Facebook Page.
