HEARD ISLAND 2013 ---> Chris Dimitrijevic (VK3FY) and Steve Chamberlain (VK6IR, Co-Leader) are in the "preliminary, but serious" planning stages to put Heard Island back on air in February 2013. It is proposed to have a 13-member DXpedition team on the island for two weeks. Costs are expected to be in the order of \$USD 500,000. Once the key preliminary steps (i.e. to get a permit to land and to charter a suitable ship) are completed, or satisfactorily progressed, they will apply for "at least one callsign" and an internet website will be set up to keep everyone informed. [TNX DX World]

JARVIS ISLAND 2011 ---> The DXpedition to Jarvis Island organized by Radio Expeditions Inc [425DXN 991] has been postponed until November 2011.

During the first half of 2010 the US Fish & Wildlife Service developed a draft "Compatibility Determination for Amateur Radio Operations at the Jarvis Island National Wildlife Refuge". This document contains the rules and constraints for DXpeditions at Jarvis, and was made available on 21 June 2010 for public comments to arrive not later than 5 July.

The FWS Honolulu office staff reviewed the comments, made a number of changes, and submitted a final draft for approval at their regional office in Portland, Oregon. The final version was released on 28 July and revised applications for a permit were accepted until 25 August. The constraints in the Compatibility Determination required a radical restructuring of Radio Expedition Inc's plans, reducing both the number of stations and the time on the air.

Since more than one amateur radio group submitted an application which met the requirements of the compatibility determination, a lottery among the qualified groups was held at the FWS Honolulu office by the refuge manager on 30 August. Radio Expeditions Inc was fortunate to be selected. However, due to the time required to establish the rules for amateur radio operations from Jarvis, the late selection date, and the lead time required to schedule and prepare the MV Braveheart, the expedition has been postponed one year. November remains the best month to visit Jarvis Island from a propagation standpoint, with the largest combination of openings predicted to Europe on both 160/80 and 12/10 metres.

KERMADEC ISLANDS 2010 ---> Vicky, SV2KBS has joined the ZL8X DXpedition to Raoul Island, Kermadecs [425DXN 981]. The current team of operators

includes DJ5IW, DJ9RR, DK1II, DL1MGB, DL3DXX, DL5CW, DL5LYM, DL5XL, DL6FBL, DL8LAS, DL8OH, SP5XVY and SV2KBS. In late July 2.5 tons of equipment were packed and ready to be shipped to New Zealand. Details of the expedition can be found at www.kermadec.de

QSL UA0FUA ---> Paolo, IK2QPR is the new manager for UA0FUA (Iturup Island, AS-025). QSL direct (Paolo Fava, Via Bertani 8, 46100 Mantova - MN, Italy) or bureau- [TNX IK2QPR]

QSL GALLERY ---> The large collection of QSL cards on Les Nouvelles DX's web site has been updated. Thirteen different galleries include cards for the ten Most Wanted DXCC Entities (330 QSLs), the 58 deleted DXCC entities (1072 QSLs), obsolete prefixes (3004 QSLs), stations from Magrebh from 1947 to 1962 (353 QSLs), D5 and DL5 stations from 1945 to 1962 (56 QSLs), Antarctic bases (814 QSLs) & TAAF (Terres Australes and Antarctiques Francaises, 261 QSLs), the various French DXCC island Entities in the Pacific Ocean (320 QSLs) & the Indian Ocean (96 QSLs), pre-1945 countries (967 QSLs), French Departments (633 QSLs) and CONUS (71 QSLs), plus a gallery for cards not accepted by DXCC (118 QSLs). Several cards are still needed and your participation is encouraged - please visit www.LesNouvellesdx.fr and send your comments to [lesnouvellesdx\[@\]free.fr](mailto:lesnouvellesdx[@]free.fr) [TNX F6AJA]

T31UR & T31X ---> The Pacific Odyssey team's attempt at operating from Central Kiribati in September [425DXN 997] has failed, as they were unable to agree a "reasonable price" for the voyage. Bookmark www.uzlhz.com/pacificodyssey.html for future updates.

TOP LISTS ---> The latest Topband, Topmode and Toplist listings are now available at www.425dxn.org/awards/toplist/index.html. QSOs confirmed through LoTW or included in on-line logs are eligible for listing. Send send your scores, as well as any request for further information, to Erminio Pandocchi, I2EOW ([i2eow\[@\]fastwebnet.it](mailto:i2eow[@]fastwebnet.it))

+ SILENT KEYS + Recently reported Silent Keys include Edward K. Rose (HS0ZAN), Silvano Stefan (I3OKZ), Gianfranco Dell'Antonia (IN3DYG), Irmeli Virtanen (OH3TJ), Mikhail Y. Egorov (RK3DP) and Mikhail Y. Filippov (UA0MF).
