ET3AA ---> "On 30 May 2011 the reopening of the club station of EARS, our Ethiopian member society took place. Professor Doctor Heiko Schroeder, Head of the Technical Faculty of the University of Addis Ababa and Hans Blondeel Timmerman, President of IARU Region 1 cut the ribbon. Donations from STARS and others helped to enable the revival of ET3AA. Led by Sid ET3SID the club installed their their shack and built antennas on top of the roof of the Technical Faculty of the University of Addis Ababa". The full story is available on the IARU Region 1 website (www.iaru-r1.org).

MUSEUM SHIPS WEEKEND ---> Sponsored by the Battleship New Jersey Amateur Radio Station (NJ2BB), this year's Museum Ships Weekend will be held from 00.00 UTC on 4 June until 23.59 UTC on the 5th. Information on the event, including the relevant certificate and the listing of participating ships, can be found at www.nj2bb.org

TOP LISTS ---> The latest Topband, Topmode and Toplist listings are now available at www.425dxn.org/awards/toplist/index.html. QSOs confirmed through LoTW or included in on-line logs are eligible for listing. Send send your scores, as well as any request for further information, to Erminio Pandocchi, I2EOW (i2eow@fastwebnet.it)

SEANET CONTEST & CONVENTION ---> This year's SEANET Contest will take place on 4-5 June (24 hours). The results will be announced at the 39th SEANET Convention, to be held in Bandar Seri Begawan, Brunei Darussalam on 17-20 November. Full information on the Contest and the convention can be found at www.seanet2011.com

SOUTH SUDAN DXCC STATUS ---> By Martti Laine, OH2BH: "With great anticipation, DXers the world over are looking forward to the 9th of July this year as the predicted day of South Sudan's declaration of independence. Indeed, that declaration is set to happen, but it will not yet guarantee the birth of a new DXCC entity, at least at that time. The DXCC rules are written in such a way that only a new country's membership in the United Nations and/or its ITU country prefix will result in the anticipated DXCC counter. The U.S. State Department Geographer's list of Dependencies and Areas of Special Sovereignty obviously does not apply in this case.

The opinion from the ARRL is that no exceptions will be made in this case. They state that the event date - i.e. declaration of independence - will not cause potential QSOs to be counted retroactively. Rather, Newington categorically assumes that U.N. membership, which will most likely come first, followed by the release of an ITU prefix by the U.N. telecommunications agency, will lead to country status.

The prospect of a new country has taken an unexpected turn just recently. The country's borderline has never been settled between North and South Sudan in the area (Abyei) where most of the oil reserves are located. It was agreed under the 2005 Peace Agreement that the border issue will be resolved by the people in that province. A referendum to settle the matter has not happened. Instead, the North (ST2) has entered the disputed province with force. Additionally, the North has stated that they will not support an independent State in the south unless the contested region is theirs. The matter now remains totally in limbo (<http://www.bbc.co.uk/news/world-13560829>).

While the amateur radio project announced earlier this year by 5Z4DZ, ST2AR, W3UR and OH2BH is well underway, it is not yet reasonable to swing your antennas toward South Sudan, as we speak. The project has two well-known DXers now permanently based in South Sudan: SM7PKK and YI1DZ/ST2DZ. The knowledge and the professional presence are in place to proceed with an immediate activation as soon as the above country status matters are resolved. More news to follow". [TNX OH2BN]

WORLD CASTLES WEEKEND ---> Organized by the World Castles Activity Group, it will be held on 25-26 June. Several stations are expected to operate from fortresses and castles in Belarus, Belgium, Croatia, Czech Republic, France, Germany, Hungary, Ireland, Italy, Poland, Portugal, Romania, Russia, Slovakia, Spain, Switzerland, The Netherlands, Ukraine and the United Kingdom. Information on the event can be found at www.wcagroup.org
