ANTARCTIC ACTIVITY WEEK ---> The Worldwide Antarctic Program has announced that the 12th Antarctic Activity Week will be held from 16 to 22 February. The aim of this annual event is to promote worldwide interest in the Antarctic continent. Special callsigns (QSL via operator's instructions) are expected to be aired during this year's AAW from the following countries:

Australia	VK2ANT
Austria	OE88WAP, OE89ANT, OE90AAW
Canada	VA3WAP, VA7AAW
France	TM12WAP, TM60TAAF
Italy	II1MNA, II2ANT, II5ANT, II6ANT, IR1ANT
Poland	HF0A
Spain	AO4HAG, EG1LSP, EG5ANT, EH5ANT
Switzerland	HB9ICE
The Netherlands	PA6ANT, PF15ANT
USA	K0ANT, K4C, WK3N/AAW

Complete information on the AAW can be found at www.waponline.it.

BEST COMMUNICATION AWARD ---> Sponsored by DX Coffee (www.dxcffee.com) and

DX University, it takes into account the Public Relations side of a DXpedition, i.e. the information (daily reports, pictures, videos, forums, propagation hints, online logs, operating advice, etc) provided to the amateur radio community through the DXpedition website and other channels. The 2014 Best Communication Award went to FT5ZM (Amsterdam Island), whose website was made "to satisfy any curiosity that one could have" about the DXpedition as well as the island itself. "Special mentions" went to other five DXpeditions that have distinguished themselves for their communication through dedicated websites and/or the social media: A35V & A35X, YW5D (Isla La Tortuga), VK9MT (Mellish Reef), VK9DLX (Lord Howe) and FT4TA (Tromelin). The award presentation will take place at the DxCoffee Party on 12 April, hosted by the Florence HamFest (www.florencehamfest.com). [TNX IZ8IYX]

BOUVET 2016 ---> While still working on his one-man DXpedition project [425DXN 1235], Mark, ON4WW has published "An update and a reflection on DXpedition funding" which is worth a careful reading. It is quite long, so please have a look at it: http://www.on4ww.be/bouvet2016_pr3.html.

INDEXA NEWSLETTER ---> The Winter 2015 issue of the International DX Association's (INDEXA) Newsletter is available for download: www.indexa.org/newsletters.html. This issue (#108) recounts the VK9MT DXpedition to Mellish Reef in April 2014 that was shortened by a major cyclone: "imagine sitting on a sand coral island barely 6 feet (2 meters) above sea level that is about 600 miles (1150 Km) from terra firma with a tent flapping so loud from the wind that you can barely hear a radio communication even with earphones on your ears". [TNX K8YC]

K1N ---> Thanks to OE1WHC, the second of three scheduled exclusive interviews with Glenn Johnson, W0GJ is available on the Documentary Archives Radio Communications': www.dokufunk.org/navassa-e.

K1N will be in "full-swing" through their local Friday evening. The beams will come down on Saturday at dawn, and three outbound helicopter flights are planned for that day. This will leave three people on the island (K9CT, WB9Z and W0GJ), with three stations on the air using wire antennas. K1N will look specifically for those who need Navassa as an All Time New One: on 13 and 14 February on 15 metres SSB (22-24 UTC, for Asia and Oceania only), and on 14 February on 14240 kHz (13-24 UTC, worldwide). The operation will close down on 15 February at the break of dawn (Navassa time). Club Log's latest statistics (13 February at 00.43 UTC) show 125,071 QSOs (59.6% NA and 31.5% EU) with 32,578 unique callsigns. Updates and pictures can be found at www.navassadx.com.

LIGHTHOUSE WEEKEND ---> The 7th South American Lighthouses Weekend will be held on 20-22 February. Details, including a listing of participating stations, can be found at www.grupodxbb.com.ar.

VP8 2016 ---> The Intrepid-DX Group announced their plans to activate South Sandwich and South Georgia early next year [425DXN 1238]. "The activation of these two rare islands will be very expensive. The 14 team members are contributing \$210,000 towards the \$425,000 total cost of the DXpedition. The team has a critical decision to make. We have a non-refundable deposit of \$54,000 due to pay for our vessel charter. We fully intend to go forward with our plans however we need indications from the global DX Community

that you support our plans. While we are pleased with the support of some individuals and a few clubs so far, we are now asking those of you who have not yet done so to please consider donating to our fund, or pledge a donation. We ask that the DX Clubs and Associations of the global DX community lend us their support. We must feel confident that we can successfully raise enough funds for this exciting endeavor before we can commit to the non-refundable charter deposit. You can see how to make a donation here: <http://www.intrepid-dx.com/vp8/sponsors.php>. If you cannot donate at this time, but wish to make a pledge, please let us know: [intrepiddxgroup\[\]@gmail.com](mailto:intrepiddxgroup[]@gmail.com). If you wish your donation to be US tax deductible, consider making a directed donation through the Northern California DX Foundation (www.ncdxf.org). Without significant support from the global DX Community, we will not be able to go forward with our plans".
