BEST COMMUNICATION AWARD ---> Sponsored by DX Coffee and DX University, it takes into account the Public Relations side of a DXpedition, i.e. the information (daily reports, pictures, videos, forums, propagation hints, on-line logs, operating advice, etc) provided to the amateur radio community through the DXpedition website and other channels. The 2015 Best Communication Award has been assigned to K1N (Navassa Island), with "special mentions" to TX3X (Chesterfield Islands, www.tx3x.com) and VK9WA (Willis Islands, <http://vk9wa.com>). See also www.dxcoffee.com/eng/communication-award/.

CE0X 2017 ---> Felipe, CE5WQO has announced he is organizing a DXpedition to take place from San Felix Island (SA-013) in 2017. He will be joined by Dima RA9USU (CW) and another operator (CW and digital modes), while Felipe will Take care of SSB. "Authorizations and permissions" have been granted. His "Press Release #1" is available on <http://dxnews.com/ce0xce5wqo/>.

CLUB LOG'S MOST WANTED LIST ---> The latest Most Wanted List, generated on 31 August, is available at <https://secure.clublog.org/mostwanted.php>. The information is derived from QSOs uploaded to Club Log (currently 375 million log entries available for analysis) and, to improve quality, only QSOs that have QSLs confirmed are considered to be worked.

K9AJ/VY0 & KD6WW/VY0 ---> The recent operations from NA-159 (K9AJ/VY0 & KD6WW/VY0) and NA-196 (KD6WW/VY0) have been approved for IOTA credit. The OQRS on Club Log has been enabled: search for K9AJ/VY0_NA-159, KD6WW/VY0_NA-159 and KD6WW/VY0_NA-196. The updated final QSO total for both IOTA operations is 5,176 QSOs. Mike, K9AJ and Bruce, KD6WW do not expect early donors "to spend additional \$ to get their QSL cards. For our donors, please e-mail the operator (K9AJ or KD6WW) your QSO info and your preferred mailing address and we will send you a card when we mail the OQRS cards".

MOURX & M00XO: NEW QSL MANAGEMENT SYSTEM ---> The Perseverance DX Group (PDXG) and the United Radio QSL Management Bureau, owned and operated by Tim Beaumont (MOURX), have entered into an exclusive relationship for United Radio and its partner M00XO Online QSL Request Service operated by Charles Wilmott (M00XO) to use PDXG's QSL Management System. Current, future and legacy call signs supported by these firms are included in the agreement. The application was introduced during the TX3X Chesterfield Islands DXpedition (October 2015), and many enhancements have been added since then. This fully integrated cloud based application allows authorized users around the world access to a host of QSL management functions. By dramatically simplifying and automating the process a QSL manager's workload and time commitment are significantly reduced.

To DXers, the application presents the familiar functions of Log Search and OQRS. Busted Call and Not in Log inquires are handled by an integrated (form) process that greatly reduces the need for e-mails. The application integrates PayPal donor information with logged QSOs to recognize those who supported the DXpedition for expedited confirmation handling. Address and QSL card label management functions are seamlessly integrated for ease of use.

To date, Tim has loaded the logs for 140 DX stations, over 2 million QSOs. Charles will soon begin uploading 150 logs. Questions may be directed to Pista, HA5AO or Gene, K5GS at their qrz.com address. [TNX K5GS]

NOT THE MANAGER ---> Russ, WA3FRP says he is not the QSL manager for EP4YN any longer.

QSL GALLERY ---> The large collection of QSL cards on Les Nouvelles DX's web site has been updated. Fifteen different galleries include 14,038 cards for the ten Most Wanted DXCC Entities (2004-15), the 62 deleted DXCC Entities, obsolete prefixes, stations from Maghreb from 1945 to 1962, Allied Forces stations in Germany (1945-70), special stations commemorating ITU and IARU, Antarctic bases and TAAF (Terres Australes and Antarctiques

Francaises), the various French DXCC island Entities in the Pacific Ocean, the Indian Ocean and the Americas (from 1945 to 1970), pre-1945 countries, French Departments and CONUS, plus a gallery for cards not accepted by DXCC. Your participation is encouraged: www.LesNouvellesdx.fr. [TNX F6AJA].
