4K5ZI -> Ed, NT2X, has explained the activities from Snake Island (4K5ZI and EK5ZI). Both operations were regularly authorized (Snake was and probably is still a military island) and prefixes used were Russian (as the island was under the control of Moscow) and not Ucranians. Unfortunately the expedition organisation was not able to obtain the necessary documentations for ARRL, then both activities are not valid for DXCC.

DL8AAM -> Tom, DL8AAM, reports that he finally has received the QSL for the RW3TT/0 activity from Sredniy Island (AS-042) in April 94. He already answered to direct requests. Tom is working now on bureau requests. We remember his new address: Thomas M. Roesner, DL8AAM, Woerthstr. 17, D-37085 Goettingen, Germany.

HF0POL -> Rys, SP5EWY, reports that HF0POL is a club station, then QSL must be asked to different managers, depending on the operator that made the contacts. Between 1990 and 1992 the operators were SP5FLC (until 24 December 1990, QSL via homecall), SP3FYM (from 25 December 1990 to 24 December 1991, QSL via homecall), SP9DWT (from 25 December 1991 to the end of 1992, QSL via homecall). If you still need a QSL try to send it to Rys, and he will make his best to have a confirmation.

VE3VGI -> QSL for John, VE3VGI, activities from Scugog Island (ON-020) and Amherst Island (ON-021) and Wapoos Island (ON-143), valid for Canadian Islands Awards can be requested to the following address: John Harden, VE3VGI, 1284 Eldorado Avenue, Oshawa, Ontario, Canada LIK-1G3. This address is also valid to request VE8RAC QSL.

9Q2L & 9X5EE -> It seems there is a little confusion about the address for 9Q2L and 9X5EE operations. The correct address are:

9X5EE via PA3DLM,	9Q2L via PA3DMH,
Tiny Mahoney,	Alex van Hengel,
J. Haydnstraat 17,	Shoener 85,
NL-4536BT Terneuzen,	NL-2991JK Barendrecht,
The Netherlands.	The Netherlands.

9Q2L QSL will be available from July.

ARGENTINA: SPECIAL CALLS -> Sergio, LU1ARL, is the QSL manager for the following stations: LROA, LQ0A, LV0A, LT0A, LQ5C and LR1C. His address is: Sergio Daniel V. Temporini, P.O. Box 454, CP 1000, Buenos Aires, Argentina. Other QSL info about special LU calls are: AY1A via LU4AA, L3HL via LU3HL, L40V via LU1VV, L5P via LU1PAA, and LT0N, LR0N and L37N via LU2NI or to the LU bureau at P.O.Box 97, CP 1000, Buenos Aires, Argentina.

JE1DXC PACIFIC TOUR -> The Pacific trip of Masa, JE1DXC, has logged:
