ITALIAN MOST WANTED LIST
- 1995 -

Many thanks to the about 300 DXers who, answering to our invitation, have sent their most wanted both via Packet and mail and to the "big guns" who, although having all the countries confirmed, have sent us their appreciation, offering useful suggestions for the future.

The list below concerns the 48 most wanted Countries and at the first three places reports, as it was presumible, Heard, Bhutan and Macquarie, respectively needed by 95.2%, 78.5% and 77.8% of the survey's joiners.

It is important to underline that, to not false the chart, we have not counted North Korea and Pratas.

It is rather curious to note that KH4 is still one of the most wanted countries; in fact it is at the fourth place scoring the 75%. This means that three DXers out of four need it and it is at the first place in the Northern Portugal DX Group List [425DXN 239]: the latest activities from Midway have probably been influenced by poor propagation and contacts with Europe suffered from the poor interest by operators in working marginal signals.

Thanks to recent activities of XY1HT and XZ1A, Myanmar (Burma) lost many positions (increasing many DXers' scores). Note also that the uncertainty about the 5A1A and 3V8BB credit may have falsed the reports about Lybia and Tunisia It is particularly interesting that countries with resident operators (as for example Nauru) are most wanted than other countries whose activation needs a DXpedition.
