***** GOOD TO KNOW ... *****

4X9 & 4Z9 ---> These prefixes (followed by a three-letter suffix) are issued to Israeli novice licensees, who are allowed to operate on 40 and 15 metres CW.

BARREN ISLANDS (NA-206) ---> After two years of planning and replanning, Ushagat Island (USI AK-095S), located in the Barren Islands (NA-206), finally became a reality on July 4th thanks to John, NL7TB and Rick, N6IV. Landing on Ushagat was extremely easy on a beautiful day, but then the weather got worse, with rain and strong winds (55 mph up!) blowing from all directions. Often times John and Rick could not hear 5 by 9 signals with headphones on due to the roar of the wind slamming against their tent. Vlad (UR5WCW) at club station UT7WZA, assisted them with taking lists for Europe several times and other operators also helped with lists for North America. NL7TB/KL7 worked 1432 stations on 59 countries in 50 hours of actual operating time. (TNX NL7TB)

HI9/I4LCK ---> Franco's (I4LCK) operations from Cayo Levantado (NA-122) [425DXN 273] logged more than 5,300 QSOs. QSL via Franco Armenghi, Via Jussi 9, 40068 San Lazzaro-BO.

IC8/IZ8AMZ ---> On 21 August IZ8AMZ, IZ8AJV, IZ8AMY and IZ8ALA were active as IC8/IZ8AMZ from Scoglio dei Francesi (IIA NA-020) and from Scoglio Lungo (IIA NA-021). QSL via IK8NBE (Michele Farina, P.O. Box 2, 81020 Valle di Maddaloni-CE, Italy).

ISLAND HOPPER ---> Art, N2AU and Terry, W9J00 are the editors of "Island Hopper" (26 issues per year) - all about IOTA, USI, CISA etc. island operations. Free copy available from Terry, just send him (qrziota@netusal.net) your call and mailing address.

MARKET REEF ---> The recent operations by a group of Finnish amateurs [425DXN 273] logged about 4800 QSOs, which were made during 62 hours with the call OH0MB.

OKDXA 1996 DX BANQUET ---> The annual DX Banquet of the Oklahoma DX Association will take place on Saturday, November 9, at the River Oaks Golf Club (Edmond, OK). Special guests will be Vince Thompson, K5VT (who will present a color slide collage of his most recent DX operations) and Bill Kennamer, K5FUV (who will discuss the DXCC Program of the future). Tickets (\$20 per attendee) are available only by preregistration from Jim Hood, WV5S (Jim Hood, 11623 Smoking Oaks Drive, Oklahoma City, OK 73150, USA). The registration deadline is October 31, 1996. Further information is available on the OKDXA WWW site at <http://www.pcok.com/~n5ogp/okdxa/>

QSL 5N0T ---> Due to a computer crash, Snafu, 5N0T has lost the QSO data for

the period between 20 July and 2 August. He only has the paper logs for the contacts made with extra-European stations.

QSL 9U5CW ---> 9U5CW's QSLs are acceptable for DXCC credit. Bill Kennamer, K5FUV (ARRL DXCC Manager) reports that "some cards were rejected because we received the documentation after the cards were sent to us".

QSL ID9/IK8WTD & ID9/IK8VRQ ---> Angelo, IK8VRQ reports that the direct cards for the operations (18-19 May) from the island of Stromboli (EU-017, IIA ME-016) have all been replied. Bureau cards will be sent out on 1 September.

QSL IS0JMA ---> Roberto, IS0JMA informs that he has replied to all the direct requests he has got so far concerning his operations from Sardinian islands. Due to the huge amount of mail lying at the local Post Office, a few requests are likely to be still waiting to be delivered. Roberto therefore invites to be patient and not to send duplicates. Bureau QSLs will be sent out soon.

QSL LU6Z ---> During the past Antarctic summer two operators of the Grupo Argentino de Radiotelegrafia (Hector, LU6UO and Ernie, LU1ZPF) logged more than 23,000 QSOs from South Orkneys with the call LU6Z. Alberto, LU1DZ reports that the QSL manager (Raul, LU6EF) has sent out about 500 direct and/or bureau cards so far.

QSL ZX7XX ---> Jim, PY7XC reports that the QSLs for ZX7XX's recent operations (SA-046) will be ready within two months.

RSGB INTERNATIONAL HF & IOTA CONVENTION ---> Brochures and booking forms may be requested also from Neville Cheadle, G3NUG (e-mail neville@g3nug.demon.co.uk). The Convention is scheduled for 4-6 October [425DXN 274].

TK5NI/P ---> The station TK5NI/p, who recently stated to be active from some Corsican islands (QSL manager F/HH2HM), must be considered as a pirate. Jean-Michel, F6AJA (RSGB IOTA Country Assistant for France) is in touch with the genuine TK5NI, who does not speak English, operates mostly CW and has never been active from any TK coastal island.

USA/CANADA ISLANDS CONTEST ---> The second edition of this annual competition will take place from 17.00 UTC of Saturday 14 September to 23.00 UTC of Sunday 15 September. There are one category of non-island stations and two categories of stations ("Island Station" and "Island Rover") operating from US and Canadian islands with an USI or CISA reference number.
