- 3A - Manfred, DJ7RJ will be active (CW and SSB on 10-40 metres, possibly 160 and 80 metres as well) as 3A/DJ7RJ from 3 to 13 March. QSL via home call.
- 3Y5 - The DXpedition to Bouvet Island [425DXN 295] is now scheduled for departure Cape Town on board of Afrique du Sud, a 67 meter vessel whose cost will be in the order of USD 100,000. Barry, ZS1FJ and Tony, WA4JQS have been at this project for a long time: a solid 12 day operation on Bouvet will see the team leaving Cape Town on 5 January 1998, with planned return date of 5 February. All team members are expected to contribute, initially by way of bank guarantee and eventually an estimated USD 10,000 into attorney's trust account in tranches as need arises.
- 5N - Franz, 5N0BHF is active from Bonny Island (AF-076/prov) as 5N4BHF. QSL via OE6LAG.
- 9A - Luigino, IK3SSJ will be active from IOTA group EU-136 from 10 to 16 March.
- 9U - 9U5CW and 9U5DX will use the special call 9U5T for all the major contests in 1997. QSL is via F2VX (who has just sent some 5,000 9U5DX cards through the French bureau).
- A3 - DK1CE (Ulmar), DL5UF (Hilde) and DF5WA (Bert) will be active from Tonga until 10 March. They plan to operate (CW and SSB) from IOTA groups OC-049, OC-064 and OC-164.
- A7 - Chris, A71CW will go QRT from Qatar at the end of March.
- BS7H - Tim Totten, N4GN reports that "a multinational team, led by BZ1OK and JA1BK, will set sail from the southern Chinese port city of Guangzhou (a.k.a. Canton) on 28 April, and is expected to commence the one-week operation from Huang Yan Dao [Scarborough Reef, AS-116] on Wednesday, 30 April, using the call sign BS7H. The primary goal of this operation is to provide at least one QSO with as many individual DXers as possible. For this reason, the operators will concentrate on those regions having the most difficult propagation

paths (e.g., the eastern half of the U.S.), giving DXers in every corner of the globe the best possible chance to make it in the log. A secondary goal will be to provide QSOs on additional bands and modes, including 160 through 6 meters, CW, SSB, satellite and RTTY, with as many as four stations simultaneously on the air. Operators for BS7H 1997 include BZ1OK, JA1BK (who will also serve as QSL manager), JA1RJU, N7NG, W6EU (ex-WA6AUE) and W6RGG. The complete operating team, as well as the list of transmit frequencies, will be announced once they have been finalized. BS7H 1997 will also employ an 'operations support network' consisting of several stations throughout the world which will be in constant communication with the operating team from the time of their departure until their safe return. Thanks to the CRSA's [Chinese Radio Sports Association] tireless efforts to promote Amateur Radio within the People's Republic of China and to develop relationships with key agencies, this DXpedition enjoys strong support from the PRC government".

- BV9P - Joe Fitter, BV/N0IAT reports the following: "Had a nice discussion with several of my Taiwanese/Chinese hams during the Chinese Lunar New Years holiday. One of the topics of discussion was the upcoming DXpedition to Pratas Island, one of the newest of DXCC countries. It is with a sad note that I must report that the application to revisit Pratas Island was rejected. Citing military preparedness, the officials rejected the application for a return to the island for DX operations. So, at this time, there is no plan for a return to Pratas Island during the first half of 1997".
- D4 - Didier, 6W/F5OGL and Christian, 6W1QV will try to be active from Cape Verde (AF-005) from 26 February to 4 March.
- DU - DU1IXY, DU3NHK, DU3RAA and JG0HZE/DU1 will be active from 13 to 20 April from Lubang Island (OC-126).
- EA8 - Angel (EA3ALD), Manolo (EA8ZS) and Tony (EA5BY) will participate in the CQ WW DX SSB 160 Meter Contest as EA8ZS.
- FK - Didier, F5PXQ is leaving for New Caledonia, where he will be staying for three years. He will be on the air as soon as possible.
- FS - Operations by FS5PL from Tintamarre Island (NA-199) [425DXN 301] have been delayed one week and are now scheduled from 1 to 3 March.
- FS - Eddie, EA3NY will participate in the ARRL DX SSB Contest (1-2 March) from Saint Martin (Single Operator, all bands).

GUANTANAMO BAY ---> Jan, K4QD has just returned from his second trip to Guantanamo Bay, Cuba as KG4QD. During his trips in October 1996 and February 1997 he made a total of over 4500 QSOs (over 1200 QSOs were with Europe). Bill, KG4GC and Jan travelled together; they used Bill's call for the September 1996 CQ WW RTTY and February 1997 WPX RTTY contests (in these efforts they made over 2500 RTTY contacts and Bill made about 1000 additional contacts).
