*** Most Wanted in Italy ***
=====

We apologize for the delay in publishing this annual survey - the last announced submissions arrived just a couple of days ago. This listing has been compiled thanks to 288 Italian DXers who have submitted their Most Wanted lists. RTTY desiderata have been merged into one single listing together with CW and SSB, and that is the reason why some RTTY Most Wanted Countries/Entities (such as A3, 5W, EP, JD1 Minami Torishima, PY0 Trindade, V6, ZK1 North and South Cooks, etc) are not mentioned. The "needed by" percentage ranges from the obvious 100% of North Korea to the 18.1% of East Kiribati. Heard Island, which ranked third in last years' survey, has disappeared from the listing after VK0IR's tremendous effort. Hopefully in 1999 four of the current Most Wanted will move near the bottom (at least): Kingman Reef, Howland and Palmyra (which are needed respectively by the 78.1%, 51.4% and 29.9% of the partecipants in the survey) are going to be activated by the SSIDXG & MKDXF joint DXpedition between February and March, while the USKA major DXpedition to St. Brandon (needed by the 59.7%) is scheduled to take place in May (see 425DXN 351 for the details).
Good luck to you all!

***** GOOD TO KNOW ... *****

1A0KM --> With reference to an amateur radio activity which has been recently rumoured to take place from SMOM, Francesco Valsecchi, IK0FVC (QSL manager for 1A0KM) reports that the SMOM authorities "have declared themselves to be in the dark about it. Any future activity from SMOM", Francesco states, "will be announced well in advance, with the full list of operators and in compliance with the Order's strict and selective rules":

9MOC PROPAGATION PREDICTIONS ---> Please note: AF = Africa; Am = Americas (ENA, WNA and SA); E/A = All of Europe AND Africa; ENA = Eastern North America; EU = Europe (all); EU(E) = Europe (Eastern only); JA = Japan; LP = Long Path; NA = North America (east AND west); Pac = Pacific rim (VK and JA); SA = South America; VK = Australia; WNA = Western North America.

ALASKA QSL BUREAU ---> Frank Hurlbut, KL7FH reports that the Alaska QSL Bureau has changed address. The new address is: Alaska QSL Bureau, Box 520343, Big Lake, Alaska 99652, USA.

DXPEDITION GROUP ---> Bill Gallier, W4WX is interested in forming a "Space "A" DXpedition Group": "Members would be from all over the world", Bill says. "Only requirements would be [a] retired military with space available privileges, [b] have email address. The group would communicate via email an organize at least one DXpedition a year. There are many places available to visit via military air. Give me your thoughts and ideas". Bill's e-mail address is w4wx@bellsouth.net

EXPO 98 AWARD ---> The Portuguese national society (REP) sponsors the Expo 98 Award for contacts made with CT98, CS98, CQ98 and CU98 stations [425DXN 347], including the special event stations CT98REP and CT98EXPO. For further information please contact the REP Award/Contest Manager, Apartado 2483, 1112 Lisboa Codex, Portugal.

QSL K7K & K4M ---> Frank Smith, AH0W reports that the QSL cards for the recent K7K (Kure) and K4M (Midway) operations have been received from the printers and are being sent out. "Please give us a few weeks at least to get this chore done before sending inquiries", Frank says. QSL via KE7LZ (Bob Johnson, 5627 West Hearn Road, Glendale, Arizona 85306-4213, USA).

QSL TT8SA ---> The QSL manager for this station is IV3VBM, whose *new* address is: Mario Simonutti, Via Oltrerugo 127, 33091 Castelnuovo - PN, Italy.

QSL VK9LX ---> Nick, VK2ICV reports that the first lot of about 700 cards is in the mail. So far he has received more than 2000 direct requests for his and K8RF's activity from Lord Howe as VK9LX (23 November - 1 December 1997), and it would probably take another 3-4 weeks to answer them all. QSL via VK2ICV (Nick Hacko, P.O.Box 730, Parramatta NSW 2124, Australia).

QSL VIA AC7DX ---> Ron Lago, AC7DX reports he will *no longer* handle the QSL chores of 9K2QQ and UA3CT. QSL for both direct to CBA.

QSL VIA TI2YO ---> Minor, TI2YO can confirm contacts made with TE2M, YN0TI, HT7YO and TI9YO. His new address is Minor, P.O. Box 41-1300, Hatillo, San

Jose, Costa Rica.

SPRATLY ISLANDS ---> Ray, G3NOM reports that the the Malaysian Amateur Radio Transmitters Society (MARTS) has formally applied to the authorities to allocate a separate prefix to the this group, i.e. 9M7 (for HF and VHF licence) and 9W7 (for VHF only licence). It could take a considerable time before we know whether the proposal is accepted by the authorities. In the meantime, 9M0C [425DXN 351] may be your last chance to work one of the romantic, legendary 9M0 Spratly prefixes!

VK4RC ---> The Redcliffe and Districts Radio Club services the needs of amateur radio and shorth wave listening enthusiasts in the city of Redcliffe, Queensland and surrounding area. Membership is open to amateurs and SWLs from around the world. The club station VK4RC can be contacted every Sunday at 08.30 UTC on 14.205 MHz +/- QRM during the Australian summer (December, January and February) and on 3.612 MHz +/-QRM every Sunday at 09.30 UTC all year through. The Radio Club sponsors the "Redcliffe City Award" and the "Rally Australia Award". Further information is available at <http://www.st.net.au/~vk4vw./rdrc/> or from Kevin, VK4AKI (c/o Redcliffe and Districts Radio Club Inc., P.O. Box 20, Woody Point, QLD 4019, Australia).

VK9YQS ---> The station who recently signed VK9YQS (Macquarie) on 40 metres CW is believed to be a pirate. Jim, VK1FF states that "VK three-letter callsign suffixes YAA-YZZ are allocated to Australian LIMITED Licensees who are permitted to transmit only on designated frequencies above 50 MHz, except for 29.0-29.7 MHz on FM telephony". The genuine Doug, VK0YQS is actually on Macquarie [425DXN 349], but he is only operating on 6 metres at this stage.

+ SILENT KEY + It was with great sadness that we have learnt of the passing, on 19 January, of Eric Edberg, W6DU (a past President and Secretary of both California DX Foundation and NCDXF) and, on 24 January, of Valery "Larry" Saldin, RA4HA, for many years a familiar voice on 14.175 MHz.

DL8AAM reports that some conversion problems may occur with the special characters: <"> is a letter <o> (Oscar) with a stroke (like a crossed Zero); <'> is a letter <ae> (Alpha and Echo written together); a "cross" is <aa>, that is a letter <a> with a point on the top.
