Plans are for up to nine fully equipped HF stations to operate from a number of locations throughout the island. One station will be dedicated to RTTY only. The DXpeditioners are Frank Smith (AH0W/OH2LVG, team leader), Bruce Butler (W6OSP), Kimo Chun (KH7U), Jari Jussila (OH2BU), Victor Keller (XE1VIC), Jacky Mandary (3B8CF), Garry Shapiro (NI6T), Yuuji Yoshitani (JA3IG/K1NT) and Ned Stearns (AA7A) Chief pilot stations will be Andy Chesnokov, UA3AB and Gary McClellan, K7ZD. - 9N - Sergio Curina, IZ6BRN is currently active as AP2WAP from Pakistan. From time to time he will go to Mirmi, near Pakhara (omee 100 kilometres west of Kathmandu), Nepal and has already received his licence. A web site and a log search are expected to be available after the operation. QSL via OH2BN. They have been concentrating on 21295, 14195, 7005 and 3795 kHz, but once the pileups show signs of thinning out on these frequencies, they will begin to operate more on other bands/modes. E44DX will NOT participate in the ARRL DX CW Contest. Instead, during openings to North America, they will focus on SSB on the traditional bands (particularly on 14 and 21 MHz) and CW on 10, 18 and 24 MHz. Plans were to hit the bands on the 15th [425DXN 406], the delay was due to the need of working out some logistical issues. The call sign has been assigned to the newly formed Palestinian Amateur Wireless Society by the Palestinian Ministry of Posts and Telecommunications (MPT) and the DXpedition is being carried out in cooperation with Ali, E44A and Sami, E44B. There are two stations running at the Palestine Hotel, power has been limited to 400 W or less, due to interference with the hotel's telephone system. Arrangements are being made to leave behind equipment for the new society's club station, assuring continued amateur radio activity from Palestine. [TNX N4GN]

E4 - Seven members of IARV (International Amateur Radio Volunteers) led by JA1UT are returning to Palestine to complete their aid project for a hospital telecommunications facility. In their spare time, mainly in the local evenings, they plan to be active as E44MPT (Ministry of Post and Telecommunications) on 80-10 metres (WARC included) using CW and SSB, but Toshi, JA8RUZ and Hiro, JP1TRJ will try to operate for longer periods. They expect to be QRV by this weekend (20-21 February) and to be active until the end of the month. QSL via JA1UT. [TNX JA8RUZ]

>>> DXCC STATUS OF 9U BURUNDI CONTACTS <<<

The following DXCC News Release, dated 18 February, comes from Bill Moore, NC1L (bmoore@arrl.org):

"Over the years since 1994, the DXCC Desk has received several pieces of documentation for operations from 9U, Burundi. This documentation was accompanied by license copies, complete with stamps and signatures. However, the DXCC Desk had heard rumors that these documents were in fact forgeries, and not authentic documents. Due to the fact that the operators were still inside the country, and that we did not want to take action that could possibly cause them physical harm, and we knew we would be able to purge these contacts from DXCC records if this was found to be true, cards were accepted until we had the opportunity to investigate after the operators left the country.

This situation came to a head earlier than we expected. The Director General of ONATEL, the communications authorities in Burundi, contacted us by fax inquiring as to whether we had seen licenses from Burundi. After several faxes back and forth, they informed us that the licenses were forgeries. The signature on the documents was that of an official who had not been in that position for some time. The operators were saved from any real punishment other than being expelled from the country, and the entire incident is under investigation by their employer.

Since that time, the DXCC Desk has been rejecting cards for those operations concerned. As soon as it is possible for the DXCC computer program to do so, all contacts from those operations will be purged from the DXCC database. We expect that will happen before March, 1999. This affects all operations since

1994 using a 9U prefix.

The submission of forged documentation is a clear violation of DXCC Section 1, Basic Rule 7, and also Rule 12 (a)."

MOST WANTED ---> According to the Most Wanted List compiled by the Northern Portugal DX Group, the top ten DXCC entities most sought for by Portuguese DXers are North Korea, Bouvet Island, Central Kiribati, MacQuarie Island, Buthan, Johnston Island, Kingman Reef, Andaman & Nicobar, Tokelau and Annobon. The full list can be provided by Jose, CT1EEB (ctleeb@mail.telepac.pt).

QSL E30GA ---> The cards have just arrived from the printer and QSL manager K4JDJ will start sending them out by this weekend. "The printer did make a mistake on the cards and printed them backwards", Bruce (WD4NGB, E30GA team leader) says, "but due to the time already spent, decided to go with these."

QSL EJ7NET ---> All the contacts made by the WestNet and Saltee Dogs DX Groups during their 1998 trip to EU-103 have been confirmed by Tony, EI2GX either direct or through the bureau. [TNX EI6FR]

QSL TU5IJ ---> Marco, IK2CHZ and Aldo, I2AOX logged 4662 QSOs on 10-160 metres SS, CW and RTTY during their 12-23 January activity as TU5IJ from Ivory Coast. They operated from the QTH of Father Martino Bonazzetti (TU5IJ). QSL direct only to I2AOX. [TNX IK2CHZ]

QSL ZS6IR ---> "I apologize to everybody who sent a direct QSL request to my manager DL4EBA between 1 July 1998 and 28 August 1998", Uli, ZS6IR says. "To give my manager some relief I wanted to answer the direct QSLs myself. So I asked him to send the QSLs to my homeaddress. Unfortunately this package disappeared on the postal way, to everybody's distress. I would happily respond to all QSL requests if I could get hold of another QSL card from these stations which are still waiting. Please accept my regrets and send your cards." [TNX K1XN and The Golist]

QSL VIA IK2DUW ---> Antonello, IK2DUW reports he has received the logs for 6K0ZS (Pohang CW Club) and Jang, DS5WKW. QSL to Antonello Passarella, P.O. Box 22, 20051 Limbiate - MI, Italy (<http://www.qsl.net/ik2duw>)

QSL VIA PA3AXU ---> Direct cards for A35XU and 5W0GD should be sent to the following address: G.A.M.C. Dijkers, Dokter P.A. Cornethof 3, 6669AZ Dodewaard, The Netherlands. [TNX PA3AXU]

+ SILENT KEY + Adrian Sinitaru, YO3APJ reports the sudden passing, on 7 February at 58 years of age, of Andrei George "Andy" Giurgea, YO3AC. Andy was and active DXer on both SSB and CW and a member of the board of the YO national society.
