CEPT & IARP ---> The following is taken from the ARRL Bulletin 38, 8 June 1999: "The FCC has implemented the European Conference of Postal and Telecommunications Administrations (CEPT) Recommendation T/R 61-01 that eliminates the need to obtain a special license or permit for US hams wishing to operate during brief visits to most European countries. In addition, the ARRL has begun issuing International Amateur Radio Permits to simplify operation by US hams in certain South American countries. Complete information on CEPT and IARP operation, including an IARP application form and a copy of the FCC Public Notice on CEPT, is available at <http://www.arrl.org/field/regulations/io/>"

DX CONVENTION ---> The 1999 PACIFIC NORTHWEST DX CONVENTION is sponsored by the Willamette Valley DX Club and will be held in Clackmas, OR between 30 July and 1 August. P.O. Box may not be the best route". Try with his home address: Abdollah Sadjadian, 36, Hayamanesh, Dabestan St., Resalat Highway 16316, Tehran, Iran.

QSL MU2K ---> The Guernsey Amateur Radio Society (GARS) used this special contest call in this year's WPX CW Contest. The call was used by GUs together with a group of ONs (also members of GARS) and QSL is either to GU3HFN or, preferably, to ON4ON. [TNX GU0SUP]

QSL PX8DX ---> Cards for this station, operated by PY8AZT during the recent WPX CW, should be sent to either P.O.Box 71, Belem-PA, 66000-970, Brazil or via PY8AA. [TNX PY8AZT]

QSL XV300S ---> The following comes from Rob, KD7H: "Steve, K2WE has been given, over the air, as the QSL manager for XV300S (Vietnamese operator). Unfortunately, according to Steve, when he was in Vietnam recently, he could not find the XV300S logs and no one knew where they were. He has received about 300 requests for cards, but, at the present time, can do nothing about it. Again, this was for the previous XV300S operation with a local operator".

QSL YU ---> Contrary to what reported in 425DXN #421 (the information came from YZ7ED), Igor, YT1MM states that "the YU QSL bureau is alive and working (it is operated by Petar, YT1WW), and Yugoslav post office works properly, as letters for all countries in the world are regularly accepted, despite the present circumstances (and the letters DO arrive to their destinations, like Canada, UK, Japan etc.). My radio club (YU1EXY) receives LOT of mail, so I have first-hand proof for my statements. On the other hand, it is a well known fact that a number of countries (like USA, Great Britain and Germany, for example) simply suspended accepting any kind of mail destined for Yugoslavia since early April. Some other countries, like Japan or Hungary accept letters for Yugoslavia and such mail regularly arrives, albeit with a slight delay." [TNX YT1MM]

SWL-DX ---> This mailing list is managed and moderated by Al, PY2ZX (jba@dglnet.com.br) and it is specifically devoted to SWLs who enjoy DX. In order to subscribe, send a message to swl-dx-subscribe@egroups.com and leave the "subject" and the body of the message in blank. [TNX PY2ZX]

+ SILENT KEYS + Both Dick McKercher, WOMLY and Iris Hayes, ZS2AA passed away on 31 May. A top DXer and an IOTA enthusiast, Dick operated from several African countries in the 50s and 60s, while 96-year-old Iris Hayes was the first YL amateur radio operator in South Africa in 1937.
