<<< MACAU >>>

Will Macau remain on the DXCC list? Read the following analysis coming from Bernie McClenny, W3UR, Editor of The Daily DX (<http://www.dailydx.com>): "December 20th marks the return of Macao back to China. In order for Macao to remain on the DXCC list it must meet one of the following criteria. One, be a member of the United Nations (UN), it currently is not. Two, have an International Amateur Radio Union (IARU) society, it currently does not. Three, have it's own Call Sign Prefix block issued by the International Telecommunications Union (ITU), it does not have this currently as the XX prefix block belongs to Portugal. From all readings it appears that China plans to have Macao set up as a Special Administrative Region (SAR) like Hong Kong, which was handed over to China by the British in the summer of 1997. Hong Kong meets two of the requirements to be on the DXCC list. It has its own IARU society and its own Call Sign Prefix block. So it appears the only way at this point in time for Macao to remain on the ARRL DXCC list will be for China to assign Macao it's own prefix block which would need to appear on the ITU web page at <http://www.itu.int/radioclub/rr/aps42.htm>".

4X2K AWARD ---> The 4X2K Award is for contacting stations operating from the Holyland and from seven major historical sites (namely Bethlehem, Nazareth, Jerusalem, Tiberias & the Sea of Galilee, Galilee, Samaria, Judea) between 1 January and 31 December 2000. For full details please contact Yoram Gottesman, 4Z1GY (high_test@ibm.net). [TNX 4Z1GY]

A61AJ ---> The main part of the most recent operation (by A61AJ, K1ZM, K3RA, KE3Q, N6ZZ, PA4AO/T94S, T93M, T93Y, T97M, W0UN and W3UR) took place on 22-30 November, but T97M stayed until 7 December and was active, with a total of 30306 QSOs (CW 23818, SSB 6201, RTTY 287). The on-line log search will be updated by the end of the week (http://www.dailydx.com/a61aj_search.html). QSL via W3UR either direct (Bernie McClenny, 3025 Hobbs Road, Glenwood, MD 21738) or through the bureau: direct cards will start to go out after the holidays, while bureau cards will be mailed out in the summer of 2000. The home page for A61AJ is at <http://www.a61aj.com> [TNX W3UR]

BT2000 ---> Zheng, BA4EG reports the QSL route given in 425DXN #449 is not correct. Cards for this special Millennium station, which will be operating from AS-137 between 25 December and 2 January), should be sent to BA4EG (ex-BD4EG) at P.O. Box 122-001, Shanghai 200122, China. For further information please visit <http://www.qsl.net/ba4eg>

CAYO SABINAL ---> Please refer to 425 DX News #445 and #448. The following has been received from Oscar Morales, CO2OJ (General Secretary, Federacion de Radioaficionados de Cuba): "The information about an operation to Cayo Sabinal for the IOTA Program was unauthorized and wrong. The organizers of the DXpedition knew nothing about the note that was sent to you. The person who sent the information was not member of the station. The FRC and the Cuban DX Group know perfectly that Sabinal does not apply for the IOTA Program and it was never part of the operation objectives".

DX CONVENTION ---> The Pacific Northwest DX Convention (DX2000) will be held in Vancouver on 28-30 July. Details are available at <http://www.bcdxc.org> [TNX VE7VR]

FOO ---> Andre, F6AOI/FO0AOI (SSB) and Serge, F6AUS/FO0SOU (CW) made some 12,000 QSOs during their recent operation. They were active from Marquesas (OC-027) on 4-14 November (8295 QSOs), Raiatea (OC-067) on 15-19 (1934 QSOs), Bora Bora (OC-067) on 20-21 (1140 QSOs) and Tahiti (OC-046) on 22 November (621 QSOs). QSL via home calls. [TNX F6AJA]

GERMAN ISLANDS ---> If you are still looking for one or more German IOTA islands, you can participate in DL2VFR's survey at <http://www.iota-post.de>

OH3AC ---> A special award celebrating the 70th anniversary of OH3AC will be available in 2000. For further information please visit <http://www.softavenue.fi/oh3ac> or e-mail oh3-911@sral.fi [TNX OH3-911]

PIRATE ---> According to an official notice sent out by Pete deVolpi, KC3TL, the York County ARC (KY3ORK) and the PA DX Association, "it is a matter of record that Alex Oosterloo, PD0SES holds a Novice call" which does not allow him to operate on HF. He also signed PA/SV0SS and SV0SS from his home QTH at Huizen, The Netherlands. Since he "has used the PA DX Association for his QSL management fraudulently, the PA DX Association and the York County ARC are nullifying all cards issued by them for contact with PD0SES, PA/SV0SS, and SV0SS". [TNX KC3TL and The Daily DX]

QSL 5R8FL ---> Phil, DS1GQS is receiving several QSLs for 5R8FL, apparently because one of the information sources (<http://www.buck.com/>) lists his home address in Seoul instead of F5TBA's one in France. Phil is returning these requests to sender at his own expenses. Please note that F5TBA's correct address is Joel Champeaux, 372 rue Robert Le Coq, 80000 Amiens, France.

QSL J590FM ---> The new QSL manager is IZ3BIY: Lodovico Gottardi, Via Colonne 13, 30022 Ceggia - VE, Italy [TNX IZ3BIY]

QSL ZL9CI ---> QSL manager Ken Holdom, ZL2HU reports that all QSLing for the January 1999 DXpedition to Campbell Island is up to date with both direct and bureau requests. As at 10 December a total of 12,680 envelopes have been received which contained QSL cards for 50,155 individual QSOs. In addition to the above 4,089 QSOs have been responded to via the bureau.

XU7AAV ---> Andy, G4ZVJ reports he made some 18000 CW QSOs (3825 during the CQ WW CW Contest) on all bands as XU7AAV between 21 November and 5 December. QSL via G4ZVJ (Andy Chadwick, 5 Thorpe Chase, Ripon, HG4 1UA U.K.). Andy's web site is at <http://www.g4zvj.demon.co.uk/xu.htm>
