>>> 425DXN MAILING LIST <<<

If you are not receiving 425 DX News through [425ENG] any longer and are reading this on one of the various reflectors, please note that we still have problems with the mailing list. It is up and running, but apparently a few of the many hundreds of subscriptions have dropped off.

For the time being, while we are trying to sort the problem out, please visit <http://list.425dxn.org> and click first "425.eng" and then on either "200012" or "200101" to see the list of the messages (425DXN bulletins, IOTA Notices etc) sent to the mailing list in December 2000 or January 2001 respectively. Then click on the appropriate button on the left (for instance "20010116000202" to read 425 DX News #506).

QSL 5R8FL ---> There was a mistyping in 425DXN #506: John, SM5DJZ is the QSL manager for 5R8FU, *not* for 5R8FL. According to our sources, cards for 5R8FL

should be addressed to P.O. Box 5005, Tananarive, Madagascar.

QSL FR/F6KDF/T ---> Gil, F5NOD reports that some 8000 QSLs (for Europe, North America, South America, Asia and Oceania) were mailed on 19 January. There are still 2000 cards that will be sent in early February, so do not send second requests for the time being.

QSL VU2HFR ---> Horey, the QSL manager for all of the operators who were active from Sagar Island last week, reminds DXers not to send green stamps (2 IRCs are all right). His address is: Nilanjan Majumdar, 9 Mandeville Gardens, Apt 5F, P.O. Ballygunge, Calcutta 700 019, India. Those who are concerned about the IOTA status of this operation can relax, as Horey is in touch with the IOTA Manager and expects to send the validation material as soon as possible.

HAPPY BIRTHDAY to the French DX bulletin "Les Nouvelles DX", whose issue #1 was published twenty years ago, on 15 January 2001. Congratulations and thanks to the staff at LNDX: Jacky/F6BBJ, Dominique/F5HVQ, Yves/F6CYV and Jean-Michel/F6AJA.

+ SILENT KEY + Harry L. Booth, Z26JP has been a Silent Key since 16 June 2000 and his daughter asks DXers not to send QSL cards any longer. [TNX DL2KUW]
