CE0XT ---> The team regrets to report that due to circumstances beyond their control regarding the boat transportation from Valparaiso to San Ambrosio, the CE0XT DXpedition has been canceled. [TNX K6GNX]

D68C ---> Operation began at 21 UTC on 8 February and 106 hours later there were some 61,500 QSOs in the log. The 90,000th QSO was made at 20.01 UTC on 15 February. Extra team members arrived on the 13th, which makes the team up to 25 operators. Up-to-date information and logs are available at <http://www.dxbands.com/comoros/> QSL via G3SWH (Phil Whitchurch, 21 Dickensons Grove, Congresbury, Bristol BS49 5HQ, England). [TNX G3NOM]

ILLW ---> The International Lighthouse/Lightship Weekend will take place from 0001 UTC on Saturday 18 August unutil 2359 UTC on Sunday 19 August 2001. Last year over 200 stations were QRV from lighthouses, lihtships and maritime beacons. [TNX GM4SUC]

PW0S ---> The team arrived to St. Peter and St. Paul Rocks around 13 UTC on Friday, 9 February, but rough seas prevented them from landing. A new attempt took place at 12 UTC on Monday and they finally became active around 19.30 UTC. While on the rocks they also experienced severe weather conditions and a generator and a computer were damaged during a thunderstorm. PW0S went QRT on 16 February. QSL via KU9C (Steve Wheatley, P.O. Box 5953, Parsippany, NJ 07054-6953, USA).

QSL 4020S ---> QSL cards for this special station, celebrating the 20th anniversary of "SOKO" ARC in Sokobanja, should be sent direct to YU1ASB (P.O.

Box 86, 18230 Sokobanja, Yugoslavia). [TNX YU1AS]

QSL VK9LX/9 ---> Cards should be sent to Nick, VK2ICV (not VK2ICK as reported in 425DXN 510). Thanks to Zlatko, 9A3MN for detecting the typo.

QSL VK0LD ---> Do not send cards for VK0LD to Alan, VK4AAR, as he does not have the logs. QSL for VK0LD is at <http://www.eQSL.cc/gslcard> only [TNX VK4AAR]

QSL VK0MM ---> When sending your request to VK4AAR, please remember to include a SAE, but do not stick Australian stamps on it (Australia Post is now issuing new "International Only" stamps and the older "standard" Australian stamps are no longer valid). Also please use US\$ or A\$ and do not send foreign currency, as the bank charges involved in the exchange are considerable. IRCs must be franked at the originating office and must be less than one year old to be accepted by Australia Post. [TNX VK4AAR]

QSL VP8CSA ---> Dieter, DL1SDN reports the cards have been printed, but he still has problems in getting the logs from Mark, VP8CSA. "He promised me to send the logs in February or March", Dieter says - for the time being, please be patient and do not send second cards.

WAZ ---> Jim, K1MEM has been Silent Key for over a year now, yet WAZ applications continue to arrive at his QTH nearly every week. Please note that all WAZ applications and other correspondence should be sent to the current CQ WAZ Awards Manager, K5RT (Paul Blumhardt, 2805 Toler Rd, Rowlett, TX 75089, USA). The CQ web site is at <http://www.cq-amateur-radio.com>

YK9A ---> The group made over 27,000 QSOs during 7 days of operating time. Final statistics will be available on the web site (['01.htm](http://www.qsl.net/k7ar/yk9a)) by the end of the month. QSL via K9LA (k9la@gte.net): Carl Luetzelschwab, 1227 Pion Road, Fort Wayne, IN 46845, USA.
